JUDGMENT

BAILIFF: Foster, we are satisfied you need help but you have got to profit from it. You have already had one opportunity given to you by this Court. You are on probation already. But under the circumstances and in view of the probation report and the Psychiatric report we are going to place you on probation for two years, to live and work as directed by the probation officers, to be of good behaviour during that time, to come up for sentence if so required and one of the conditions is that you will attend as an out-patient at the psychiatric Clinic and attend such courses as Dr. Faiz or any of the other psychiatric doctors order. This includes, but not exclusively, attending a special training skills programme, as and when needed.

I want it to be understood that if during the course of this probation, you molest young women in the way you have being doing, you will certainly go to prison.

No authorities.
