
STATUTORY RULES OF NORTHERN IRELAND

2015 No. 406

CLEAN AIR

**The Smoke Control Areas (Exempted Fireplaces)
(Amendment No.2) Regulations (Northern Ireland) 2015**

Made - - - - 9th December 2015

Coming into operation 31st January 2016

The Department of the Environment makes the following Regulations in exercise of the powers conferred by Article 17(7) of the Clean Air (Northern Ireland) Order 1981⁽¹⁾.

The Department is satisfied that the classes of fireplace set out in column 1 of the Schedule can, subject to the conditions set out in column 2 of the Schedule, be used for burning fuel other than authorised fuels⁽²⁾ without producing any smoke or a substantial quantity of smoke.

Citation commencement and interpretation

1.—(1) These Regulations may be cited as the Smoke Control Areas (Exempted Fireplaces) (Amendment No.2) Regulations (Northern Ireland) 2015 and come into operation on 31st January 2016.

(2) In these Regulations, “the Principal Regulations” mean the Smoke Control Areas (Exempted Fireplaces) (No.2) Regulations (Northern Ireland) 2013⁽³⁾.

Amendments to the Principal Regulations

2.—(1) The Schedule to the Principal Regulations is amended in accordance with paragraphs (2) to (5).

(2) The classes of fireplace described in the first column under the heading “(1) Class of fireplace” beginning with the words—

- (a) “Rais Juno”;
- (b) “RAIS VIVA 98”;
- (c) “Sherborne SE NS-3C, Chesham SE NS-3B, Burford SE NS-3A”;
- (d) “Vista Magnifico SE NS-1 and Vista Perfetto SE NS-2”;

(1) [S.I. 1981/158 \(N.I. 4\)](#), to which there are amendments not relevant to these Regulations.

(2) Fuels declared by the Department of the Environment to be authorised fuels for the purposes of Article 2(2) of the Clean Air (Northern Ireland) Order 1981 are specified in [S.R. 2013 No. 205](#), as amended by [S.R. 2014 No. 249](#).

(3) [S.R. 2013 No. 292](#), as amended by [S.R. 2014 No. 166](#), [S.R. 2014 No. 294](#) and [S.R. 2015 No. 274](#).

and the respective conditions set out in the second column under the heading “(2) Conditions” are omitted.

(3) In the class of fireplace described in the first column under the heading “(1) Class of fireplace” beginning with the word—

“Senza”,

for the words “Senza UK w/o sideglass and Senza UK w/ sideglass”, substitute the words “Senza UK with sideglass and Senza UK without sideglass”.

(4) In the classes of fireplace described in the first column under the heading “(1) Class of fireplace” beginning with the words—

- (a) “Newbourne 40 and Newbourne 50 Freestanding stoves”;
- (b) “Newbourne 40 inset stove”;
- (c) “Pevex 60 convector stove”;
- (d) “Pevex Bohemia X 30, X 40, X 40 Cube, X 50 and X 60 multi-fuel stoves”;
- (e) “Pevex Bohemia X 40 Inset multi-fuel appliance”;
- (f) “Pevex Serenity 40D inset multi-fuel appliance”;
- (g) “Serenity 40 FS, Serenity 40 LS, Serenity 40 FW stoves”;
- (h) “Serenity 50FS, Serenity 50LS, Serenity 50FW and Serenity 50 Ped stoves”; and
- (i) “Serenity 50 Inset stove”,

for each time that they appear, for the address of the manufacturer (“Pevex Enterprises Ltd”), substitute “Unit MP7, Kirrawah Business Park, Newbourne Road, Nr Woodbridge, IP12 4PR”.

(5) At the appropriate places in the Schedule, insert the classes of fireplace and the respective conditions set out in the Schedule to these Regulations.

Sealed with the Official Seal of the Department of the Environment on 9th December 2015.

Dave Foster
A senior officer of the
Department of the Environment

SCHEDULE

Regulation 2

<i>(1) Class of fireplace</i>	<i>(2) Conditions</i>	
	<p><i>The fireplace must be installed, maintained and operated in accordance with the following specifications:</i></p> <p><i>Permitted fuels (other than authorised fuels):</i></p>	
<p>Aarrow ECB5 Plus SC 5kW and ECB7 Plus SC 7kW wood-burning stoves manufactured by Arada Limited, The Fireworks, Weycroft Avenue, Axminster, Devon, EX13 5HU.</p>	<p>Operation & Installation manual dated July 2015 reference “ECB Plus SC Rev 06”.</p> <p>Wood logs. The fuel must not contain halogenated organic compounds or heavy metals as a result of treatment with wood-preservatives or coatings.</p>	
<p>Aduro 16 5kW wood-burning stove manufactured by Aduro AS, Beringvej 17, DK-8361, Hasselager, Denmark.</p>	<p>Instruction manual dated July 2015 and reference “Version 1 – 2015.07”.</p> <p>The appliance must be fitted with a permanent stop to prevent closure of the secondary air slider beyond the 67% open position.</p> <p>Wood logs. The fuel must not contain halogenated organic compounds or heavy metals as a result of treatment with wood-preservatives or coatings.</p>	
<p>Andalo 2, Lovero 2, Solaro 2 6.7 kW multifuel stoves manufactured by Drooff Kaminöfen GmbH & Co. KG, Keffelker Str. 40, D-59929 Brilon, Germany.</p>	<p>Instructions manual reference “Instructions: Installation, Operation, Function, Maintenance” and technical information dated July 2015 reference “Andalo 2-Lovero 2-Solaro 2, technical data” version SDK/0715.</p> <p>The appliance must be fitted with a mechanical stop to prevent closure of the air control beyond the 50% open position.</p> <p>Wood logs. The fuel must not contain halogenated organic compounds or heavy metals as a result of treatment with wood-preservatives or coatings.</p>	

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

<i>(1) Class of fireplace</i>	<i>(2) Conditions</i>	
	<i>The fireplace must be installed, maintained and operated in accordance with the following specifications:</i>	<i>Permitted fuels (other than authorised fuels):</i>
<p>Andorra model F9489,</p> <p>Sevilla model F9489 V,</p> <p>Delia model F9489 A,</p> <p>Cadiz model F9489 C,</p> <p>Rodano model F9489 P,</p> <p>Atika model F9489 D,</p> <p>Zion Keramik model F9489 K, Zion Serpentino model F9489 F,</p> <p>Andorra Exclusive model F9489 O and</p> <p>Toledo model F9489 I 5kW multifuel stoves manufactured by THORMA Vyroba k.s., Šavol'ská cesta 323/1, 986 01, Fil'akovo-Priemysel'ny' obvod, Slovakia.</p>	<p>Installation and Operation Manual dated 27th July 2015 reference "ANDORRA – Version A".</p> <p>The appliance must be fitted with a modified air regulator which has a permanent opening of 620mm² when in the fully closed position.</p>	<p>Wood logs. The fuel must not contain halogenated organic compounds or heavy metals as a result of treatment with wood-preservatives or coatings.</p>

EXPLANATORY NOTE

(This note is not part of the Regulations)

The Smoke Control Areas (Exempted Fireplaces) (No.2) Regulations (Northern Ireland) 2013 (“the 2013 Regulations”) specify those fireplaces exempted from the provisions of Article 17(7) of the Clean Air (Northern Ireland) Order 1981 (“the 1981 Order”).

Article 17 of the 1981 Order generally prohibits the emission of smoke from chimneys in smoke control areas. However, under paragraph 7 of Article 17 of the 1981 Order, the Department of the Environment may exempt certain classes of fireplaces from the provisions of Article 17 of the 1981 Order, if it is satisfied that they can be used for burning fuel other than authorised fuels, without producing any smoke, or a substantial quantity of smoke.

These Regulations amend the 2013 Regulations to include a number of additional fireplaces to the Schedule that have been tested and found to be suitable for use in smoke control areas. There are also amendments to the details of some existing fireplaces.
