J U D G M E N T

1 MR JUSTICE MITTING: I grant the application to add
2 one hour to the non-curfew hours during British summer
3 time. I do so because this appellant's litigation is
4 unlikely to conclude in the near future, because there are
5 signs which I wish to encourage of a radical change in
6 attitude by him, and by this means I propose to reward
7 trustworthy behaviour by him, and to encourage what I have
8 every reason to believe is a genuine change in attitude,
9 even though of course I must always bear in mind that it
10 might not be genuine. For the time being I am prepared to
11 believe that it is; I think it is more likely than not
12 that it is.

13 Any applications relating to GMT should be made 28
14 days before GMT starts. This only lasts until the onset
15 of GMT.
