**Determination and reasons - withdrawal**

1. The appellant sought leave to withdraw her appeal against the decision of the First-tier Tribunal dismissing her appeal against the refusal to grant her entry clearance as the dependant of her son permission to appeal having been granted on 21<sup>st</sup> August 2014.
2. There was no objection from the respondent and I consent to withdrawal of the appellant's case pursuant to Rule 17(2).
3. The consequence of this is that, there being no challenge remaining to the decision of the First-tier Tribunal, the appeal before the Upper Tribunal is dismissed so that the determination and decision of First-tier Tribunal Judge Saunders remains undisturbed.
