

EMPLOYMENT TRIBUNALS

Claimant: Festus Olatoye

Respondent: University Schools Trust

JUDGMENT

The claimant's application dated **13 December 2022** for reconsideration of the judgment sent to the parties on 09 December 2022 is refused.

REASONS

There is no reasonable prospect of the original decision to dismiss the claim for wrongful dismissal on withdrawal by the claimant being varied or revoked. In his application for reconsideration the claimant has set out that he was distracted during the hearing because of his personal circumstances. These were taken into account and the claimant was provided with a long break.

The position was clearly explained to the claimant at the time. It was noted that his claim form had included a claim for failure to pay notice period and he clearly confirmed that this was withdrawn.
