JUDGMENT

(Rule 21 of the Rules of Procedure)

No response having been received by the Tribunal within the time limit in rule 16, and the judge being satisfied that a determination of the claim can properly be made of the claim on the material available, the judgment of the Tribunal is as follows:

1. The complaint of unlawful deduction from wages against the Second Respondent, Lalaland Hospitality Limited, is well founded.
2. The Second Respondent shall pay to the Claimant compensation of £1,157.00 (gross). The Second Respondent may deduct income tax and national insurance contributions as appropriate. If the Second Respondent does so, it must account to HMRC for the deductions made and provide the Claimant with a written calculation showing those deductions.
3. The claim against the First Respondent, Soho Restaurants Limited, it dismissed.
