## **Decision of the Tribunal**

The Tribunal determines that the service charge contributions in relation to the sum of £12,500 would be payable by the tenants in respect of the external decoration and repairs in accordance with the estimate from A Haywood Property Services dated 20 March 2013. The reasonableness and liability of the Respondent is estimated to be £1,041.67 in respect of such works if such work is carried out and carried out to a reasonable standard. To the sum of £12,500 should be added a contingency sum of £1,250 and 15% in respect of professional and administration fees plus VAT, being £2,250.

## **The application**

1. The Applicant seeks a determination pursuant to s.27A (3) of the Landlord and Tenant Act 1985 ("the 1985 Act") as to the amount of service charges in respect of external decoration and repairs to be paid by the Respondent if such work was to be carried out in the service charge year 2013. The application was dated 25 June 2013 and was received by the Tribunal on 28 June 2013.
2. Directions of the Tribunal were issued on 3 July 2013. The Tribunal did not consider that an oral Pre Trial Review was necessary. The relevant legal provisions are set out in the Appendix to this decision.

## **The hearing**

3. The Applicant had requested a paper determination. No application was received from or on behalf of the Respondent or any other tenant for an oral hearing.
4. The matter was determined by way of a paper hearing which took place on Wednesday 21 August 2013.

## **The background**

5. 1 to 12 Westland Lodge, 159 Widmore Road, Bromley, Kent BR1 3AX ("the property") which is the subject of this application is described in the application as a purpose built block of 12 flats, spread across 4 floors. No photographs were supplied.
6. Neither side requested an inspection and the Tribunal did not consider that one was necessary, nor would it have been proportionate to the issues in dispute.
7. A copy of the long lease of Flat 3 at the property had been supplied to the Tribunal. This lease required the landlord to provide services and

each tenant to contribute towards the costs by way of a variable service charge. With no information to the contrary, it is assumed that all the leases were in essentially the same form.

### The issues

8. The Tribunal had, in its Directions dated 20 June 2013, identified the relevant issues for determination as the payability and/or reasonableness of service charges to be incurred for the service charge year 2013 relating to exterior decoration and repair relying on an estimate of A Haywood Property Services dated 20 March 2013 in the sum of £12,500 including contingency and scaffolding. It appears from his estimate that this contractor is not registered for VAT.

### The submissions

9. Written submissions dated 13 August 2013 were received from Ms C Nelson of Circle Residential Management Ltd., the Applicant's managing agents.
10. The Applicant contended that the lease terms placed an obligation on the Applicant landlord to undertake certain maintenance works and proposed to undertake external redecoration works as per the quotation from A Haywood Property Services referred to in paragraph 8 above. The landlord sought a determination under the legislation in relation to the proposed works prior to the expenditure being incurred and stated "*the Respondent has failed to agree to the reasonableness of the proposed works*". It was also contended that 11 of the 12 lessees had signed a letter (a copy of which was provided) "*agreeing to the reasonableness of the scope and cost of the proposed works. The Respondent is the only tenant who has not.*"
11. The Applicant stated that it had undertaken consultation under the provisions of S20 of the Act and submitted, inter alia, copies of the Notice of Intention dated 12 April 2012 and Statement of Estimates dated 17 April 2012 in support.
12. No written representations were received from or on behalf of the Respondent or any other tenant.

### Reasons for the Tribunal's decision

13. Under Clause 4 of Schedule 7 of the lease, the landlord covenants "**the landlord shall in the year one thousand nine hundred and ninety three and in every succeeding fourth year of this demise and in the last three months thereof paint with at least two coats of good quality paint in a workmanlike manner all the wood iron and other external parts of all**

**buildings for the time being on the estate usually or which ought to be painted and shall in addition grain varnish distemper emulsion wash stop whiten and colour all such parts as are usually or as ought to be so treated”.**

14. Under Clause 28 of Schedule 5 of the lease, the tenant covenants **“the lessee shall firstly pay and contribute to the landlord an equal proportionate part of the costs and expenses outgoings and matters incurred by the landlord in carrying out the landlords obligations under the seventh schedule hereto (including any value added tax payable by the landlord) such part to be one twelfth part of the whole or such other part to be determined according to the number of flats leased on similar terms on the estate and any extension or enlargement thereof from time to time”**
15. The Applicant has entered into consultation with the tenants in accordance with S20 of the Act and Service Charges (Consultation Requirements) (England) Regulations 2003.
16. A Haywood Property Services quotation was the lowest of three estimates estimates notified to the tenants in the Statement of Estimates sent to the tenants on 17 April 2013.
17. Neither the Respondent nor any of the other tenants have engaged with the process of the Tribunal.
18. The Tribunal is satisfied that the proposed works fall within the Applicant’s repairing obligations under the lease terms and that the Respondent is obliged to contribute towards the costs of such proposed works under the lease terms.
19. The Tribunal is satisfied that the consultation requirements under S20 and the Regulations have been complied with.
20. The Applicant states that 11 of the 12 tenants have signed a form of agreement, only a draft was provided, and it is regretted that the Tribunal has not been supplied with copies of each of the signed agreements by way of support.
21. The Tribunal determines that the Applicant is entitled to recover service charges in respect of the proposed works from the tenants and the Respondent’s estimated contribution is £1,041.67 based on his estimated contribution to the total estimate of £12,500, which appears to be within an acceptable band, together with the proposed provision for contingencies and professional/administration fees.

- 22. The Tribunal makes no comment in respect of the standard of works, which cannot be assessed until the works have been completed. There is no bar to any of the tenants making an application to the Tribunal if such works are not, in their view, carried out to a reasonable standard or, indeed, if the cost of the works should exceed those approved above.**
