DECISION

Decisions of the tribunal

- (1) The Tribunal, pursuant to section 20ZA of the Landlord and Tenant Act 1985 (“the 1985 Act”), grants dispensation from the consultation requirements in respect of the works the subject of the application.

Procedural

1. The landlord submitted an application for retrospective dispensation from the consultation requirements in section 20 of the Landlord and Tenant Act 1985 (“the 1985 Act”) and the regulations thereunder, dated 19 January 2021.
2. The Tribunal gave directions on 16 March 2021. The directions provided for a form to be distributed to those who pay the service charge to allow them to object to or agree with the applications, and, if objecting, to provide such further material as they sought to rely on. The application and directions was required to be sent to the leaseholders and any sublessees, and to be displayed as a notice in the common parts of the property. The deadline for return of the forms, to the Applicant and the Tribunal, was 30 April 2021.
3. The Applicant confirmed that the relevant documentation had been sent, and posted as notices, as required by the directions.
4. No response from a leaseholders has been received by the Tribunal.

The property and the works

5. The property is a masonry/brick building built in the early 20th century, and converted into four flats. Only one flat is let on a long lease, the other three being retained by the Applicant.
6. The works involved are required to repair a leaking skylight, which required the erection of scaffolding. The Applicant states that the leak was causing significant damage to the top floor communal area of the building. Photographs are provided in the bundle. An estimate of £2,150.40, inclusive of VAT, had been obtained.
7. The Applicant states that a report of a leak causing damage was received in September 2020. Having secured the estimate mentioned above, scaffolding was erected (on 5 October 2020) and the quotation mentioned above obtained. The works have been carried out.

8. The Applicant submits that the urgency was such that undertaking the consultation exercise required by section 20 of the 1985 Act was not possible or desirable.
9. No reply has been received by the Tribunal from the Respondent.

Determination

10. The Tribunal is concerned solely with an application under section 20ZA of the 1985 Act to dispense with the consultation requirements under section 20 of the same Act.
11. In the first place, I accept that there was a significant degree of urgency to prevent further damage to the communal area.
12. Secondly, as stated, no response has been received from the leaseholders. It is therefore clear that the leaseholders have not sought to claim any prejudice as a result of the consultation requirements not having been satisfied. Where that is the case, the Tribunal must, quite apart from any question of urgency, allow the application: *Daejan Investments Ltd v Benson and others* [2013] UKSC 14; [2013] 1 WLR 854.
13. This application relates solely to the granting of dispensation. If the leaseholders considers the cost of the works to be excessive or the quality of the workmanship poor, or if costs sought to be recovered through the service charge are otherwise not reasonably incurred, then it is open to them to apply to the Tribunal for a determination of those issues under section 27A of the Landlord and Tenant Act 1985.
