Decision notice

Date: 18 December 2020

Public Authority: The Governing Body of King David Primary School

Address: Bury Old Road
Manchester
M8 5DJ

Decision (including any steps ordered)

1. The complainant has requested information from King David Primary School ("the School") on various aspects of its responses to the Covid-19 pandemic, including information on contingency plans, decisions made, funding and training.
2. The Commissioner's decision is that the School failed to respond to the request within 20 working days and has therefore breached section 10 of the FOIA. However, as the School has now provided the complainant with a response, the Commissioner does not require any steps to be taken as a result of this decision notice.

Request and response

3. On 29 September 2020 the complainant made a request to the School in the following terms:

"Please can you provide copies of the following:

1. Any information including emails about the school plan to teach children in the Covid-19 situation

2. Any minutes of meetings or any emails where discussions have been taken about providing support to children during the Covid-19 situation

3. School policy on remote learning

4. Number of electronic devices available per child, such as iPad, in school for children to use.

5. Amount of extra funding been made available per child to the school to teach children as a result of Covid-19.

6. Any information about extra training for the teaching staff to use technology to teach children remotely. If applicable, provide names of courses and their content.

7. A list of current senior leadership team and the length of time in the role for each leader."

4. The complainant did not receive a response to this request and therefore emailed the School again on 2 November 2020 to chase up a response.

Scope of the case

5. The complainant contacted the Commissioner on 14 November 2020 to complaint about the lack of response . The Commissioner wrote to the School on 23 November 2020 to chase up the response and remind the public authority of its obligations under the FOIA. The School responded to the request on 24 November 2020.
6. The Commissioner considers the scope of this notice is to consider whether the School complied with section 10 of the FOIA.

Reasons for decision

Section 10 – time for compliance

7. Section 1 of FOIA provides for a general right of access to information held by public authorities. Section 10(1) provides that a public authority must comply with section 1 promptly and in any event not later than the twentieth working day following the date of receipt of a request for information.
8. In this case, the complainant made his request for information on 29 September 2020. The School responded to the request on 24 November 2020. As the School failed to issue a response to the request within the required timescale it breached section 10(1) of the FOIA.
