

Freedom of Information Act 2000 (FOIA)

Decision notice

Date: 29 June 2021

Public Authority: Liverpool City Council
Address: Cunard Building
Water Street
Liverpool
L3 1AH

Decision (including any steps ordered)

1. The complainant requested information from Liverpool City Council ("the Council") relating to the Council's "Liverpool without Walls" project.
2. The Commissioner's decision is that the Council failed to respond to the request within twenty working days and therefore breached section 10(1) of the FOIA.
3. As the request has since been responded to, the Commissioner does not require the Council to take any further steps in relation to this complaint.

Request and response

4. On 20 April 2021, the complainant wrote to the Council via Whatdotheyknow.com and requested information in the following terms:

"As of July 30 2020 a Liverpool City Council website (Liverpool Express) stated the project had allocated a total of £177,503 of grants to independent businesses but the project was on hold.

Can you confirm if the project is still on hold?

Can you confirm the total amount of said fund that has been allocated to venues out of the £450,000?

What amount from this fund was allocated to wider street scene works, i.e. did not go directly to city centre businesses and venues to support the purchase of their furniture?

What was the tendering and procurement process for the supply of the street furniture for this project?

Who/what department is paying for the suspension of the parking bays currently in use by the scheme?

What is the total cost for the suspension of the parking bays currently in use by the scheme?"

5. The Council wrote to the complainant to acknowledge the request on 21 April 2021.
6. The complainant wrote to the Council on 20 May 2021 requesting an internal review to be carried as they had not received any update or response to the request.
7. The complainant contacted the Commissioner on 28 May 2021 to complain about the Council's failure to respond to his request within 20 working days.
8. In line with her usual practice, the Commissioner contacted the Council on 11 June 2021 to highlight the outstanding response. She requested that the Council respond to the request within 10 working days.
9. The Commissioner also contacted the complainant on 11 June 2021 to explain that the Council had been given 10 working days from that date within which to provide a response to his request.

10. On 22 June 2021 the Council wrote to the complainant and provided its response to this request.

Scope of the case

11. On 28 June 2021 the complainant contacted the Commissioner to request a decision notice considering the Council's compliance with the FOIA.
12. Therefore, the scope of this notice and the following analysis is to consider whether the Council has complied with section 10 of the FOIA.

Reasons for decision

13. Section 1(1) of the FOIA states that:

Any person making a request for information to a public authority is entitled –

- (a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and*
- (b) if that is the case, to have that information communicated to him.*

14. Section 10(1) of the FOIA states that responses to requests made under the Act must be provided, "*promptly and in any event not later than the twentieth working day following the date of receipt.*"
15. The Council did not provide a substantive response to the request within 20 working days of receipt. Therefore, the Commissioner's decision is that the Council has breached section 10 of FOIA. As the Council has since provided a response to the request, the Commissioner does not require the Council to take any steps.
