

Freedom of Information Act 2000 (FOIA)

Decision notice

Date: 19 April 2021

Public Authority: The NHS Commissioning Board

Address: Quarry House
Quarry Hill
Leeds
LS2 7EU

Decision (including any steps ordered)

1. The complainant requested information from The NHS Commissioning Board (NHS England) regarding the NHS Nightingale hospitals. NHS England had failed to provide a substantive response by the date of this notice.
2. The Commissioner's decision is that NHS England failed to respond to the request within 20 working days and has therefore breached section 10 of the FOIA.
3. The Commissioner requires NHS England to take the following steps to ensure compliance with the legislation.
 - Issue a substantive response, in accordance with its obligations under the FOIA, to the request.
4. NHS England must take these steps within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of the FOIA and may be dealt with as a contempt of court.

Request and response

5. On 5 January 2021, the complainant wrote to NHS England and requested information in the following terms:
 - "1. The location of each Nightingale in England that was constructed since January 2020?*
 - 2. The cost to construct each Nightingale?*
 - 3. The number of beds available each day, by each Nightingale, since January 2020 to present?*
 - 4. The number of beds occupied each day, by Nightingale, since January 2020 to present?*
 - 5. All correspondence to show the closing down of Nightingales?*
 - 6. Copies of all complaints against the Nightingale?*
 - 7. The ongoing cost of each nightingale by location and month?"*
6. NHS England acknowledged the request on 7 January 2021 but had failed to provide a substantive response by the date of this notice.

Scope of the case

7. The complainant contacted the Commissioner on 2 March 2021 to complain about the failure, by NHS England, to respond to the request.
8. In line with her usual practice, the Commissioner contacted NHS England on 17 March 2021 to highlight the outstanding response. She requested that NHS England respond to the request within 10 working days. The correspondence was neither acknowledged nor responded to.
9. The scope of this notice and the following analysis is to consider whether NHS England has complied with section 10 of the FOIA.

Reasons for decision

10. Section 1(1) of the FOIA states that:

Any person making a request for information to a public authority is entitled –

- (a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and*
- (b) if that is the case, to have that information communicated to him.*

11. Section 8(1) of the FOIA states:

In this Act any reference to a "request for information" is a reference to such a request which –

- (a) is in writing,*
- (b) states the name of the applicant and an address for correspondence, and*
- (c) describes the information requested.*

12. The Commissioner considers that the request in question fulfilled these criteria and therefore constituted a valid request for recorded information under the FOIA.

13. Section 10 of the FOIA states that responses to requests made under the Act must be provided "*promptly and in any event not later than the twentieth working day following the date of receipt.*"

14. From the evidence presented to the Commissioner in this case, it is clear that, in failing to issue a response to the request within 20 working days, NHS England has breached section 10 of the FOIA.

Other matters

15. The Commissioner wishes to place on record her understanding of the immense pressures placed on public authorities during the coronavirus pandemic. She is sympathetic to the difficult decisions such authorities must make, between prioritising front-line services and continuing to meet their obligations under the FOIA.
