Scope of the case

7. The complainant contacted the Commissioner on 10 March 2021 to complain about the failure of NHS England, to respond to the request.
8. In line with her usual practice, the Commissioner contacted NHS England on 25 March 2021 to highlight the outstanding response. She requested that NHS England respond to the request within 10 working days. The correspondence was neither acknowledged nor responded to.
9. The scope of this notice and the following analysis is to consider whether NHS England has complied with section 10 of the FOIA.

Reasons for decision

10. Section 1(1) of the FOIA states that:

Any person making a request for information to a public authority is entitled –

- (a) *to be informed in writing by the public authority whether it holds information of the description specified in the request, and*
- (b) *if that is the case, to have that information communicated to him.*

11. Section 8(1) of the FOIA states:

In this Act any reference to a "request for information" is a reference to such a request which –

- (a) *is in writing,*
 - (b) *states the name of the applicant and an address for correspondence, and*
 - (c) *describes the information requested.*
12. The Commissioner considers that the request in question fulfilled these criteria and therefore constituted a valid request for recorded information under the FOIA.
13. Section 10 of the FOIA states that responses to requests made under the Act must be provided "*promptly and in any event not later than the twentieth working day following the date of receipt.*"
14. From the evidence presented to the Commissioner in this case, it is clear that, in failing to issue a response to the request within 20 working days, NHS England has breached section 10 of the FOIA.

Other matters

15. The Commissioner wishes to place on record her understanding of the immense pressures placed on public authorities during the coronavirus pandemic. She is sympathetic to the difficult decisions such authorities must make, between prioritising front-line services and continuing to meet their obligations under the FOIA.
