

## **Environmental Information Regulations 2004 (EIR)**

### **Decision notice**

**Date:** 30 November 2022

**Public Authority:** London Borough of Croydon

**Address:** Bernard Weatherill House  
8 Mint Walk  
Croydon  
CR0 1EA

#### **Decision (including any steps ordered)**

---

1. The complainant requested information from London Borough of Croydon relating to the planting of trees in the Upper Norwood area. By the date of this notice, the London Borough of Croydon ("the Council") had not issued a substantive response to this request.
2. The Commissioner's decision is that the Council has failed to respond to the request within 20 working days and has therefore breached regulation 5(2) of the EIR.
3. The Commissioner requires the Council to take the following steps to ensure compliance with the legislation.
  - Issue a substantive response to the request in accordance with its obligations under the EIR.
4. The Council must take these steps within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of the Freedom of Information Act and may be dealt with as a contempt of court.

## **Request and response**

---

5. On 29 March 2022, the complainant made the following request for information to the Council:

"In Norwood Grove Recreation Ground there are several trees funded by the developer Lightbox. Lightbox have delivered several schemes in Croydon with a focus on the Upper Norwood area.

Please provide all correspondence relating to the generous contribution from this developer to the Council.

Correspondence could include: liaison with councillors, liaison with borough officers, liaison with the pre-school operating from The White House."

6. The Council acknowledged the request on 4 May 2022.
7. The Council asked for clarification of the request on 28 June 2022. Clarification was provided by the requester on 26 July 2022. To date, a substantive response to the request has not been issued.

## **Scope of the case**

---

8. The complainant contacted the Commissioner on 25 October 2022 to complain about the Council's failure to respond to this request.
9. The Commissioner contacted the Council on 3 November 2022 reminding it of its responsibilities and asking it to provide a substantive response to the complainant within 10 working days.
10. Despite this intervention the Council has failed to respond to the complainant.
11. The scope of this notice and the following analysis is to consider whether the Council has complied with regulation 5(2) of the EIR. The Commissioner considers that the majority of the information may be environmental in scope, hence he has assessed this request under the EIR.

## **Reasons for decision**

---

12. Regulation 5(1) of the EIR states that:

"a public authority that holds environmental information shall make it available on request."

13. Regulation 5(2) of the EIR states that:

"Information shall be made available under paragraph (1) as soon as possible and no later than 20 working days after the date of receipt of the request."

14. From the evidence provided to the Commissioner in this case, it is clear that the Council did not deal with the request for information in accordance with the EIR. The Commissioner's decision is that the Council has breached regulation 5(2) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with the EIR.
