

PATENTS ACT 1977

IN THE MATTER OF an application under
Section 72(1) by Fosroc International Limited
for revocation of Patent No 2279664 in the
name of Concrete Repairs Limited

DECISION

Following preliminary hearings in the Patent Office and an appeal in the High Court on the suitability of the pleadings the applicants for revocation withdrew their application by means of a letter from their agents dated 12 January 1998.

In the circumstances of a withdrawal from revocation proceedings an examiner in the Patent Office considers whether the comptroller should accept the notice of withdrawal without qualification or whether there are questions remaining that should be considered in the public interest.

The objections raised by the applicants have therefore been considered and I have decided to make no order for the revocation of the patent.

Signed this 27th day of March 1998

G M BRIDGES

Superintending Examiner, acting for the Comptroller
