

Council Regulation (EEC) 1768/92

IN THE MATTER OF Application No. SPC/GB/99/018
for a Supplementary Protection Certificate in the name of
Innovata Biomed Limited

1. Official reports dated 22 June 1999 and 19 January 2000 raised the objection that the above application for a Supplementary Protection Certificate did not meet the requirements of Article 3(d) of Council Regulation (EEC) No.1768/92.
2. No response to the latter report was received by the end of the specified period for reply.
3. The examiner contacted the agent on 30 June 2000 to determine the intention of the applicant. A letter detailing the minutes of that conversation stated that in the absence of a written response from the applicant within a specified time period the Comptroller would reject the application under Article 10 (2) of the Regulation.
4. No response from the applicant has been received and the specified deadline for reply has now expired. I therefore order that the application be rejected.

The period for appeal against this decision is six weeks.

Dated this 10th day of August 2000.

D L Wood
Deputy Director
acting for the Comptroller
