PART I

CENTRAL AND LOCAL ADMINISTRATION

1. The Minister for the purposes of this Act shall be the Minister of Housing and Local Government, and the expression "the Minister" in this Act shall be construed accordingly.

2.—(1) Subject to the provisions of this section, the council of a county is the local planning authority for the county, and the council of a county borough is the local planning authority for the county borough.

(2) If it appears to the Minister that it is expedient that a joint board should be established as the local planning authority for the areas of any two or more such councils as are mentioned in the preceding subsection, or for any parts of those areas, he may by order constitute those areas or parts as a united district for the purposes of this Act, and constitute a joint board (in this Act referred to as a "joint planning board") as the local planning authority for that district:

Provided that the Minister shall not make such an order except after holding a local inquiry unless all the councils concerned have consented to the making of the order.

(3) The provisions of the First Schedule to this Act shall have effect with respect to the constitution of joint planning boards; and the provisions of the Second Schedule to this Act shall have effect with respect to the establishment and functions of planning committees and joint advisory committees of local planning authorities.

PART I

(4) Where a joint planning board is constituted for a united district, references in this Act to the area of a local planning authority—

(a) in relation to the board, shall be construed as references to that district, and

(b) in relation to any local planning authority being the council of a county or county borough of which part (but not the whole) is included in that district, shall be construed as references to so much of the county or county borough as is not so included.

(5) Regulations under this Act may make such provision consequential upon or supplementary to the provisions of this section as appears to the Minister to be necessary or expedient.

(6) The preceding provisions of this section, and the provisions of the First and Second Schedules to this Act, shall have effect subject to the provisions of section eight of the National Parks and Access to the Countryside Act, 1949 (which relates to the administration of functions of local planning authorities in respect of National Parks).

Delegation of functions of local planning authorities.

(2) The provisions referred to in the preceding subsection are Parts III and IV and section one hundred and eighty of this Act.

(3) In relation to a local planning authority being a joint planning board, subsection (1) of this section shall have effect as if the reference therein to the councils of county districts in their area included a reference to the councils of counties and county boroughs therein.

(4) Any regulations made for the purposes of this section may make provision—

(a) for requiring any council to whom functions are delegated in accordance with the regulations to perform those functions on behalf of the local planning authority ;

(b) for transferring to any such council any liability of the local planning authority to pay compensation under Part VII, or under section one hundred and thirty-four or paragraph (c) of subsection (1) of section one hundred and seventy, of this Act in respect of anything

PART II

- (b) defining an area designated as the site of a new town by any such order as is mentioned in subsection (2) of this section, or
- (c) defining land as likely to be made the subject of any such order or scheme as is mentioned in either of those subsections.

(4) Provision may be made by regulations under this Act for enabling any proceedings preliminary to the making of any such order as is mentioned in paragraph (a) of subsection (1) of this section, or in subsection (2) thereof, to be taken concurrently with proceedings required under this Act to be taken in connection with the approval or making of a development plan relating to land to which any such order applies, or in connection with any amendment of a development plan rendered necessary or desirable in consequence of any such order.

Modification of development plans in relation to land designated as subject to compulsory acquisition.

9.—(1) Where any land is designated by a development plan as subject to compulsory acquisition, and, at the end of the period of twelve years from the date on which the plan, or the amendment of the plan, by virtue of which the land was first so designated came into operation, any of that land has not been acquired by a Minister, local authority or statutory undertakers who could be authorised to acquire it compulsorily under the provisions of this Act, any owner of the land may, within the prescribed time and in the prescribed manner, serve on the local planning authority a notice requiring his interest in the land to be so acquired.

(2) Where a notice has been served under the preceding subsection, then, unless within the period of six months after the service of the notice either—

- (a) notice to treat in respect of the interest to which the notice relates has been served by any such Minister, local authority or statutory undertakers as are mentioned in that subsection, or
- (b) an offer has been made to the owner of the interest by any such Minister, local authority or statutory undertakers to acquire it on terms that the price payable for it shall be equal to (and shall be determined, in default of agreement, in like manner as) the compensation which would be payable in respect of that interest if it were acquired compulsorily,

the development plan shall have effect, after the end of that period, as if the land were not designated as subject to compulsory acquisition.

(3) The power conferred by section thirty-one of the Land Compensation Act, 1961, to withdraw a notice to treat shall not be exercisable in the case of a notice to treat which is served as mentioned in paragraph (a) of the last preceding subsection.

(4) Where any land is designated by a development plan as subject to compulsory acquisition by the appropriate local authority (not being land comprised in an area defined by the plan as an area of comprehensive development) then if planning permission is granted for any development of the land so designated, or any part thereof, and that development is carried out in accordance with the permission so granted, the development plan shall have effect as if the land to which the permission relates were not designated as subject to compulsory acquisition :

Provided that, in the case of planning permission granted for a limited period, the provisions of this subsection shall cease to have effect in relation to the land at the end of the period for which the permission was granted.

(5) In relation to agricultural land within the meaning of the Rating and Valuation (Apportionment) Act, 1928, subsection (1) of this section shall have effect as if for the words " twelve years " there were substituted the words " eight years ".

10.—(1) A local planning authority, before preparing a development plan relating to any land in a county district, or proposals for alterations or additions to any such plan, shall consult with the council of that district, and shall, before submitting any such plan or proposals to the Minister, give to that council an opportunity to make representations with respect thereto and shall consider any representations so made.

Supplementary provisions as to development plans.

(2) Provision may be made by regulations under this Act with respect to the form and content of development plans, and with respect to the procedure to be followed in connection with the preparation, submission, approval, making and amendment of such plans ; and such regulations shall in particular make provision for securing—

- (a) that notice shall be given by advertisement in the London Gazette, and in at least one newspaper circulating in the area concerned, of the submission to the Minister of any such plan, or of proposals for the amendment of any such plan, and of any proposal by the Minister to make or amend such a plan, and of the place or places where copies of the plan or proposals as so submitted, or of any such proposal of the Minister, may be inspected ;
- (b) that objections and representations duly made in accordance with the regulations shall be considered, and that such local inquiries or other hearings as may be prescribed shall be held, before such a plan is approved, made or amended by the Minister ; and
- (c) that copies of any such plan as approved or made by the Minister, including any amendments thereof, shall be available for inspection by the public, and that copies thereof (including reproductions, on such scale

PART II

as may be appropriate, of any relevant maps) shall be available for sale to the public at a reasonable cost.

(3) If, as the result of any objections or representations considered, or local inquiry or other hearing held, in connection with a development plan or proposals for amendment of such a plan submitted to or prepared by the Minister under this Part of this Act, the Minister is of opinion that the local planning authority, or any other authority or person, ought to be consulted before he decides whether to approve or make the plan, either with or without modifications, or to amend the plan, as the case may be, he shall consult that authority or person, but shall not be under any obligation to consult any other authority or person, or to afford any opportunity for further objections or representations, or to cause any further local inquiry or other hearing to be held.

(4) Subject to the preceding provisions of this section, the Minister may give directions to any local planning authority, or to local planning authorities generally,—

(a) for formulating the procedure for the carrying out of their functions under the preceding provisions of this Part of this Act ;

(b) for requiring them to give him such information as he may require for the purpose of the exercise of any of his functions under those provisions.

(5) In the application of the Statutory Orders (Special Procedure) Act, 1945, to any order made in pursuance of subsection (4) of section five of this Act, any requirements imposed by regulations under this section with respect to the publication of notices and the consideration of objections in relation to the development plan shall be deemed, for the purposes of section two of that Act, to be requirements with respect to proceedings preliminary to the making of the order.

Publication,
and date of
operation, of
development
plans.

11.—(1) Immediately after a development plan has been approved or made or amended by the Minister under this Part of this Act, the local planning authority shall publish, in such manner as may be prescribed, a notice stating that the plan has been approved, made or amended, as the case may be, and naming a place where a copy of the plan, or of the plan as amended, may be seen at all reasonable hours, and shall serve a like notice—

(a) on any person who duly made an objection to, or representation with respect to, the proposed plan or amendment, and has sent to the local planning authority a request in writing to serve him with the notice required by this subsection, specifying an address for service, and

(b) on such other persons (if any) as may be required by general or special directions given by the Minister.

(2) Subject to the next following subsection, and to the provisions of Part XI of this Act as to the validity of development plans and of amendments of such plans, a development plan, or an amendment of a development plan, shall become operative on the date on which the notice required by the preceding subsection is first published.

(3) Where in accordance with subsection (4) of section five of this Act any land to which a development plan relates is designated as subject to compulsory acquisition in pursuance of an order which is subject to special parliamentary procedure, the last preceding subsection shall not apply to the plan in so far as it so designates that land.

PART III

PLANNING CONTROL

Planning permission

12.—(1) In this Act, except where the context otherwise requires, “development”, subject to the following provisions of this section, means the carrying out of building, engineering, mining or other operations in, on, over or under land, or the making of any material change in the use of any buildings or other land.

Meaning of “development” and “new development”.

(2) The following operations or uses of land shall not be taken for the purposes of this Act to involve development of the land, that is to say:—

- (a) the carrying out of works for the maintenance, improvement or other alteration of any building, being works which affect only the interior of the building or which do not materially affect the external appearance of the building and (in either case) are not works for making good war damage;
- (b) the carrying out by a local highway authority of any works required for the maintenance or improvement of a road, being works carried out on land within the boundaries of the road;
- (c) the carrying out by a local authority or statutory undertakers of any works for the purpose of inspecting, repairing or renewing any sewers, mains, pipes, cables or other apparatus, including the breaking open of any street or other land for that purpose;
- (d) the use of any buildings or other land within the curtilage of a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse as such;
- (e) the use of any land for the purposes of agriculture or forestry (including afforestation) and the use for any of those purposes of any building occupied together with land so used;

PART III

(f) in the case of buildings or other land which are used for a purpose of any class specified in an order made by the Minister under this section, the use thereof for any other purpose of the same class.

(3) For the avoidance of doubt it is hereby declared that for the purposes of this section—

(a) the use as two or more separate dwellinghouses of any building previously used as a single dwellinghouse involves a material change in the use of the building and of each part thereof which is so used ;

(b) the deposit of refuse or waste materials on land involves a material change in the use thereof, notwithstanding that the land is comprised in a site already used for that purpose, if either the superficial area of the deposit is thereby extended, or the height of the deposit is thereby extended and exceeds the level of the land adjoining the site.

(4) Without prejudice to any regulations made under the provisions of this Act relating to the control of advertisements, the use for the display of advertisements of any external part of a building which is not normally used for that purpose shall be treated for the purposes of this section as involving a material change in the use of that part of the building.

(5) In this Act “ new development ” means any development other than development of a class specified in Part I or Part II of the Third Schedule to this Act ; and the provisions of Part III of that Schedule shall have effect for the purposes of Parts I and II thereof.

Development
requiring
planning
permission.

13.—(1) Subject to the provisions of this section, planning permission is required for the carrying out of any development of land.

(2) Where on the first day of July, nineteen hundred and forty-eight (in this Act referred to as “ the appointed day ”), land was being used temporarily for a purpose other than the purpose for which it was normally used, planning permission is not required for the resumption of the use of the land for the last-mentioned purpose.

(3) Where on the appointed day land was normally used for one purpose and was also used on occasions, whether at regular intervals or not, for another purpose, planning permission is not required in respect of the use of the land for that other purpose on similar occasions.

(4) Where land was unoccupied on the appointed day, but had before that day been occupied at some time on or after the seventh day of January, nineteen hundred and thirty-seven,

planning permission is not required in respect of the use of the land for the purpose for which it was last used before the appointed day.

(5) Where planning permission to develop land has been granted for a limited period, planning permission is not required for the resumption, at the end of that period, of the use of the land for the purpose for which it was normally used before the permission was granted.

(6) In determining, for the purposes of subsections (2) and (4) of this section respectively, what were the purposes for which land was normally used or last used, no account shall be taken of any use of the land begun in contravention of previous planning control; and in determining, for the purposes of the last preceding subsection, what were the purposes for which land was normally used before the grant of planning permission, no account shall be taken of any use of the land begun in contravention of the provisions of this Part of this Act or in contravention of previous planning control.

(7) Notwithstanding anything in subsections (2) to (4) of this section, the use of land as a caravan site shall not, by virtue of any of those subsections, be treated as a use for which planning permission is not required, unless the land was so used on one occasion at least during the period of two years ending with the ninth day of March, nineteen hundred and sixty.

(8) Where by a development order planning permission to develop land has been granted subject to limitations, planning permission is not required for the use of that land which (apart from its use in accordance with that permission) is the normal use of that land, unless the last-mentioned use was begun in contravention of the provisions of this Part of this Act or in contravention of previous planning control.

(9) Where an enforcement notice has been served in respect of any development of land, planning permission is not required for the use of that land for the purpose for which (in accordance with the provisions of this Part of this Act) it could lawfully have been used if that development had not been carried out.

(10) For the purposes of this section a use of land shall be taken to have been begun in contravention of previous planning control if—

- (a) it was begun in contravention of the provisions of Part III of the Act of 1947, or
- (b) at the material time the land was subject to a resolution to prepare a planning scheme, and the use was begun otherwise than in accordance with permission granted in that behalf by or under the interim development order, or

PART III

- (c) at the material time the land was subject to a planning scheme, and the use was begun otherwise than in conformity with the provisions of the scheme or of permission granted thereunder.

In this subsection "planning scheme" means a scheme under the Town and Country Planning Act, 1932, or any enactment repealed by that Act, and "interim development order" means an order made under subsection (1) of section ten of that Act.

Development orders.

14.—(1) The Minister shall by order (in this Act referred to as a "development order") provide for the granting of planning permission.

(2) A development order may either—

- (a) itself grant planning permission for development specified in the order, or for development of any class so specified, or
- (b) in respect of development for which planning permission is not granted by the order itself, provide for the granting of planning permission by the local planning authority (or, in the cases hereinafter provided, by the Minister) on an application in that behalf made to the local planning authority in accordance with the provisions of the order.

(3) A development order may be made either as a general order applicable (subject to such exceptions as may be specified therein) to all land, or as a special order applicable only to such land as may be so specified.

(4) Planning permission granted by a development order may be granted either unconditionally or subject to such conditions or limitations as may be specified in the order.

(5) Without prejudice to the generality of the last preceding subsection,—

- (a) where planning permission is granted by a development order for the erection, extension or alteration of any buildings, the order may require the approval of the local planning authority to be obtained with respect to the design or external appearance of the buildings;
- (b) where planning permission is granted by a development order for development of a specified class, the order may enable the Minister or the local planning authority to direct that the permission shall not apply either in relation to development in a particular area or in relation to any particular development.

(6) Any provision of a development order whereby permission is granted for the use of land for any purpose on a limited number of days in a period specified in that provision shall (without prejudice to the generality of references in this Act to limitations) be taken to be a provision granting permission for the use of land for any purpose subject to the limitation that the land shall

not be used for any one purpose in pursuance of that provision on more than that number of days in that period.

(7) For the purpose of enabling development to be carried out in accordance with planning permission, or otherwise for the purpose of promoting proper development in accordance with the development plan, a development order may direct that any enactment to which this subsection applies, or any regulations, orders or byelaws made at any time under any such enactment, shall not apply to any development specified in the order, or shall apply thereto subject to such modifications as may be so specified.

(8) The last preceding subsection applies—

- (a) to any enactment passed before the sixth day of August, nineteen hundred and forty-seven (being the date of the passing of the Act of 1947), and
- (b) to any enactment contained in the Highways Act, 1959, being an enactment which re-enacts (with or without modifications) any such enactment as is mentioned in the preceding paragraph.

15.—(1) An application for planning permission for development of any class to which this section applies—

- (a) shall not be entertained by the local planning authority unless it is accompanied by a copy of a notice of the application, in such form as may be prescribed by a development order, and by such evidence as may be so prescribed that the notice has been published in a local newspaper circulating in the locality in which the land to which the application relates is situated ; and
- (b) shall not be determined by the local planning authority before the end of the period of twenty-one days beginning with the date appearing from the evidence accompanying the application to be the date on which the notice was published as mentioned in the preceding paragraph.

Publication of notices of applications for planning permission.

(2) Any such notice as is mentioned in paragraph (a) of the preceding subsection shall (in addition to any other matters required to be contained therein) name a place within the locality where a copy of the application, and of all plans and other documents submitted therewith, will be open to inspection by the public at all reasonable hours during such period (not being less than twenty-one days, beginning with the date of publication of the notice) as may be specified in the notice.

(3) Provision may be made by a development order for designating the classes of development to which this section applies, and this section shall apply accordingly to any class of development which is for the time being so designated.

PART III
Notification of applications for planning permission to owners and agricultural tenants.

16.—(1) Without prejudice to the last preceding section, a local planning authority shall not entertain any application for planning permission unless it is accompanied by one or other of the following certificates signed by or on behalf of the applicant, that is to say—

- (a) a certificate stating that, in respect of every part of the land to which the application relates, the applicant is either the estate owner in respect of the fee simple or is entitled to a tenancy thereof ;
- (b) a certificate stating that the applicant has given the requisite notice of the application to all the persons (other than the applicant) who, at the beginning of the period of twenty-one days ending with the date of the application, were owners of any of the land to which the application relates, and setting out the names of those persons, the addresses at which notice of the application was given to them respectively, and the date of service of each such notice ;
- (c) a certificate stating that the applicant is unable to issue a certificate in accordance with either of the preceding paragraphs, that he has given the requisite notice of the application to such one or more of the persons mentioned in the last preceding paragraph as are specified in the certificate (setting out their names, the addresses at which notice of the application was given to them respectively, and the date of the service of each such notice) and that he does not know the names and addresses of the remainder of those persons ;
- (d) a certificate stating that the applicant is unable to issue a certificate in accordance with paragraph (a) of this subsection, and that he does not know the names and addresses of any of the persons mentioned in paragraph (b) of this subsection.

(2) Any such certificate as is mentioned in paragraph (c) or paragraph (d) of the preceding subsection shall also contain a statement that the requisite notice of the application, as set out in the certificate, has on a date specified in the certificate (being a date not earlier than the beginning of the period mentioned in paragraph (b) of the preceding subsection) been published in a local newspaper circulating in the locality in which the land in question is situated.

(3) In addition to any other matters required to be contained in a certificate issued for the purposes of this section, every such certificate shall contain one or other of the following statements, that is to say,—

- (a) a statement that none of the land to which the application relates constitutes or forms part of an agricultural holding ;

- (b) a statement that the applicant has given the requisite notice of the application to every person (other than the applicant) who, at the beginning of the period of twenty-one days ending with the date of the application, was a tenant of any agricultural holding any part of which was comprised in the land to which the application relates, and setting out the name of each such person, the address at which notice of the application was given to him, and the date of service of that notice.

(4) Where an application for planning permission is accompanied by such a certificate as is mentioned in paragraph (b), paragraph (c) or paragraph (d) of subsection (1) of this section, or by a certificate containing a statement in accordance with paragraph (b) of the last preceding subsection, the local planning authority shall not determine the application before the end of the period of twenty-one days beginning with the date appearing from the certificate to be the latest of the dates of service of notices as mentioned in the certificate, or the date of publication of a notice as therein mentioned, whichever is the later.

(5) If any person issues any certificate which purports to comply with the requirements of this section and which contains a statement which he knows to be false or misleading in a material particular, or recklessly issues a certificate which purports to comply with those requirements and which contains a statement which is false or misleading in a material particular, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding fifty pounds.

(6) Any certificate issued for the purposes of this section shall be in such form as may be prescribed by a development order; and any reference in any provision of this section to the requisite notice, where a form of notice is prescribed by a development order for the purposes of that provision, is a reference to a notice in that form.

(7) In this and the next following section "owner", in relation to any land, means a person who is for the time being the estate owner in respect of the fee simple thereof or is entitled to a tenancy thereof granted or extended for a term of years certain of which not less than ten years remain unexpired, and "agricultural holding" has the same meaning as in the Agricultural Holdings Act, 1948.

17.—(1) Subject to the provisions of sections fifteen and sixteen of this Act, and to the following provisions of this Part of this Act, where an application is made to a local planning authority for planning permission, that authority, in dealing with the application, shall have regard to the provisions of the development plan, so far as material to the application, and to any other material considerations, and—

Determination by local planning authorities of applications for planning permission.

PART III

- (a) may grant planning permission, either unconditionally or subject to such conditions as they think fit, or
 (b) may refuse planning permission.

(2) In determining any application for planning permission for development of a class to which section fifteen of this Act applies, the local planning authority shall take into account any representations relating to that application which are received by them before the end of the period of twenty-one days beginning with the date appearing from the evidence accompanying the application to be the date on which notice of the application was published as mentioned in subsection (1) of that section.

(3) Where an application for planning permission is accompanied by such a certificate as is mentioned in paragraph (b), paragraph (c) or paragraph (d) of subsection (1) of the last preceding section, or by a certificate containing a statement in accordance with paragraph (b) of subsection (3) of that section, the local planning authority—

- (a) in determining the application, shall take into account any representations relating thereto which are made to them, before the end of the period mentioned in subsection (4) of that section, by any person who satisfies them that he is an owner of any land to which the application relates or that he is the tenant of an agricultural holding any part of which is comprised in that land, and
 (b) shall give notice of their decision to every person who has made representations which they were required to take into account in accordance with the preceding paragraph.

(4) Before a local planning authority grant planning permission for the use of land as a caravan site, they shall, unless they are also the authority having power to issue a site licence for that land, consult the local authority having that power.

(5) In this section "site licence" means a licence under Part I of the Caravan Sites and Control of Development Act, 1960, authorising the use of land as a caravan site.

Conditional
grant of
planning
permission.

18.—(1) Without prejudice to the generality of subsection (1) of the last preceding section, conditions may be imposed on the grant of planning permission thereunder—

- (a) for regulating the development or use of any land under the control of the applicant (whether or not it is land in respect of which the application was made) or requiring the carrying out of works on any such land, so far as appears to the local planning authority to be expedient for the purposes of or in connection with the development authorised by the permission ;

(b) for requiring the removal of any buildings or works authorised by the permission, or the discontinuance of any use of land so authorised, at the end of a specified period, and the carrying out of any works required for the reinstatement of land at the end of that period.

(2) Any planning permission granted subject to such a condition as is mentioned in paragraph (b) of the preceding subsection is in this Act referred to as "planning permission granted for a limited period".

(3) Where—

(a) planning permission is granted for development consisting of or including the carrying out of building or other operations, subject to a condition that the operations shall be commenced not later than a time specified in the condition, and

(b) any building or other operations are commenced after the time so specified,

the commencement and carrying out of those operations do not constitute development for which that permission was granted.

19.—(1) Any application to a local planning authority for planning permission shall be made in such manner as may be prescribed by regulations under this Act, and shall include such particulars, and be verified by such evidence, as may be required by the regulations or by any directions given by the local planning authority thereunder. Supplementary provisions as to applications for planning permission.

(2) Subject to the provisions of subsections (2) to (4) of section seventeen of this Act, provision may be made by a development order for regulating the manner in which applications for planning permission to develop land are to be dealt with by local planning authorities, and in particular—

(a) for enabling the Minister (or, in the case of development falling within the next following subsection, the Minister of Transport) to give directions restricting the grant of planning permission by the local planning authority, during such period as may be specified in the directions, in respect of any such development, or in respect of development of any such class, as may be so specified ;

(b) for authorising the local planning authority, in such cases and subject to such conditions as may be prescribed by the order, or by directions given by the Minister thereunder, to grant planning permission for development which does not accord with the provisions of the development plan ;

(c) for requiring the local planning authority, before granting or refusing planning permission for any development, to consult with such authorities or persons as may be

PART III

prescribed by the order or by directions given by the Minister thereunder ;

(d) for requiring the local planning authority to give to any applicant for planning permission, within such time as may be prescribed by the order, such notice as may be so prescribed as to the manner in which his application has been dealt with ;

(e) for requiring the local planning authority to give to the Minister, and to such other persons as may be prescribed by or under the order, such information as may be so prescribed with respect to applications for planning permission made to the authority, including information as to the manner in which any such application has been dealt with.

(3) The reference in paragraph (a) of the last preceding subsection to development falling within this subsection is a reference to any development affecting trunk roads, or affecting any road which—

(a) is comprised in the route of a special road to be provided by the Minister of Transport in accordance with a scheme under the provisions of Part II of the Highways Act, 1959, relating to special roads, and has not for the time being been transferred to him, or

(b) has been or is to be provided by that Minister in pursuance of an order under the provisions of Part II of that Act relating to trunk roads and special roads, and has not for the time being been transferred to any other highway authority.

(4) Every local planning authority shall keep, in such manner as may be prescribed by a development order, a register containing such information as may be so prescribed with respect to applications for planning permission made to that authority, including information as to the manner in which such applications have been dealt with.

(5) Every register kept under the last preceding subsection shall be available for inspection by the public at all reasonable hours.

Permission to retain buildings or works or continue use of land.

20.—(1) An application for planning permission may relate to buildings or works constructed or carried out, or a use of land instituted, before the date of the application, whether—

(a) the buildings or works were constructed or carried out, or the use instituted, without planning permission or in accordance with planning permission granted for a limited period, or

(b) the application is for permission to retain the buildings or works, or continue the use of the land, without complying with some condition subject to which a previous planning permission was granted.

(2) Any power to grant planning permission to develop land under this Act shall include power to grant planning permission for the retention on land of buildings or works constructed or carried out, or for the continuance of a use of land instituted, as mentioned in the preceding subsection; and references in this Act to planning permission to develop land or to carry out any development of land, and to applications for such permission, shall be construed accordingly:

Provided that this subsection shall not affect the construction of section fifteen, of subsection (2) of section seventeen or of Part VI of this Act.

(3) Any planning permission granted in accordance with the last preceding subsection may be granted so as to take effect from the date on which the buildings or works were constructed or carried out, or the use was instituted, or (in the case of buildings or works constructed or a use instituted in accordance with planning permission granted for a limited period) so as to take effect from the end of that period, as the case may be.

21.—(1) Without prejudice to the provisions of this Part of this Act as to the revocation or modification of planning permission, any grant of planning permission to develop land shall (except in so far as the permission otherwise provides) enure for the benefit of the land and of all persons for the time being interested therein.

(2) Where planning permission is granted for the erection of a building, the grant of permission may specify the purposes for which the building may be used; and if no purpose is so specified, the permission shall be construed as including permission to use the building for the purpose for which it is designed.

Minister's powers in relation to planning applications and decisions

22.—(1) The Minister may give directions requiring applications for planning permission to be referred to him instead of being dealt with by local planning authorities.

Reference of planning applications to Minister.

(2) A direction under this section—

- (a) may be given either to a particular local planning authority or to local planning authorities generally, and
- (b) may relate either to a particular application or to applications of a class specified in the direction.

(3) Any application in respect of which a direction under this section has effect shall be referred to the Minister accordingly.

(4) Subject to the next following subsection, where an application for planning permission is referred to the Minister under this section, the following provisions of this Act, that is to say, subsection (1) of section fifteen, section sixteen, subsections (1) to (3) of section seventeen and subsection (1) of section eighteen,

PART III shall apply, with any necessary modifications, as they apply to an application for planning permission which falls to be determined by the local planning authority.

(5) Before determining an application referred to him under this section the Minister shall, if either the applicant or the local planning authority so desire, afford to each of them an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

(6) The decision of the Minister on any application referred to him under this section shall be final.

Appeals
against
planning
decisions.

23.—(1) Where an application is made to a local planning authority for planning permission to develop land, or for any approval of that authority required under a development order, and that permission or approval is refused by that authority or is granted by them subject to conditions, the applicant, if he is aggrieved by their decision, may by notice under this section appeal to the Minister.

(2) Any notice under this section shall be served within such time (not being less than twenty-eight days from the date of notification of the decision to which it relates) and in such manner as may be prescribed by a development order.

(3) The Minister shall not be required to entertain an appeal under this section in respect of an application for planning permission to develop land if it appears to him that planning permission for that development could not have been granted by the local planning authority, or could not have been granted by them otherwise than subject to the conditions imposed by them, having regard to the provisions of subsection (1) of section seventeen, of subsection (1) of section eighteen and of section thirty-eight of this Act, and of the development order, and to any directions given under that order.

(4) Where an appeal is brought under this section from a decision of a local planning authority, the Minister, subject to the following provisions of this section, may allow or dismiss the appeal, or may reverse or vary any part of the decision of the local planning authority, whether the appeal relates to that part thereof or not, and may deal with the application as if it had been made to him in the first instance.

(5) Before determining an appeal under this section, the Minister shall, if either the applicant or the local planning authority so desire, afford to each of them an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

(6) Subject to the last preceding subsection, the following provisions of this Act, that is to say, section sixteen, subsections (1) and (3) of section seventeen, and subsection (1) of section

eighteen, shall apply, with any necessary modifications, in relation to an appeal to the Minister under this section as they apply in relation to an application for planning permission which falls to be determined by the local planning authority.

PART III

(7) The decision of the Minister on any appeal under this section shall be final.

24. Where an application is made to a local planning authority for planning permission, or for any approval of that authority required under a development order, then unless within such period as may be prescribed by the development order, or within such extended period as may at any time be agreed upon in writing between the applicant and the local planning authority, the local planning authority either—

Appeal in default of planning decision.

- (a) give notice to the applicant of their decision on the application, or
- (b) give notice to him that the application has been referred to the Minister in accordance with directions given under section twenty-two of this Act,

the provisions of the last preceding section shall apply in relation to the application as if the permission or approval to which it relates had been refused by the local planning authority, and as if notification of their decision had been received by the applicant at the end of the period prescribed by the development order, or at the end of the said extended period, as the case may be.

25.—(1) The provisions of this and the next following section shall have effect where, in accordance with the provisions of Part VI of this Act, one or more claims for compensation in respect of a planning decision have been transmitted to the Minister, and the claim, or (if there is more than one) one or more of the claims, has not been withdrawn.

Review of planning decisions where compensation claimed.

(2) If, in the case of a planning decision of the local planning authority, it appears to the Minister that, if the application for permission to develop the land in question had been referred to him for determination, he would have made a decision more favourable to the applicant, the Minister may give a direction substituting that decision for the decision of the local planning authority.

(3) If, in any case, it appears to the Minister that planning permission could properly be granted (either unconditionally or subject to certain conditions) for some development of the land in question other than the development to which the application for planning permission related, the Minister may give a direction that the provisions of this Act shall have effect in relation to that application and to the planning decision—

- (a) as if the application had included an application for permission for that other development, and the decision

PART III

had included the grant of planning permission (unconditionally or subject to the said conditions, as the case may be) for that development, or

- (b) as if the decision had been a decision of the Minister and had included an undertaking to grant planning permission (unconditionally or subject to the said conditions, as the case may be) for that development,

as may be specified in the direction.

(4) The reference in subsection (2) of this section to a decision more favourable to the applicant shall be construed—

- (a) in relation to a refusal of permission, as a reference to a decision granting the permission, either unconditionally or subject to conditions, and either in respect of the whole of the land to which the application for permission related or in respect of part of that land, and
- (b) in relation to a grant of permission subject to conditions, as a reference to a decision granting the permission applied for unconditionally or subject to less stringent conditions.

Supplementary provisions as to review of planning decisions.

26.—(1) Before giving a direction under the last preceding section, the Minister shall give notice in writing of his proposed direction to the local planning authority to whose decision that direction relates, and to any person who made, and has not since withdrawn, a claim for compensation in respect of that decision; and, if so required by the local planning authority or by any such person, shall afford to each of them an opportunity to appear before, and be heard by, a person appointed by the Minister for the purpose.

(2) In giving any direction under the last preceding section, the Minister shall have regard to the provisions of the development plan for the area in which the land in question is situated, in so far as those provisions are material to the development of that land, and shall also have regard to the local circumstances affecting the proposed development, including the use which prevails generally in the case of contiguous or adjacent land, and to any other material considerations.

(3) Where the Minister gives a direction under the last preceding section, he shall give notice of the direction to the local planning authority to whose decision the direction relates, and to every person (if any) who made, and has not since withdrawn, a claim for compensation in respect of that decision.

Revocation or modification of planning permission

PART III

27.—(1) If it appears to the local planning authority, having regard to the development plan and to any other material considerations, that it is expedient to revoke or modify any permission to develop land granted on an application made under this Part of this Act, the authority, subject to the following provisions of this section, may by order revoke or modify the permission to such extent as (having regard to those matters) they consider expedient.

Power to revoke or modify planning permission.

(2) An order under this section shall not take effect unless it is confirmed by the Minister; and the Minister may confirm any such order submitted to him either without modification or subject to such modifications as he considers expedient.

(3) Where a local planning authority submit an order to the Minister for his confirmation under this section, the authority shall serve notice on the owner and on the occupier of the land affected and on any other person who in their opinion will be affected by the order; and if within such period as may be specified in that behalf in the notice (not being less than twenty-eight days from the service thereof) any person on whom the notice is served so requires, the Minister, before confirming the order, shall afford to that person, and to the local planning authority, an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

(4) The power conferred by this section to revoke or modify permission to develop land may be exercised—

- (a) where the permission relates to the carrying out of building or other operations, at any time before those operations have been completed;
- (b) where the permission relates to a change of the use of any land, at any time before the change has taken place:

Provided that the revocation or modification of permission for the carrying out of building or other operations shall not affect so much of those operations as has been previously carried out.

Additional powers of control

28.—(1) If it appears to a local planning authority that it is expedient in the interests of the proper planning of their area (including the interests of amenity), regard being had to the development plan and to any other material considerations,—

Orders requiring discontinuance of use or alteration or removal of buildings or works.

- (a) that any use of land should be discontinued, or that any conditions should be imposed on the continuance of a use of land, or
- (b) that any buildings or works should be altered or removed,

PART III the local planning authority may by order require the discontinuance of that use, or impose such conditions as may be specified in the order on the continuance thereof, or require such steps as may be so specified to be taken for the alteration or removal of the buildings or works, as the case may be.

(2) An order under this section may grant planning permission for any development of the land to which the order relates, subject to such conditions as may be specified in the order; and the provisions of the last preceding section shall apply in relation to any planning permission granted by an order under this section as they apply in relation to planning permission granted by the local planning authority on an application made under this Part of this Act.

(3) The power conferred by the last preceding subsection shall include power, by an order under this section, to grant planning permission, subject to such conditions as may be specified in the order,—

(a) for the retention, on the land to which the order relates, of buildings or works constructed or carried out before the date on which the order was submitted to the Minister, or

(b) for the continuance of a use of that land instituted before that date;

and subsection (3) of section twenty of this Act shall apply to planning permission granted by virtue of this subsection as it applies to planning permission granted in accordance with subsection (2) of that section.

(4) An order under this section shall not take effect unless it is confirmed by the Minister, either without modification or subject to such modifications as he considers expedient.

(5) The power of the Minister under this section to confirm an order subject to modifications shall include power—

(a) to modify any provision of the order granting planning permission, as mentioned in subsection (2) or subsection (3) of this section;

(b) to include in the order any grant of planning permission which might have been included in the order as submitted to the Minister.

(6) Where a local planning authority submit an order to the Minister for his confirmation under this section, that authority shall serve notice on the owner and on the occupier of the land affected, and on any other person who in their opinion will be affected by the order; and if within the period specified

in that behalf in the notice (not being less than twenty-eight days from the service thereof) any person on whom the notice is served so requires, the Minister, before confirming the order, shall afford to that person and to the local planning authority an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

(7) Where an order under this section has been confirmed by the Minister, the local planning authority shall serve a copy of the order on the owner and occupier of the land to which the order relates.

(8) Where the requirements of an order under this section will involve the displacement of persons residing in any premises, it shall be the duty of the local planning authority, in so far as there is no other residential accommodation suitable to the reasonable requirements of those persons available on reasonable terms, to secure the provision of such accommodation in advance of the displacement.

29.—(1) If it appears to a local planning authority that it is expedient in the interests of amenity to make provision for the preservation of trees or woodlands in their area, they may for that purpose make an order (in this Act referred to as a “tree preservation order”) with respect to such trees, groups of trees or woodlands as may be specified in the order; and, in particular, provision may be made by any such order—

- (a) for prohibiting (subject to any exemptions for which provision may be made by the order) the cutting down, topping, lopping or wilful destruction of trees except with the consent of the local planning authority, and for enabling that authority to give their consent subject to conditions;
- (b) for securing the replanting, in such manner as may be prescribed by or under the order, of any part of a woodland area which is felled in the course of forestry operations permitted by or under the order;
- (c) for applying, in relation to any consent under the order, and to applications for such consent, any of the provisions of this Act falling within the next following subsection, subject to such adaptations and modifications as may be specified in the order.

(2) References in this Act to provisions thereof falling within this subsection are references to—

- (a) the provisions of this Part of this Act relating to planning permission and to applications for planning permission, except sections fifteen and sixteen, subsections (2) to (5)

PART III

of section seventeen, subsection (1) of section nineteen and sections twenty-five and twenty-six of this Act, and

(b) such of the provisions of Part VIII of this Act as are therein stated to be provisions falling within this subsection.

(3) A tree preservation order shall not be made in relation to any land in respect of which a forestry dedication covenant is in force under the Forestry Act, 1947, or in respect of which advances have been made by the Forestry Commissioners under the Forestry Acts, 1919 to 1947.

(4) A tree preservation order shall not take effect until it is confirmed by the Minister, and the Minister may confirm any such order either without modification or subject to such modifications as he considers expedient.

(5) Provision may be made by regulations under this Act with respect to the form of tree preservation orders, and the procedure to be followed in connection with the submission and confirmation of such orders; and, subject to the next following subsection, such regulations shall, in particular, make provision for securing—

(a) that notice of the submission of any such order to the Minister shall be given to the owners and occupiers of land affected by the order;

(b) that objections and representations with respect to the proposed order duly made in accordance with the regulations shall be considered before the order is confirmed by the Minister; and

(c) that copies of the order, when confirmed by the Minister, shall be served on the owners and occupiers of the land to which it relates.

(6) If it appears to the Minister that any such order should take effect immediately, he may confirm the order provisionally without complying with the requirements of any such regulations with respect to the consideration of objections and representations; but any order so confirmed shall cease to have effect at the end of two months from the date on which it is so confirmed, unless within that period it has again been confirmed, with or without modifications, after compliance with those requirements.

(7) Without prejudice to any other exemptions for which provision may be made by a tree preservation order, no such order shall apply to the cutting down, topping or lopping of trees which are dying or dead or have become dangerous, or the cutting down, topping or lopping of any trees in compliance with any obligations imposed by or under an Act of Parliament or so far as may be necessary for the prevention or abatement of a nuisance.

(8) The preceding provisions of this section shall have effect subject to the provisions—

- (a) of section thirteen of the Forestry Act, 1951 (which relates to licences under that Act to fell trees comprised in a tree preservation order), and
- (b) of subsection (4) of section two of the Opencast Coal Act, 1958 (which relates to land comprised in an authorisation under that Act which is affected by a tree preservation order).

30.—(1) Subject to the provisions of this and the next following section, if it appears to a local planning authority that it is expedient to make provision for the preservation of any building of special architectural or historic interest in their area, they may for that purpose make an order (in this Act referred to as a “building preservation order”) restricting the demolition, alteration or extension of the building.

(2) A building preservation order shall not be made in respect of—

- (a) an ecclesiastical building which is for the time being used for ecclesiastical purposes, or
- (b) a building which is the subject of a scheme or order under the enactments for the time being in force with respect to ancient monuments, or
- (c) a building for the time being included in a list of monuments published by the Minister of Works under any such enactment,

and a building preservation order shall not be made so as to affect the powers of the Minister of Works under any such enactment.

(3) A building preservation order shall not take effect until it is confirmed by the Minister, and the Minister may confirm any such order either without modification or subject to such modifications as he considers expedient.

(4) A local planning authority shall not make a building preservation order, and the Minister shall not confirm such an order, unless satisfied that the execution of the works specified in the order would seriously affect the character of the building.

(5) Provision may be made by a building preservation order—

- (a) for requiring the consent of the local planning authority to be obtained for the execution of works of any description specified in the order, and
- (b) for applying, in relation to such consent and to applications for such consent, any of the provisions of this Act falling within subsection (2) of the last preceding section, subject to such adaptations and modifications as may be specified in the order.

PART III

Supplementary provisions as to building preservation orders.

31.—(1) Provision may be made by regulations under this Act with respect to the form of building preservation orders, and the procedure to be followed in connection with the submission and confirmation of such orders; and, subject to the next following subsection, such regulations shall, in particular, make provision for securing—

- (a) that notice of the submission of any such order to the Minister shall be given to the owner and any occupier of the building affected by the order;
- (b) that objections and representations with respect to the proposed order duly made in accordance with the regulations shall be considered before the order is confirmed by the Minister; and
- (c) that a copy of the order, when confirmed by the Minister, shall be served on the owner and any occupier of the building to which it relates.

(2) If it appears to the Minister that any such order should take effect immediately, he may confirm the order provisionally without complying with the requirements of any such regulations with respect to the consideration of objections and representations; but any order so confirmed shall cease to have effect at the end of two months from the date on which it is so confirmed, unless within that period it has again been confirmed, with or without modifications, after compliance with those requirements.

(3) Nothing in any building preservation order shall render unlawful the execution of any works which are urgently necessary in the interests of safety or health or for the preservation of the building or of neighbouring property, so long as notice in writing of the proposed execution of the works is given, as soon as may be after the necessity for the works arises, to the authority by whom the order was made.

(4) The powers conferred on a local planning authority by the last preceding section to make a building preservation order may be exercised also by the council of the county district in which the building to which the order relates is situated; and references in this Act to local planning authorities shall, in relation to those powers, be construed as including references to the council of a county district.

Lists of buildings of special architectural or historic interest.

32.—(1) With a view to the guidance of local planning authorities in the performance of their functions under this Act in relation to buildings of special architectural or historic interest, the Minister shall compile lists of such buildings, or approve, with or without modifications, such lists compiled by other persons or bodies of persons, and may amend any list so compiled or approved.

(2) As soon as may be after any list has been compiled or approved under this section, or any amendments of such a list have been made, a copy of so much of the list as relates to any county borough or county district, or of so much of the amendments as relates thereto, as the case may be, certified by or on behalf of the Minister to be a true copy thereof, shall be deposited with the clerk of the council of that borough or district, and also, where that council is not the local planning authority, with the clerk of the local planning authority.

(3) Any such copy shall be registered in the register of local land charges, in such manner as may be prescribed by rules made for the purposes of this section under subsection (6) of section fifteen of the Land Charges Act, 1925, by the proper officer of the council of the county borough or county district.

(4) As soon as may be after the inclusion of any building in a list under this section, whether on the compilation or approval of the list or by the amendment thereof, or as soon as may be after any such list has been amended by the exclusion of any building therefrom, the Minister shall serve a notice on every owner and occupier of the building, stating that the building has been included in, or excluded from, the list, as the case may be.

(5) Before compiling or approving, with or without modifications, any list under this section, or amending any list thereunder, the Minister shall consult with such persons or bodies of persons as appear to him appropriate as having special knowledge of, or interest in, buildings of architectural and historic interest.

33.—(1) Subject to the provisions of this section, so long as a building, not being—
(a) a building to which a building preservation order applies, or
(b) a building of a description specified in subsection (2) of section thirty of this Act,

Effect of inclusion of building in a list under s. 3:

is included in a list compiled or approved under the last preceding section, no person shall execute, or cause or permit to be executed, any works for the demolition of the building, or for its alteration or extension in any manner which would seriously affect its character, unless at least two months before the works are executed notice in writing of the proposed works has been given to the local planning authority.

(2) Nothing in the preceding subsection shall render unlawful the execution of any works which are urgently necessary in the interests of safety or health, or for the preservation of the building or of neighbouring property, so long as notice in writing thereof has been given to the local planning authority as soon as may be after the necessity for the works arises.

(3) Where a local planning authority receive notice of any proposed works under this section, they shall as soon as may

PART III

be send a copy of the notice to the Minister, and, except where the authority is the council of a county borough, to the council of the county district in which the building to which the notice relates is situated, and in either case to such other persons or bodies of persons as may be specified by directions of the Minister either generally or with respect to the building in question.

Control of advertisements.

34.—(1) Subject to the provisions of this section, provision shall be made by regulations under this Act for restricting or regulating the display of advertisements so far as appears to the Minister to be expedient in the interests of amenity or public safety.

(2) Without prejudice to the generality of the preceding subsection, any such regulations may provide—

- (a) for regulating the dimensions, appearance and position of advertisements which may be displayed, the sites on which advertisements may be displayed, and the manner in which they are to be affixed to the land ;
- (b) for requiring the consent of the local planning authority to be obtained for the display of advertisements, or of advertisements of any class specified in the regulations ;
- (c) for applying, in relation to any such consent and to applications for such consent, any of the provisions of this Act falling within subsection (2) of section twenty-nine thereof, subject to such adaptations and modifications as may be specified in the regulations ;
- (d) for the constitution, for the purposes of the regulations, of such advisory committees as may be prescribed by the regulations, and for determining the manner in which the expenses of any such committee are to be defrayed.

(3) Regulations made for the purposes of this section may make different provision with respect to different areas, and in particular may make special provision with respect to areas defined for the purposes of the regulations as areas of special control, being either rural areas or areas other than rural areas which appear to the Minister to require special protection on grounds of amenity ; and, without prejudice to the generality of the preceding provisions of this subsection, the regulations may prohibit the display in any such area of all advertisements except advertisements of such classes (if any) as may be specified in the regulations.

(4) Areas of special control for the purposes of regulations under this section may be defined either by reference to provisions included in that behalf in development plans or by means of orders made or approved by the Minister in accordance with the provisions of the regulations.

(5) Where the Minister is authorised by the regulations to make or approve any such order as is mentioned in the last preceding subsection, the regulations shall provide for the publication of notice of the proposed order in such manner as may be prescribed by the regulations, for the consideration of objections duly made thereto, and for the holding of such inquiries or other hearings as may be so prescribed, before the order is made or approved.

(6) Regulations made under this section may be made so as to apply to advertisements which are being displayed on the date on which the regulations come into force, or to the use for the display of advertisements of any site which was being used for that purpose on that date; but any regulations made in accordance with this subsection shall provide for exempting therefrom—

- (a) the continued display of any such advertisement, and
- (b) the continued use for the display of advertisements of any such site,

during such period as may be prescribed in that behalf by the regulations, and different periods may be so prescribed for the purposes of different provisions of the regulations.

35. Where the display of advertisements in accordance with regulations made under the last preceding section involves development of land, planning permission for that development shall be deemed to be granted by virtue of this section, and no application shall be necessary in that behalf under the preceding provisions of this Part of this Act.

Application for planning permission not needed for advertisements complying with regulations.

36.—(1) If it appears to a local planning authority that the amenity of any part of their area, or of any adjoining area, is seriously injured by the condition of any garden, vacant site or other open land in their area, then, subject to any directions given by the Minister, the authority may serve on the owner and occupier of the land a notice requiring such steps for abating the injury as may be specified in the notice to be taken within such period as may be so specified.

Proper maintenance of waste land, etc.

(2) Subject to the provisions of Part IV of this Act, a notice under this section shall take effect at the end of such period (not being less than twenty-eight days after the service thereof) as may be specified in the notice.

37.—(1) A local planning authority may, with the approval of the Minister, enter into an agreement with any person interested in land in their area for the purpose of restricting or regulating the development or use of the land, either permanently or during such period as may be prescribed by the agreement;

Agreements regulating development or use of land.

PART III

and any such agreement may contain such incidental and consequential provisions (including provisions of a financial character) as appear to the local planning authority to be necessary or expedient for the purposes of the agreement.

(2) An agreement made under this section with any person interested in land may be enforced by the local planning authority against persons deriving title under that person in respect of that land, as if the local planning authority were possessed of adjacent land and as if the agreement had been expressed to be made for the benefit of such land.

(3) Nothing in this section or in any agreement made thereunder shall be construed—

(a) as restricting the exercise, in relation to land which is the subject of any such agreement, of any powers exercisable by any Minister or authority under this Act so long as those powers are exercised in accordance with the provisions of the development plan, or in accordance with any directions which may have been given by the Minister as to the provisions to be included in such a plan, or

(b) as requiring the exercise of any such powers otherwise than as mentioned in the preceding paragraph.

(4) The power of a local planning authority to make agreements under this section may be exercised also—

(a) in relation to land in a county district, by the council of that district;

(b) in relation to land in the area of a joint planning board, by the council of the county or county borough in which the land is situated,

and references in this section to a local planning authority shall be construed accordingly.

Special provisions as to industrial development

Industrial development certificates.

38.—(1) Subject to the provisions of this and the next following section, an application to the local planning authority for permission to develop land by—

(a) the erection thereon of an industrial building of one of the prescribed classes, or

(b) a change of use whereby premises, not being an industrial building of one of the prescribed classes, will become such an industrial building,

shall be of no effect unless a certificate (in this Act referred to as an “industrial development certificate”) is issued under this section by the Board of Trade, certifying that the development in question can be carried out consistently with the proper distribution of industry, and a copy of the certificate is furnished to the local planning authority together with the application.

(2) In considering whether any development for which an industrial development certificate is applied for can be carried out consistently with the proper distribution of industry, the Board of Trade shall have particular regard to the need for providing appropriate employment in development districts.

(3) An industrial development certificate shall not be required for the extension of an industrial building if the extension, taken by itself, would not be an industrial building of one of the prescribed classes, but (subject to the provisions of the next following section) an industrial development certificate shall be required for the extension of any building if the extension, taken by itself, would be such an industrial building.

(4) The preceding provisions of this section shall have effect without prejudice to any provisions for restricting the granting of planning permission by local planning authorities which are included in a development order by virtue of section nineteen of this Act.

(5) Nothing in section twenty of this Act shall be construed as requiring an industrial development certificate on an application for permission for the retention on land of an industrial building or for the continuance of any use of land.

(6) In this and the next following section "the prescribed classes" means such classes of industrial buildings as may be prescribed by regulations made for the purposes of this section by the Board of Trade, "development district" has the meaning assigned to it by subsection (2) of section one of the Local Employment Act, 1960, and subsection (4) of that section (which provides for treating certain areas not forming part of a development district as forming part of such a district) shall apply as if this section were included among the provisions of that Act referred to in that subsection.

39.—(1) Notwithstanding anything in the last preceding section, an industrial development certificate shall not be required if the industrial floor space to be created by the development in question, together with any other industrial floor space created or to be created by any related development, does not exceed five thousand square feet, excluding, where an industrial development certificate has been issued in respect of any related development, any floor space created or to be created by that development or by development carried out, or for which planning permission has been granted, before the issue of that certificate.

Exemption of certain classes of development.

(2) Regulations made for the purposes of the last preceding section by the Board of Trade may direct that no industrial development certificate shall be required in respect of the erection, in any area prescribed by or under the regulations, of industrial buildings of any such class as may be so prescribed, or in respect of a change of use whereby premises in any such area, not being an industrial building of a class so prescribed, will become an industrial building of such a class.

PART III

(3) In this section "industrial floor space" means floor space comprised in an industrial building or industrial buildings of any of the prescribed classes, and "related development" means development relating to the same building or another building in the same group, being development which has been carried out on or after the first day of April, nineteen hundred and sixty, or for which planning permission has been granted since that date; and in this subsection "group" means a group of contiguous or adjacent buildings used as parts of a single undertaking, and any reference to development relating to a building is a reference to the erection, extension, alteration or re-erection of the building or to a change of use of the whole or part of the building.

Provision for cases where industrial development certificate withheld.

40.—(1) Where such an application as is mentioned in subsection (1) of section thirty-eight of this Act is, by virtue of that subsection, of no effect by reason that the requirements of that subsection are not fulfilled, the local planning authority shall consider whether, if those requirements had been fulfilled, they would nevertheless have refused the permission sought by the application, either in respect of the whole or in respect of part of the land to which the application relates; and if they are of the opinion that they would so have refused that permission, they shall serve on the applicant a notice in writing to that effect.

(2) Where a notice is served under the preceding subsection in respect of the whole or part of any land, it shall operate, for the purposes of sections twenty-five and twenty-six of this Act, as if the application for planning permission had been an effective application and the notice had been a planning decision of the local planning authority refusing that permission in respect of that land or that part thereof, as the case may be; and the provisions of those sections (if in those circumstances they would have been applicable) shall have effect accordingly.

Special provisions as to local authorities and statutory undertakers

Deemed planning permission.

41.—(1) Where the authorisation of a government department is required by virtue of an enactment in respect of development to be carried out by a local authority, or by statutory undertakers not being a local authority, that department may, on granting that authorisation, direct that planning permission for that development shall be deemed to be granted, subject to such conditions (if any) as may be specified in the directions.

(2) The provisions of this Act (except Parts VI and XI thereof) shall apply in relation to any planning permission deemed to be granted by virtue of directions under this section as if it had been granted by the Minister on an application referred to him under section twenty-two of this Act.

(3) For the purposes of this section development shall be taken to be authorised by a government department if—

PART III

- (a) any consent, authority or approval to or for the development is granted by the department in pursuance of an enactment ;
 - (b) a compulsory purchase order is confirmed by the department authorising the purchase of land for the purpose of the development ;
 - (c) consent is granted by the department to the appropriation of land for the purpose of the development or the acquisition of land by agreement for that purpose ;
 - (d) authority is given by the department for the borrowing of money for the purpose of the development, or for the application for that purpose of any money not otherwise so applicable ; or
 - (e) any undertaking is given by the department to pay a grant in respect of the development in accordance with an enactment authorising the payment of such grants,
- and references in this section to the authorisation of a government department shall be construed accordingly.

42.—(1) In relation to land of local planning authorities, and to the development by local authorities of land in respect of which they are the local planning authorities, the provisions of this Part of this Act, other than sections fifteen and sixteen, subsections (2) and (3) of section seventeen, and sections twenty-five and twenty-six thereof, shall have effect subject to such exceptions and modifications as may be prescribed by regulations made under this Act.

(2) Subject to the provisions of the last preceding section, any such regulations may in particular provide for securing—

- (a) that any application by such an authority for planning permission to develop such land, or for any other consent required in relation to such land under this Part of this Act, shall be made to the Minister and not to the local planning authority ;
- (b) that any order or notice authorised to be made or served under this Part of this Act in relation to such land shall be made or served by the Minister and not by that authority.

(3) Sections fifteen and sixteen and subsections (2) and (3) of section seventeen of this Act shall apply, with the necessary modifications, in relation to applications made to the Minister in pursuance of regulations made for the purposes of subsection (1) of this section, as they apply in relation to applications for planning permission which fall to be determined by the local planning authority.

PART III

Applications to determine whether planning permission required.

Supplementary provisions

43.—(1) If any person who proposes to carry out any operations on land, or to make any change in the use of land, wishes to have it determined whether the carrying out of those operations, or the making of that change, would constitute or involve development of the land, and, if so, whether an application for planning permission in respect thereof is required under this Part of this Act, having regard to the provisions of the development order, he may, either as part of an application for planning permission, or without any such application, apply to the local planning authority to determine that question.

(2) The provisions of section fourteen, subsection (1) of section seventeen, subsections (2), (4) and (5) of section nineteen, and sections twenty-two to twenty-four of this Act shall, subject to any necessary modifications, apply in relation to any application under this section, and to the determination thereof, as they apply in relation to applications for planning permission and to the determination of such applications.

Appeal to independent tribunal.

44.—(1) Provision may be made by a development order for securing that, in the case of decisions of a local planning authority of such classes as may be prescribed by the order, being decisions relating to the design or external appearance of buildings or other similar matters, any appeal under section twenty-three of this Act shall lie to an independent tribunal constituted in accordance with the provisions of that order, instead of being an appeal to the Minister; and in relation to any such appeal the provisions of that section (except, in subsection (6) thereof, the references to section sixteen and to subsection (3) of section seventeen of this Act) and the provisions of section twenty-four of this Act shall apply, subject to such adaptations and modifications as may be specified in the order, as they apply in relation to appeals to the Minister under the said section twenty-three.

(2) Without prejudice to the generality of the powers conferred by section thirty-four of this Act, regulations made for the purposes of that section may provide that any appeal from the decision of the local planning authority, on an application for their consent under the regulations, shall lie to an independent tribunal constituted in accordance with the regulations, instead of being an appeal to the Minister.

(3) If any tribunal is constituted in accordance with the preceding provisions of this section, the Minister may pay to the chairman and members of the tribunal such remuneration, whether by way of salaries or by way of fees, and such reasonable allowances in respect of expenses properly incurred in the performance of their duties, as the Treasury may determine.

PART IV

ENFORCEMENT OF PLANNING CONTROL

Enforcement where planning permission required

- 45.—(1) Where it appears to the local planning authority—
- (a) that any development of land has been carried out without the grant of planning permission required in that behalf in accordance with Part III of this Act, or
 - (b) that any conditions or limitations subject to which planning permission was granted have not been complied with,

Power to serve enforcement notices.

then, subject to any directions given by the Minister, and to the following provisions of this section, the local planning authority, if they consider it expedient to do so having regard to the provisions of the development plan and to any other material considerations, may, within the period specified in the next following subsection, serve a notice under this section (in this Act referred to as an “enforcement notice”).

- (2) The period for the service of an enforcement notice—
 - (a) where the notice relates to the carrying out of development, is the period of four years from the carrying out of that development, and
 - (b) where the notice relates to non-compliance with a condition or limitation, is the period of four years from the date of the alleged failure to comply with it.
- (3) Where the local planning authority serve an enforcement notice, the notice—
 - (a) shall be served on the owner and occupier of the land to which it relates, and
 - (b) may, if the authority think fit, also be served on any other person having an interest in that land, being an interest which in their opinion is materially affected by the notice.
- (4) An enforcement notice—
 - (a) shall specify the development which is alleged to have been carried out without the grant of planning permission as mentioned in paragraph (a) of subsection (1) of this section or, as the case may be, the matters in respect of which it is alleged that any such conditions or limitations as are mentioned in paragraph (b) of that subsection have not been complied with, and

PART IV

- (b) may require such steps as may be specified in the notice to be taken, within such period as may be so specified, for the purpose of restoring the land to its condition before the development took place, or of securing compliance with the conditions or limitations, as the case may be, and in particular may, for that purpose, require the demolition or alteration of any buildings or works, the discontinuance of any use of land, or the carrying out on land of any building or other operations.

(5) Subject to the following provisions of this Part of this Act, an enforcement notice shall take effect at the end of such period (not being less than twenty-eight days after the service thereof) as may be specified in the notice.

Appeal to
Minister
against
enforcement
notice.

46.—(1) A person on whom an enforcement notice is served, or any other person having an interest in the land, may, at any time within the period specified in the notice as the period at the end of which it is to take effect, appeal to the Minister against the notice on any of the following grounds, that is to say—

- (a) that planning permission ought to be granted for the development to which the enforcement notice relates ;
- (b) that planning permission has been granted for that development ;
- (c) that no planning permission was required in respect of that development, or, as the case may be, that the conditions or limitations subject to which planning permission for that development was granted have been complied with ;
- (d) that what is assumed in the enforcement notice to be development did not constitute or involve development ;
- (e) that the enforcement notice was not served on the owner or occupier of the land within the relevant period of four years specified in subsection (2) of the last preceding section ;
- (f) that the requirements of the enforcement notice exceed what is necessary for restoring the land to its condition before the development in question took place, or, as the case may be, for securing compliance with the conditions or limitations to which the enforcement notice relates ;
- (g) that the period specified in the enforcement notice as the period within which any steps required by that notice are to be taken falls short of what should reasonably be allowed.

(2) Any appeal under this section shall be made by notice in writing to the Minister, which shall indicate the grounds of the

appeal; and on any such appeal the Minister shall, if either the appellant or the local planning authority so desire, afford to each of them an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

PART IV

(3) Where an appeal is brought under this section, the enforcement notice shall be of no effect pending the final determination or withdrawal of the appeal.

(4) On an appeal under this section the Minister may correct any informality, defect or error in the enforcement notice if he is satisfied that the informality, defect or error is not a material one.

(5) On the determination of an appeal under this section the Minister shall give directions for giving effect to his determination, including, where appropriate, directions for quashing the enforcement notice or for varying the terms of the enforcement notice in favour of the appellant.

47.—(1) Subject to the provisions of this section, where an enforcement notice has been served on the person who, at the time when the notice was served on him, was the owner of the land to which it relates, then, if any steps required by the notice to be taken (other than the discontinuance of a use of land) have not been taken within the period allowed for compliance with the notice, that person shall be liable on summary conviction to a fine not exceeding one hundred pounds.

Penalties for non-compliance with enforcement notices.

(2) If a person against whom proceedings are brought under the preceding subsection has, at some time before the end of the period allowed for compliance with the notice, ceased to be the owner of the land, he shall, upon information duly laid by him, and on giving to the prosecution not less than three clear days' notice of his intention, be entitled to have the person who then became the owner of the land (in this section referred to as "the subsequent owner") brought before the court in the proceedings.

(3) If, after it has been proved that any steps required by the enforcement notice have not been taken within the period allowed for compliance with the notice, the original defendant proves that the failure to take those steps was attributable, in whole or in part, to the default of the subsequent owner,—

(a) the subsequent owner may be convicted of the offence, and

(b) the original defendant, if he further proves that he took all reasonable steps to secure compliance with the enforcement notice, shall be acquitted of the offence.

(4) If, after a person has been convicted under the preceding provisions of this section, he does not as soon as practicable

PART IV

do everything in his power to secure compliance with the enforcement notice, he shall be guilty of a further offence and liable on summary conviction to a fine not exceeding twenty pounds for each day following his first conviction on which any of the requirements of the enforcement notice (other than the discontinuance of a use of land) remain unfulfilled.

(5) Where, by virtue of an enforcement notice, a use of land is required to be discontinued, or any conditions or limitations are required to be complied with in respect of a use of land or in respect of the carrying out of operations thereon, then if any person uses the land or causes or permits it to be used, or carries out those operations or causes or permits them to be carried out, in contravention of the notice, he shall be guilty of an offence, and shall be liable on summary conviction to a fine not exceeding one hundred pounds; and if the use is continued after the conviction, he shall be guilty of a further offence and liable on summary conviction to a fine not exceeding twenty pounds for every day on which the use is so continued.

(6) Any reference in this section to the period allowed for compliance with an enforcement notice is a reference to the period specified in the notice for compliance therewith or such extended period as the local planning authority may allow for compliance with the notice.

(7) In this section "owner", in relation to any land, means a person, other than a mortgagee not in possession, who, whether in his own right or as trustee for any other person, is entitled to receive the rack rent of the land, or, where the land is not let at a rack rent, would be so entitled if it were so let.

Execution by local planning authority of work required by enforcement notice.

48. If, within the period specified in an enforcement notice for compliance therewith, or within such extended period as the local planning authority may allow, any steps required by the notice to be taken (other than the discontinuance of a use of land) have not been taken, the local planning authority may enter upon the land and take those steps, and may recover from the person who is then the owner of the land any expenses reasonably incurred by them in that behalf.

Supplementary provisions as to enforcement notices.

49.—(1) Any expenses incurred by the owner or occupier of any land for the purpose of complying with an enforcement notice served in respect of any development, and any sums paid by the owner of any land under the last preceding section in respect of expenses incurred by the local planning authority in taking steps required to be taken by such a notice, shall be deemed to be incurred or paid for the use and at the request of the person by whom the development was carried out.

(2) Regulations made under this Act may provide that, in relation to any steps required to be taken by an enforcement notice, all or any of the enactments specified in the next following subsection shall apply, subject to such adaptations and modifications as may be specified in the regulations, including, in the case of the enactment specified in paragraph (b) of that subsection, adaptations and modifications for the purpose of affording to the owner of land to which an enforcement notice relates the right, as against all other persons interested in the land, to comply with the requirements of the enforcement notice.

(3) The said enactments are the following provisions of the Public Health Act, 1936, that is to say—

- (a) section two hundred and seventy-six (which empowers local authorities to sell materials removed in executing works under that Act, subject to accounting for the proceeds of sale);
- (b) section two hundred and eighty-nine (which confers power to require the occupier of any premises to permit works to be executed by the owner of the premises);
- (c) section two hundred and ninety-two (which confers power on local authorities to include a sum in respect of establishment charges in their expenses in executing works); and
- (d) section two hundred and ninety-four (which limits the liability of persons holding premises as agents or trustees in respect of the expenses recoverable under that Act).

(4) Any regulations made in accordance with subsection (2) of this section may provide for the charging on the land of any expenses recoverable by a local authority under the last preceding section.

50.—(1) If, after the service of an enforcement notice, planning permission is granted for the retention on land of buildings or works, or for the continuance of a use of land, to which the enforcement notice relates, the enforcement notice shall cease to have effect in so far as it requires steps to be taken for the demolition or alteration of those buildings or works, or the discontinuance of that use, as the case may be.

Effect of
planning
permission on
enforcement
notice.

(2) If the planning permission granted as mentioned in the preceding subsection is granted so as to permit the retention of buildings or works, or the continuance of a use of land, without complying with some condition subject to which a previous planning permission was granted, the enforcement notice shall cease to have effect in so far as it requires steps to be taken for complying with that condition.

(3) The preceding provisions of this section shall be without prejudice to the liability of any person for an offence in respect

PART IV

of a failure to comply with the enforcement notice before the relevant provision of the enforcement notice ceased to have effect.

Enforcement notice to have effect against subsequent development.

51.—(1) Compliance with an enforcement notice, whether in respect of—

- (a) the demolition or alteration of any buildings or works, or
- (b) the discontinuance of any use of land,

or in respect of any other requirements contained in the enforcement notice, shall not discharge the enforcement notice.

(2) Without prejudice to the preceding subsection, any provision of an enforcement notice requiring a use of land to be discontinued shall operate as a requirement that it shall be discontinued permanently, to the extent that it is in contravention of Part III of this Act; and accordingly the resumption of that use at any time after it has been discontinued in compliance with the enforcement notice shall to that extent be in contravention of the enforcement notice.

(3) Without prejudice to subsection (1) of this section, if any development is carried out on land by way of reinstating or restoring buildings or works which have been demolished or altered in compliance with an enforcement notice, the notice shall, notwithstanding that its terms are not apt for the purpose, be deemed to apply in relation to the buildings or works as reinstated or restored as it applied in relation to the buildings or works before they were demolished or altered; and, subject to the next following subsection, the provisions of section forty-eight of this Act, and of subsection (1) of section forty-nine of this Act, shall apply accordingly.

(4) Where, at any time after an enforcement notice takes effect,—

- (a) any development is carried out on land by way of reinstating or restoring buildings or works which have been demolished or altered in compliance with the notice, and
- (b) the local planning authority propose, under section forty-eight of this Act, to take any steps required by the enforcement notice for the demolition or alteration of the buildings or works in consequence of the reinstatement or restoration,

the local planning authority shall, not less than twenty-eight days before taking any such steps, serve on the owner and occupier of the land a notice of their intention to do so.

(5) A person who, without the grant of planning permission in that behalf, carries out any development on land by way of reinstating or restoring buildings or works which have been

demolished or altered in compliance with an enforcement notice shall be guilty of an offence, and shall be liable on summary conviction to a fine not exceeding one hundred pounds; and no person shall be liable under any of the provisions of subsections (1) to (4) of section forty-seven of this Act for failure to take any steps required to be taken by an enforcement notice by way of demolition or alteration of what has been so reinstated or restored.

- (c) that the period specified in the notice as the period within which any steps required by the notice are to be taken falls short of what should reasonably be allowed;
- (d) that any of the steps required by the notice to be taken would not serve the purpose of restoring the character of the building to what it was before the works to which the notice relates were carried out, and that, if and so far as those works constituted the carrying out of development in contravention of Part III of this Act,

PART IV

planning permission ought to be granted for the retention of those works.

(2) Any appeal under this section shall be made by notice in writing to the Minister, which shall indicate the grounds of the appeal; and on any such appeal the Minister shall, if either the appellant or the local planning authority so desire, afford to each of them an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

(3) Where an appeal is brought under this section, the notice to which it relates shall be of no effect pending the final determination or withdrawal of the appeal.

PART V

ACQUISITION AND APPROPRIATION OF LAND AND PROVISIONS
RELATED THERETO*Acquisition and appropriation of land*

Compulsory
acquisition of
designated
land.

67.—(1) Where any land is designated by a development plan as subject to compulsory acquisition by a Minister or local authority or by statutory undertakers, that Minister or authority or those undertakers may be authorised to acquire that land compulsorily in accordance with the provisions of this section.

(2) The compulsory acquisition of land under this section may be authorised—

- (a) in the case of land designated by a development plan as subject to acquisition by a Minister, by that Minister ;
- (b) in the case of land so designated as subject to acquisition by a local authority, by the Minister concerned with the functions in question ;
- (c) in the case of land so designated as subject to acquisition by statutory undertakers, by the Minister who is the appropriate Minister for the purposes of those undertakers.

(3) The Acquisition of Land (Authorisation Procedure) Act, 1946, shall apply to the compulsory acquisition of land under this section, and accordingly shall have effect—

- (a) as if this section had been in force immediately before the commencement of that Act ;
- (b) as if any reference in that Act to a local authority (except the references thereto in subsection (2) of section one and in paragraph 9 of the First Schedule) included a reference to statutory undertakers ; and
- (c) as if references therein to the Minister of Transport, and to the enactments specified in paragraph (b) of subsection (1) of section one of that Act, included respectively references to any Minister and to the provisions of this section.

Compulsory
acquisition of
land for
development.

68.—(1) Where any land is designated by a development plan as subject to compulsory acquisition by the appropriate local authority, then if the Minister is satisfied—

- (a) in the case of land comprised in an area defined by the plan as an area of comprehensive development, or of land contiguous or adjacent to any such area, that the land is required in order to secure the development or redevelopment of that area or that it is expedient in the public interest that the land should be held together with land so required, or

(b) in any other case, that it is necessary that the land should be acquired under this section for the purpose of securing its use in the manner proposed by the plan, he may authorise the council of the county borough or county district in which the land is situated to acquire the land compulsorily in accordance with the provisions of this section.

(2) Where under the preceding subsection the Minister has power to authorise the council of a county borough or county district to acquire any land compulsorily, he may, if after consultation with that council, and, in the case of land in a county, with the council of that county, he thinks it expedient to do so, authorise the land to be so acquired by any other local authority instead of that council.

(2) The preceding subsection shall not apply to any right vested in, or apparatus belonging to, statutory undertakers for the purpose of the carrying on of their undertaking.

(3) In respect of any right or apparatus not falling within the last preceding subsection, subsection (1) of this section shall have effect subject—

PART V

of land for
planning
purposes.

73.—(1) Any local authority may be authorised, by an order made by that authority and confirmed by the Minister, to appropriate for any purpose specified in a development plan (being a purpose for which that authority can be authorised to acquire land under any enactment) any land for the time being held by them for other purposes, being land which is or forms part of a common, open space or fuel or field garden allotment (including any such land which is specially regulated by any enactment, whether public general or local or private), other than land which is Green Belt land within the meaning of the Green Belt (London and Home Counties) Act, 1938.

(2) Paragraph 11 of the First Schedule to the Acquisition of Land (Authorisation Procedure) Act, 1946 (which makes special provision with respect to compulsory purchase orders under that Act relating to land forming part of a common, open space or fuel or field garden allotment) shall apply to an order under this section authorising the appropriation of land as it applies to a compulsory purchase order under that Act.

(3) Section one hundred and sixty-three of the Local Government Act, 1933 (which contains general provisions as to the appropriation of land by local authorities) shall not apply to land which a local authority have power to appropriate under subsection (1) of this section.

PART V

74.—(1) Where, for the purposes of an acquisition under section sixty-eight of this Act, a local authority submit to the Minister a compulsory purchase order, and—

Order providing for expedited completion.

- (a) the order as submitted to the Minister includes an application for a direction under this section, and
- (b) the Minister is satisfied that it is urgently necessary in the public interest to empower that authority to enter upon any land (being the whole or part of the land to which the order relates) and to secure its vesting in them before the expiry of the time which would be required for the service of notices to treat,

the Minister may include in the order as confirmed by him a direction that the provisions of this Part of this Act relating to expedited completion shall apply to the order so far as it relates to the first-mentioned land.

(2) A compulsory purchase order which contains such a direction shall be registered in the register of local land charges, in such manner as may be prescribed by rules made for the purposes of this section under subsection (6) of section fifteen of the Land Charges Act, 1925, by the proper officer of the council of each county borough or county district in which the land to which the direction relates or any part thereof is situated ; and it shall be the duty of the local authority, as soon as may be after the order has become operative, to notify that fact to the proper officer of the council by whom it is required to be so registered, and to furnish him with all information relating to the order which is required for the purpose.

(3) Where a compulsory purchase order containing a direction under this section is made in respect of land which has sustained war damage, being damage which has not been made good before the date on which the order is registered under the last preceding subsection, the local authority, when they notify the fact that the order has become operative to the proper officer under the last preceding subsection, shall notify the War Damage Commission of that action having been taken.

75.—(1) The provisions of this and the next following section and of the Fourth Schedule to this Act shall have effect in relation to a compulsory purchase order which includes such a direction as is mentioned in subsection (1) of the last preceding section.

General effect of order providing for expedited completion.

(2) When the order becomes operative, the incorporated enactments shall apply as if, on the relevant date, a notice to treat had (except as provided by the next following section) been served on every person on whom under section eighteen of the

PART V

Lands Clauses Consolidation Act, 1845 (on the assumption that the acquiring authority required to take the whole of the relevant land and had knowledge of all the parties referred to in that section) the authority could have served such a notice.

(3) Subject to the next following subsection, the acquiring authority, at any time or from time to time after the order becomes operative, may execute, in respect of any area consisting of the whole or part of the relevant land, a declaration designating that area and stating—

- (a) that they intend to enter upon the land in the designated area, and take possession thereof, at the end of such period as may be specified in the declaration (not being less than fourteen days) from the date on which the service of notices on occupiers required by subsection (5) of this section is completed, and
- (b) that the land in the designated area is to vest in the acquiring authority at the end of that period.

(4) A declaration under the last preceding subsection shall not be executed before the end of the period of two months from the date of the first publication of the notice of confirmation of the order as required by the Acquisition of Land (Authorisation Procedure) Act, 1946:

Provided that the order may substitute a period longer than two months for the purposes of the operation of this subsection in relation to any land, or, if the order as submitted to the Minister so provided in respect of any land, may substitute a period shorter than two months for the purposes of the operation of this subsection in relation to that land.

(5) As soon as may be after executing a declaration under subsection (3) of this section, the acquiring authority shall serve—

- (a) on every occupier of any of the land in the area designated by the declaration (other than land excepted from this paragraph by the next following section), and
- (b) on every other person who has given information to the acquiring authority with respect to any land in that area, in pursuance of the invitation in that behalf required (in accordance with paragraph 2 of the Fourth Schedule to this Act) to be included in the notice of confirmation of the order,

(6) At the end of the period specified in such a declaration in accordance with paragraph (a) of subsection (3) of this section there shall vest in the acquiring authority the right to enter upon,

and take possession of, the land in the area designated by the declaration, or any of that land, without previous consent or compliance with sections eighty-four to ninety of the Lands Clauses Consolidation Act, 1845, and the land in that area shall vest in the acquiring authority as if, at the end of that period,—

- (a) the circumstances in which under that Act the promoters of an undertaking have powers to execute a deed poll (whether for vesting land or any interest in land in themselves or for extinguishing the whole or part of any rent-service, rentcharge, chief or other rent, or other payment or incumbrance) had arisen in respect of all the land in the designated area and in respect of all interests in that land, and
- (b) the acquiring authority had duly exercised those powers accordingly:

Provided that, in relation to tenancies to which the next following section applies, this subsection shall have effect subject to the provisions of that section.

(7) In this section “the incorporated enactments” means the provisions of the Lands Clauses Acts and the Land Compensation Act, 1961, as modified by the Second Schedule to the Acquisition of Land (Authorisation Procedure) Act, 1946, and by the provisions of this and the next following section and the Fourth Schedule to this Act, and the “relevant land”, in relation to a compulsory purchase order, means the aggregate of the land in respect of which it is directed by the order, in accordance with subsection (1) of the last preceding section, that the provisions of this Part of this Act relating to expedited completion shall apply to the order; and in this and the next following section “the relevant date”, in relation to any land, means the date on which the compulsory purchase order in question is registered under subsection (2) of the last preceding section by the proper officer of the council of the county borough or county district in which that land is situated.

76.—(1) The tenancies to which this section applies are minor tenancies and long tenancies which are about to expire.

Special provisions as to certain tenancies.

(2) Notwithstanding anything in subsection (2) of the last preceding section, no notice to treat shall by virtue of that subsection be taken to have been served on any person in respect of a tenancy to which this section applies.

(3) Land in which there subsists a tenancy to which this section applies is excepted from paragraph (a) of sub-section (5) of the last preceding section, and the reference in that paragraph to land excepted from that paragraph by this section shall be construed accordingly.

PART V

(4) Where any land in an area designated by a declaration under subsection (3) of the last preceding section is land in which a minor tenancy is subsisting, then (without prejudice to any power, exercisable by virtue of the Lands Clauses Acts, to require a tenant to give up possession) the right of entry conferred by subsection (6) of that section shall not be exercisable in respect of that land, and the vesting of the land in the acquiring authority by virtue of that subsection shall be subject to the tenancy during its subsistence.

(5) Where any land in an area designated by a declaration under subsection (3) of the last preceding section is land in which a long tenancy which is about to expire is subsisting—

- (a) the right of entry conferred by subsection (6) of the last preceding section shall not be exercisable in respect of that land unless the acquiring authority have served a notice to treat in respect of the tenancy and have thereafter served upon every occupier of any of the land in which the tenancy subsists a notice, stating that, at the end of such period as may be specified in that notice (not being less than fourteen days) from the date on which the notice is served, they intend to enter upon and take possession of such land as may be specified in that notice, and the period specified in the last-mentioned notice has expired, and
- (b) the vesting of the land in the acquiring authority shall be subject to the tenancy until the end of the period specified in the last-mentioned notice, or the cesser of the tenancy, whichever first occurs.

(6) In this section “minor tenancy” means a tenancy for a year or from year to year or any lesser interest.

(7) In this section “long tenancy which is about to expire” means a tenancy granted for an interest greater than a minor tenancy, but having at the relevant date a period still to run which is not more than the specified period (that is to say, such period, longer than one year, as may for the purposes of this subsection be specified in the order in relation to the land in which the tenancy subsists); and in determining for the purposes of this subsection what period a tenancy still has to run at the relevant date it shall be assumed—

- (a) that the tenant will exercise any option to renew the tenancy, and will not exercise any option to terminate the tenancy, then or thereafter available to him, and
- (b) that the landlord will exercise any option to terminate the tenancy then or thereafter available to him.

Powers exercisable in relation to land held for planning purposes, and other related powers

PART V

77.—(1) Where any land has been acquired or appropriated by a local authority for planning purposes and is for the time being held by the authority for the purposes for which it was so acquired or appropriated, the authority (subject to the following provisions of this section) may appropriate the land for any purpose for which they are or may be authorised in any capacity to acquire land by virtue of or under any enactment not contained in this Part of this Act. and any such consent may be given either in respect of a particular appropriation or in respect of appropriations of any class, and may be given either subject to or free from any conditions or limitations.

(3) For the purposes of subsection (2) of section twenty-three of the Act of 1959 (which makes provision as to the consent of Ministers to appropriations in certain cases) the power of appropriation conferred by subsection (1) of this section shall (except in respect of any exercise thereof in circumstances falling within the last preceding subsection) be deemed to be a power in relation to which subsection (1) of that section has effect.

(4) In relation to any appropriation under this section—

- (a) subsection (2) of section one hundred and sixty-three of the Local Government Act, 1933 (which relates to the operation of section sixty-eight of the Lands Clauses Consolidation Act, 1845), and
- (b) subsections (5) and (6) of section seventy-three of this Act,

shall have effect as they have effect in relation to appropriations under those sections respectively.

(5) In relation to any such land as is mentioned in subsection (1) of this section, this section shall have effect to the exclusion of the provisions of subsection (1) of section one hundred and sixty-three of the Local Government Act, 1933.

PART V
Disposal of
land held for
planning
purposes.

78.—(1) Where any land has been acquired or appropriated by a local authority for planning purposes, and is for the time being held by the authority for the purposes for which it was so acquired or appropriated, the authority may dispose of the land to such person, in such manner and subject to such conditions as may appear to them to be expedient in order to secure the best use of that or other land and any buildings or works which have been, or are to be, erected, constructed or carried out thereon, whether by themselves or by any other person, or to secure the erection, construction or carrying out thereon of any buildings or works appearing to them to be needed for the proper planning of the area of the authority.

(2) The consent of the Minister shall be requisite to any disposal under this section—

- (a) by an authority which is not an authority to whom Part II of the Act of 1959 applies, or

- (c) of land which, immediately before the disposal, is land which consists or forms part of a common, or formerly consisted or formed part of a common, and is held or managed by a local authority in accordance with a local Act, or
- (d) of land which, immediately before the disposal, is corporate land ;

and any such consent may be given either in respect of a particular disposal or in respect of disposals of any class, and may be given either subject to or free from any conditions or limitations.

(3) For the purposes of subsections (2) and (3) of section twenty-six of the Act of 1959 (which makes provision as to the consent of Ministers to disposals in certain cases), any disposal of land under this section shall be deemed to be a disposal which, apart from that section, could not be effected except with the consent of a Minister ; and for the purposes of subsection (4) of that section (which relates to disposals for a price, consideration or rent less than the best reasonably obtainable) the power of disposal conferred by subsection (1) of this section shall (except in respect of any exercise thereof in circumstances falling within the last preceding subsection) be deemed to be a power in relation to which subsection (1) of that section has effect.

(4) Subject to the next following subsection, if it appears to the Minister that it is expedient as mentioned in subsection (1) of this section that a local authority should dispose of land under

this section to any person, and the authority have refused to dispose of it to him or are unable to reach agreement with him as to the manner in which, or the terms or conditions on or subject to which, it is to be disposed of to him, the Minister may, after consultation with the authority and that person, require the authority to offer to dispose of it to him, and give directions as to the manner of the disposal and as to all or any of the terms or conditions on or subject to which it is to be offered to him.

(5) A local authority shall not be required by any directions given under the last preceding subsection (except to such extent as may appear to the Minister to be requisite in any particular case for giving effect to subsection (7) of this section) to offer to dispose of land for a money consideration less than the best that can reasonably be obtained, having regard to the other terms and conditions on and subject to which the offer is to be made; and any difference as to what is the best consideration shall be referred to and determined by an arbitrator agreed between the Minister and the authority, or, in default of such agreement, shall be referred to and determined by the Lands Tribunal.

(6) In estimating the best consideration for the purposes of of the last preceding subsection, any amount which only a particular purchaser might be prepared to offer by reason of special needs of his shall be disregarded.

(7) In relation—

In this subsection “development” includes redevelopment.

(8) Subject to the provisions of section twenty-seven of the Act of 1959 (which enables capital money in certain cases to be applied without the consent or approval of a Minister which

PART V

would otherwise be required) and to the provisions of subsection (6) of section thirty of that Act in so far as it relates to the application of capital money received in respect of corporate land, section one hundred and sixty-six of the Local Government Act, 1933 (which relates to the application of capital money received from the disposal of land) shall have effect in relation to capital money received in respect of transactions under this section as it has effect in relation to capital money received in respect of such transactions as are mentioned in that section.

(9) In relation to any such land as is mentioned in subsection (1) of this section, this section shall have effect to the exclusion of sections one hundred and sixty-four and one hundred and sixty-five of the Local Government Act, 1933.

Development
of land held
for planning
purposes.

79.—(1) The functions of a local authority shall include power for the authority, notwithstanding any limitation imposed by law on the capacity of the authority by virtue of its constitution, to erect, construct or carry out any building or work on any land to which this section applies, not being a building or work for the erection, construction or carrying out of which, whether by that local authority or by any other person, statutory power exists by virtue of, or could be conferred under, an alternative enactment.

(5) The functions of a local authority shall include power for the authority, notwithstanding any such limitation as is mentioned in subsection (1) of this section, to repair, maintain and insure any buildings or works on land to which this section applies, and generally to deal therewith in a proper course of management.

(6) A local authority may, with the consent of the Minister, enter into arrangements with an authorised association for the carrying out by the association of any operation which, apart from the arrangements, the local authority would have power under this section to carry out, on such terms (including terms as to the making of payments or loans by the authority to the association) as may be specified in the arrangements:

Provided that nothing in this section shall be construed as authorising such an association to carry out any operation which they would not have power to carry out apart from this subsection.

(7) Nothing in this section shall be construed as authorising any act or omission on the part of a local authority which is actionable at the suit of any person on any grounds other than such a limitation as is mentioned in subsection (1) of this section.

(8) In this section "alternative enactment" means any enactment which is not contained in this Part of this Act or in section two, section five or section fourteen of the Local Employment Act, 1960, and "authorised association" means any society, company or body of persons approved by the Minister whose objects include the promotion, formation or management of garden cities, garden suburbs or garden villages, and the erection, improvement or management of buildings for the working classes and others, and which does not trade for profit or whose constitution forbids the issue of any share or loan capital with interest or dividend exceeding the rate for the time being fixed by the Treasury.

80.—(1) In the exercise of the powers of appropriation, disposal and development conferred by the provisions of sections seventy-seven and seventy-eight of this Act, and of subsection (1) of the last preceding section, a local authority shall have regard to the desirability of preserving features of special architectural or historic interest, and in particular, listed buildings; and the Minister shall not give his consent to the appropriation or disposal thereunder of any land comprising a listed building, or to the erection, construction or carrying out of any building or work on any such land, unless either—

Special provisions as to features and buildings of architectural or historic interest.

- (b) the Minister, after giving the requisite notice of the application for his consent, is satisfied that the purpose which the local authority seek to achieve by the proposed exercise of their powers is one which ought in

PART V

the public interest to be carried out, and that the carrying out of that purpose, whether by the use of the land in question or otherwise, either—

(i) would be prevented by the preservation of the listed building, or

(ii) would be so affected by the preservation thereof that, notwithstanding the desirability of preserving the building, it is inexpedient to do so.

(2) For the purposes of paragraph (b) of the preceding subsection the requisite notice of an application for the consent of the Minister is a notice which—

(a) contains such particulars of the appropriation, disposal or operation for which his consent is sought as appear to him to be requisite, and

Provided that nothing in this subsection shall authorise interference with any right of way or right of laying down, erecting, continuing or maintaining apparatus on, under or over land, being a right vested in or belonging to statutory undertakers for the purpose of the carrying on of their undertaking.

(2) This section applies to the following interests and rights, that is to say, any easement, liberty, privilege, right or advantage annexed to land and adversely affecting other land, including any natural right to support.

(3) In respect of any interference or breach in pursuance of subsection (1) of this section, compensation shall be payable under section sixty-three or section sixty-eight of the Lands Clauses Consolidation Act, 1845, to be assessed in the same manner and subject to the same rules as in the case of other compensation under those sections in respect of injurious affection where the compensation is to be estimated in connection with a purchase under that Act or the injury arises from the execution of works on land acquired under that Act.

(4) Where a person deriving title under the local authority by whom the land in question was acquired or appropriated is liable to pay compensation by virtue of the last preceding subsection, and fails to discharge that liability, the liability shall be enforceable against the local authority:

Provided that nothing in this subsection shall be construed as affecting any agreement between the local authority and any other person for indemnifying the local authority against any liability under this subsection.

(5) Nothing in this section shall be construed as authorising any act or omission on the part of any person which is actionable at the suit of any person on any grounds other than such an interference or breach as is mentioned in subsection (1) of this section.

82.—(1) Any consecrated land, whether or not including a building, which has been acquired by a Minister, a local authority or statutory undertakers under this Part of this Act, or which has been appropriated by a local authority for planning purposes, may, subject to the following provisions of this section,—

Provided that this subsection does not apply to land which consists or forms part of a burial ground.

(2) Any use of consecrated land authorised by the preceding subsection, and the use of any land, not being consecrated land, acquired or appropriated as therein mentioned which at the time of acquisition or appropriation included a church or other building used or formerly used for religious worship or the site thereof, shall be subject to compliance with the prescribed requirements with respect to the removal and reinterment of any

PART V

human remains, and the disposal of monuments and fixtures and furnishings ; and, in the case of consecrated land, shall be subject to such provisions as may be prescribed for prohibiting or restricting the use of the land, either absolutely or until the prescribed consent has been obtained, so long as any church or other building used or formerly used for religious worship, or any part thereof, remains on the land.

(3) Any regulations made for the purposes of the last preceding subsection—

- (a) shall contain such provisions as appear to the Minister to be requisite for securing that any use of land which is subject to compliance with the regulations shall, as nearly as may be, be subject to the like control as is imposed by law in the case of a similar use authorised by an enactment not contained in this Act or by a Measure, or as it would be proper to impose on a disposal of the land in question otherwise than in pursuance of an enactment or Measure ;
- (b) shall contain requirements relating to the disposal of any such land as is mentioned in the last preceding subsection such as appear to the Minister requisite for securing that the provisions of that subsection shall be complied with in relation to the use of the land ; and
- (c) may contain such incidental and consequential provisions (including provision as to the closing of registers) as appear to the Minister to be expedient for the purposes of the regulations.

(4) Any land consisting of a burial ground or part of a burial ground, which has been acquired or appropriated as mentioned in subsection (1) of this section, may—

- (a) in the case of land acquired by a Minister, be used in any manner by him or on his behalf for any purpose for which he acquired the land, and
- (b) in any other case, be used by any person in any manner in accordance with planning permission,

notwithstanding anything in any enactment relating to burial grounds or any obligation or restriction imposed under ecclesiastical law or otherwise in respect of burial grounds :

Provided that this subsection shall not have effect in respect of any land which has been used for the burial of the dead until the prescribed requirements with respect to the removal and reinterment of human remains, and the disposal of monuments, in or upon the land have been complied with.

(5) Provision shall be made by any regulations made for the purposes of subsection (2) of this section and the proviso to the last preceding subsection—

- (a) for requiring the persons in whom the land is vested to publish notice of their intention to carry out the removal and reinterment of any human remains or the disposal of any monuments ;
- (b) for enabling the personal representatives or relatives of any deceased person themselves to undertake the removal and reinterment of the remains of the deceased, and the disposal of any monument commemorating the deceased, and for requiring the persons in whom the land is vested to defray the expenses of such removal, reinterment and disposal, not exceeding such amount as may be prescribed ;
- (c) for requiring compliance with such reasonable conditions (if any) as may be imposed, in the case of consecrated land, by the bishop of the diocese, with respect to the manner of removal, and the place and manner of reinterment of any human remains, and the disposal of any monuments, and with any directions given in any case by the Secretary of State with respect to the removal and reinterment of any human remains.

(6) Subject to the provisions of any such regulations, no faculty shall be required for the removal and reinterment in accordance with the regulations of any human remains, or for the removal or disposal of any monuments, and the provisions of section twenty-five of the Burial Act, 1857 (which prohibits the removal of human remains without the licence of the Secretary of State except in certain cases) shall not apply to a removal carried out in accordance with the regulations.

(7) Nothing in this section shall be construed as authorising any act or omission on the part of any person which is actionable at the suit of any person on any grounds other than contravention of any such obligation, restriction or enactment as is mentioned in subsection (1) or subsection (4) of this section.

(8) In this section “burial ground” includes any churchyard, cemetery or other ground, whether consecrated or not, which has at any time been set apart for the purposes of interment, and “monument” includes a tombstone or other memorial.

83.—(1) Any land being, or forming part of, a common, open space or fuel or field garden allotment, which has been acquired by a Minister, a local authority or statutory undertakers under this Part of this Act, or which has been appropriated by a local authority for planning purposes, may—

Use and development of land for open spaces.

PART V

- (a) in the case of land acquired by a Minister, be used in any manner by him or on his behalf for any purpose for which he acquired the land, and
- (b) in any other case, be used by any person in any manner in accordance with planning permission,

notwithstanding anything in any enactment relating to land of that kind, or in any enactment by which the land is specially regulated.

(2) Nothing in this section shall be construed as authorising any act or omission on the part of any person which is actionable at the suit of any person on any grounds other than contravention of any such enactment as is mentioned in the preceding subsection.

Displacement
of persons
from land
acquired or
appropriated.

84.—(1) Where any land has been acquired or appropriated for planning purposes and is for the time being held by a local authority for the purposes for which it was acquired or appropriated, and the carrying out of redevelopment on the land will involve the displacement of persons residing in premises thereon, it shall be the duty of the authority, in so far as there is no other residential accommodation suitable to the reasonable requirements of those persons available on reasonable terms, to secure the provision of such accommodation in advance of the displacements from time to time becoming necessary as the redevelopment proceeds.

(2) Section one hundred and forty-four of the Housing Act, 1957 (which imposes obligations as to the provision of housing accommodation where land is acquired under statutory powers) shall not have effect in relation to an acquisition by a local authority under section sixty-eight of this Act.

(3) If the Minister certifies that possession of a house which has been acquired or appropriated by a local authority for planning purposes, and is for the time being held by the authority for the purposes for which it was acquired or appropriated, is immediately required for those purposes, nothing in the Rent and Mortgage Interest Restrictions Acts, 1920 to 1939, shall prevent the acquiring or appropriating authority from obtaining possession of the house.

(4) Where any land has been acquired by a Minister under this Part of this Act, or has been acquired or appropriated by a local authority for planning purposes, and that Minister or the local authority in question, as the case may be, requires possession of a building on the land, or of part of such a building, for the purposes for which the land was acquired or appropriated, then, whatever may be the value or rent of the building or part of a building, that Minister or authority may obtain possession thereof under the Small Tenements Recovery Act, 1838, at any

time after the tenancy of the occupier has expired or has been determined.

PART V

(5) Where any land has been acquired by a Minister or a local authority under this Part of this Act, or has been appropriated by a local authority for planning purposes, that Minister or the local authority in question, as the case may be,—

- (a) may pay to any person who is displaced in the carrying out of redevelopment on the land such reasonable allowance as he or they think fit towards his expenses in removing, and
- (b) may pay to a person carrying on any business in a building from which he is so displaced such reasonable allowance as he or they think fit towards the loss which, in his or their opinion, that person will sustain by reason of the disturbance to his business consequent on his having to quit the building.

(6) In estimating loss for the purposes of paragraph (b) of the last preceding subsection, the Minister or local authority in question shall have regard to the period for which the premises occupied by the person referred to in that paragraph might reasonably have been expected to be available for the purpose of that person's business, and to the availability of other premises suitable for that purpose.

85.—(1) If it appears to the Minister, after consultation with the local authorities concerned, to be expedient that any land acquired by a local authority for planning purposes should be held by a joint body, consisting of representatives of that authority and of any other local authority, he may by order provide for the establishment of such a joint body and for the transfer to that body of the land so acquired.

Constitution of joint body to hold land acquired for planning purposes.

(2) Any order under this section providing for the establishment of a joint body may make such provision as the Minister considers expedient with respect to the constitution and functions of that body, including provisions—

- (a) for incorporating the joint body ;
- (b) for conferring on them, in relation to land transferred to them as mentioned in the preceding subsection, any of the powers conferred on local authorities by this Part of this Act in relation to land acquired and held by such authorities for the purposes of this Part of this Act ;
- (c) for determining the manner in which their expenses are to be defrayed.

(3) Regulations under this Act may make such provision consequential upon or supplementary to the provisions of this section as appears to the Minister to be necessary or expedient.

PART V

Supplementary provisions

Modification of incorporated enactments for purposes of Part V.

86.—(1) Where any land is designated by a development plan as subject to compulsory acquisition, and a compulsory purchase order relating to that land is submitted to the confirming authority in accordance with Part I of the First Schedule to the Act of 1946, or, as the case may be, is made in draft by a Minister in accordance with Part II of that Schedule, the confirming authority or that Minister, as the case may be, may disregard for the purposes of that Schedule any objection to the order or draft which, in the opinion of that authority or Minister, amounts in substance to an objection to the provisions of the development plan defining the proposed use of that or any other land.

(2) Where a compulsory purchase order authorising the acquisition of any land under section sixty-eight of this Act is submitted to the Minister in accordance with Part I of the First Schedule to the Act of 1946, then if the Minister—

(a) is satisfied that the order ought to be confirmed so far as it relates to part of the land comprised therein, but

(b) has not for the time being determined whether it ought to be confirmed so far as it relates to any other such land,

he may confirm the order so far as it relates to the land mentioned in paragraph (a) of this subsection, and give directions postponing consideration of the order, so far as it relates to any other land specified in the directions, until such time as may be so specified.

(3) Where the Minister gives directions under the last preceding subsection, the notices required by paragraph 6 of the First Schedule to the Act of 1946 to be published and served shall include a statement of the effect of the directions.

(4) Paragraph 9 of the First Schedule to the Act of 1946 (which makes special provision in relation to the compulsory acquisition of land of local authorities and statutory undertakers and inalienable land of the National Trust) shall not apply to land which is designated by a development plan as subject to compulsory acquisition.

(5) Regulations made under this Act may make provision for securing that any proceedings required by the First Schedule to the Act of 1946 to be taken for the purposes of the compulsory acquisition of any land under this Act may be taken concurrently with any proceedings required by or under this Act to be taken in connection with the approval, making or amendment of a development plan designating that land as subject to compulsory acquisition.

(6) In construing the Lands Clauses Acts as incorporated (by virtue of paragraph 1 of the Second Schedule to the Act of 1946) with any of the provisions of this Part of this Act—

- (a) references to the execution of the works shall be construed as including references to any erection, construction or carrying out of buildings or works authorised by section eighty-one of this Act ;
- (b) in relation to the erection, construction or carrying out of any buildings or works so authorised, references in section sixty-eight of the Lands Clauses Consolidation Act, 1845, to the promoters of the undertaking shall (notwithstanding anything in sub-paragraph (b) of paragraph 1 of the Second Schedule to the Act of 1946) be construed as references to the person by whom the buildings or works in question are erected, constructed or carried out ; and
- (c) references to the execution of the works shall be construed as including also references to any erection, construction or carrying out of buildings or works on behalf of a Minister or statutory undertakers on land acquired by that Minister or those undertakers, where the buildings or works are erected, constructed or carried out for the purposes for which the land was acquired.

(7) In this section “ the Act of 1946 ” means the Acquisition of Land (Authorisation Procedure) Act, 1946.

87.—(1) In this Part of this Act any reference to the acquisition of land for planning purposes is a reference to the acquisition thereof under section sixty-eight or section seventy-one of this Act, and any reference to the appropriation of land for planning purposes is a reference to the appropriation thereof for purposes for which land can be acquired under those sections.

Interpretation
of Part V.

(2) In relation to a local authority or body corporate, nothing in sections eighty-one to eighty-three of this Act shall be construed as authorising any act or omission on their part in contravention of any limitation imposed by law on their capacity by virtue of the constitution of the authority or body.

(3) Any power conferred by section eighty-two or section eighty-three of this Act to use land in a manner therein mentioned shall be construed as a power so to use the land, whether it involves the erection, construction or carrying out of any building or work, or the maintenance of any building or work, or not.

PART VI

COMPENSATION FOR PLANNING DECISIONS RESTRICTING
NEW DEVELOPMENT*Unexpended balance of established development value*Scope of
Part VI.

88.—(1) The provisions of this Part of this Act shall have effect for enabling compensation to be claimed in respect of planning decisions whereby permission for the carrying out of new development of land to which this section applies is refused or is granted subject to conditions.

(2) This section applies to any land in respect of which planning permission is refused or is granted subject to conditions, by a planning decision if, at the time of the planning decision, that land, or part of that land, has an unexpended balance of established development value.

(3) In accordance with the proviso to subsection (2) of section twenty of this Act, that subsection does not apply for the purposes of this Part of this Act.

(4) In this Part of this Act “interest” (where the reference is to an interest in land) means the fee simple or a tenancy of the land, and does not include any other interest therein; and any reference to the local planning authority, in relation to a planning decision made on behalf of that authority by another authority, by virtue of the delegation of any functions of the local planning authority to that other authority, shall be construed as a reference to that other authority.

Derivation of
unexpended
balance from
claims under
Part VI of
Act of 1947.

89.—(1) In determining, for the purposes of this Part of this Act, whether land has an unexpended balance of established development value, regard shall be had to claims made, in pursuance of Part VI of the Act of 1947, for payments under the scheme provided for by section fifty-eight of that Act (that is to say, the scheme which, but for the provisions of section two of the Town and Country Planning Act, 1953, would have fallen to be made under the said section fifty-eight, providing for payments in respect of interests in land depreciated in value by virtue of the provisions of the Act of 1947).

(2) Where such a claim was made in respect of an interest in land, that claim shall for the purposes of this Part of this Act be taken to have been established in respect of that land under Part VI of the Act of 1947 if an amount was determined under the said Part VI as being the development value of the interest to which the claim related, and payment in respect of that interest would not have been excluded—

(a) by section sixty-three of the Act of 1947 (which excluded claims where the development value was small in proportion to the area, or to the restricted value, of the land), or

- (b) by any of sections eighty-two to eighty-five of that Act (which related to certain land belonging to local authorities, development corporations and statutory undertakers, and to land held on charitable trusts), or
- (c) by section eighty-four of that Act as applied by regulations under section ninety of that Act (which related to the National Coal Board).
- PART VI

(3) In this Part of this Act "established claim" means a claim which by virtue of the last preceding subsection is to be taken to have been established as therein mentioned, and references to the establishment of a claim shall be construed accordingly; and "the claim area", in relation to an established claim, means the land in respect of which the claim is by virtue of that subsection to be taken to have been established.

(4) References in this Part of this Act to the benefit of an established claim—

- (a) in relation to any time before the passing of the Town and Country Planning Act, 1953, whether before or after the making of the claim, or before or after the establishment thereof, shall be construed as references to the prospective right, under and subject to the provisions of the scheme referred to in subsection (1) of this section, to receive a payment in respect of the interest in land to which the claim related, and
- (b) in relation to any time after the passing of the said Act of 1953, shall be construed as references to such prospective right to the satisfaction of the claim as subsisted by virtue of section two of that Act immediately before the first day of January, nineteen hundred and fifty-five (being the date of the commencement of the Act of 1954);

and references to part of the benefit of an established claim shall be construed accordingly.

(5) References in this Part of this Act to the amount of an established claim are references to the amount determined under Part VI of the Act of 1947 as being the development value of the interest in land to which the claim related.

(6) In this section any reference to Part VI of the Act of 1947 includes a reference to the provisions of the said Part VI as modified by the First Schedule to the Act of 1954.

90.—(1) In this Part of this Act "original unexpended balance of established development value", in relation to any land, means the unexpended balance of established development value which that land had immediately after the time when, in accordance with section ninety-two of this Act, the adjustment of claim holdings is deemed to have been completed. Original unexpended balance of established development value.

PART VI

(2) For the purposes of this Part of this Act land shall be taken to have had such a balance if, immediately after the time referred to in the preceding subsection,—

(a) there were subsisting one or more claim holdings whose area consisted of that land, or included that land together with other land, and

(b) there was not subsisting any claim holding whose area consisted of part only of that land, whether with or without other land.

(3) Where the last preceding subsection applies, there shall be attributed to the land referred to in that subsection—

(a) the value of any claim holding having an area consisting of that land, and

(b) such fraction of the value of any claim holding whose area included that land as attached to that land,

and the original unexpended balance of established development value of that land shall be taken to have been an amount equal to eight-sevenths of the amount or aggregate amount so attributed.

Claim
holdings,
their areas
and values.

91.—(1) Subject to the provisions of this and the next following section, in this Part of this Act—

(a) “claim holding” means the benefit of an established claim, references to the area of a claim holding are references to the land which, in relation to the established claim constituting that holding, is the claim area, and references to the value of a claim holding are references to the amount of the established claim constituting that holding; and

(b) references to the fraction of the value of a claim holding which attached to a part of the area of the holding are references to so much of the amount of the established claim of which that holding represents the benefit or part of the benefit (in this section referred to as “the relevant established claim”) as was properly attributable to that part of the area of the holding.

(2) In the case of a claim holding where—

(a) the area of the holding is the same as the claim area of the relevant established claim, but

(b) the value of the claim holding is, by virtue of the adjustment of claim holdings, less than the amount of the relevant established claim,

the amount of any such fraction as is referred to in paragraph (b) of the preceding subsection shall be treated as reduced proportionately.

(3) In the case of a claim holding where—

PART VI

- (a) the area of the holding consists of part only of the claim area of the relevant established claim, and
- (b) the value of the holding is, by virtue of the adjustment of claim holdings, less or greater than so much of the amount of the relevant established claim as was properly attributable to the area of the holding,

the amount of any such fraction as is referred to in paragraph (b) of subsection (1) of this section shall be treated as reduced, or (as the case may be) increased, proportionately.

(4) For the purposes of this section, the part of the amount of the relevant established claim which was properly attributable to any land forming part of the claim area shall be taken to have been so much of the amount of that claim as might reasonably be expected to have been attributed to that land, if the authority determining that amount had been required to apportion it, in accordance with the same principles as applied to its determination, between that land and the residue of the claim area.

92.—(1) The provisions of the Fifth Schedule to this Act shall have effect for the purposes of this Part of this Act; and any reference in this Part of this Act to the adjustment of claim holdings is a reference to the operation of those provisions.

Adjustment of claim holdings.

(2) For the purposes of this Part of this Act the adjustment of claim holdings shall be deemed to have been completed on the first day of January, nineteen hundred and fifty-five.

93. Where in accordance with section ninety of this Act land had an original unexpended balance of established development value, then, subject to the following provisions of this Part of this Act, that land shall be taken—

General provision for continuance of original unexpended balance.

- (a) to have continued to have that balance until the commencement of this Act, and
- (b) to continue to have that balance at all times thereafter.

94.—(1) Where at any time compensation becomes payable under this Part of this Act, or became payable under Part II of the Act of 1954, in respect of depreciation of the value of an interest in land by a planning decision, then, for the purpose of determining whether that land or any part thereof has or had an unexpended balance of established development value at any subsequent time, the amount of the compensation shall be deducted from the original unexpended balance of established development value of that land, and the original unexpended balance of that land or that part thereof shall be treated as having been reduced or extinguished accordingly immediately before that subsequent time.

Reduction or extinguishment of balance in consequence of compensation.

PART VI

(2) The preceding subsection shall have effect subject to the provisions of this Part of this Act relating to the recovery of compensation on subsequent development.

Reduction or extinguishment of balance on initiation of new development.

95.—(1) Where in accordance with section ninety of this Act land had an original unexpended balance of established development value, and at any time on or after the appointed day (whether before or after the commencement of this Act) any new development of that land is or was initiated, then (subject to the following provisions of this section) for the purpose of determining whether that land or any part thereof has or had an unexpended balance of established development value at any subsequent time,—

- (a) if the development relates or related only to that land, the value of that development (ascertained, with reference to that subsequent time, in accordance with the provisions of the Sixth Schedule to this Act), or
- (b) if the development relates or related to that land together with other land, so much of the value of that development (so ascertained) as is or was attributable to that land,

shall be deducted from the original unexpended balance of established development value of that land, and the original unexpended balance of that land or that part thereof shall be treated as having been reduced or extinguished accordingly immediately before that subsequent time.

(2) The preceding subsection shall not apply to any land if, in respect of any interest therein, a payment has become or becomes payable under section fifty-nine of the Act of 1947 (which provided for payments in respect of certain war-damaged land).

(3) For the purposes of subsection (1) of this section no account shall be taken of any development initiated before the first day of January, nineteen hundred and fifty-five, if—

- (a) a development charge under Part VII of the Act of 1947 was determined to be payable in respect thereof, or would have fallen to be so determined but for any exemption conferred by regulations under that Part of that Act, or by any provisions of Part VIII of that Act, or
- (b) in a certificate issued under section fifty-eight of the Act of 1954 (which related to monopoly value of licensed premises) it was certified that a development charge could have been determined to be payable in respect of that development if the circumstances referred to in paragraphs (a) and (b) of subsection (1) of that section had not existed.

96.—(1) Where in the case of—

- (a) a compulsory acquisition to which this section applies,
or
(b) a sale of an interest in land by agreement in circumstances corresponding to such an acquisition,

PART VI
Reduction
or extin-

powers.

any of the land in which the interest acquired or sold subsists or subsisted has or had an unexpended balance of established development value immediately before the relevant date (in this section referred to as “the relevant balance”) the following provisions of this section shall have effect for the purpose of determining whether that land or any part thereof has or had an unexpended balance of established development value at any subsequent time.

(2) This section applies—

- (a) to every compulsory acquisition of an interest in land in pursuance of a notice to treat served on or after the thirtieth day of October, nineteen hundred and fifty-eight, whether before or after the commencement of this Act, and
(b) to every compulsory acquisition of an interest in land, in pursuance of a notice to treat served on or after the first day of January, nineteen hundred and fifty-five, but before the said thirtieth day of October, by an authority possessing compulsory purchase powers, being at that time a government department or local or public authority within the meaning of the Acquisition of Land (Assessment of Compensation) Act, 1919, or a person or body of persons to whom that Act applied as it applied to such a department or authority.

(3) Unless, immediately after the acquisition or sale, there is or was outstanding some interest (other than an excepted interest) in the land to which some person other than the acquiring authority is or was entitled, the original unexpended balance of established development of that land shall be treated as having been extinguished immediately before the subsequent time referred to in subsection (1) of this section.

(4) If, immediately after the acquisition or sale, there is or was such an outstanding interest (other than an excepted interest) as is mentioned in the last preceding subsection, there shall be deducted from the said original balance an amount equal to any part of the relevant balance which is or was not attributable to any such outstanding interest, and the original unexpended balance of established development value of the land or the part thereof in question shall be treated as having been reduced or extinguished accordingly immediately before that subsequent time.

PART VI

(5) For the purposes of this section any question as to the portion of the relevant balance which is or was attributable to an interest in land—

(a) in relation to a compulsory acquisition to which this section applies, shall be determined in accordance with the provisions of the Seventh Schedule to this Act, and

(b) in relation to a sale of an interest in land by agreement in circumstances corresponding to such an acquisition, shall be determined in accordance with the provisions of that Schedule as those provisions would apply if the sale had been a compulsory acquisition in pursuance of a notice to treat served on the relevant date.

(6) Any reference in this or the next following section to a sale of an interest in land by agreement in circumstances corresponding to a compulsory acquisition to which this section applies is a reference to a sale thereof—

(a) to an authority possessing compulsory purchase powers, in pursuance of a contract made on or after the thirtieth day of October, nineteen hundred and fifty-eight, whether before or after the commencement of this Act, or

(b) to such an authority possessing compulsory purchase powers as is mentioned in paragraph (b) of subsection (2) of this section, in pursuance of a contract made on or after the first day of January, nineteen hundred and fifty-five, but before the said thirtieth day of October.

(7) In this section “the relevant date” means the date of service of the notice to treat or the date of the contract in pursuance of which the interest was sold, as the case may be, and “excepted interest” means the interest of any such person as is mentioned in section one hundred and twenty-one of the Lands Clauses Consolidation Act, 1845 (which relates to persons having no greater interest than as tenant for a year or from year to year).

Reduction or extinguishment of balance in consequence of severance or injurious affection.

97.—(1) Where in connection with—

(a) a compulsory acquisition to which the last preceding section applies, or

(b) a sale of an interest in land by agreement in circumstances corresponding to such an acquisition,

compensation is or was payable, or an amount is or was included in the purchase price, in respect of an interest in land other than the relevant land (in this section referred to as “the interest affected”), for damage sustained by reason that the relevant land is or was severed from other land held therewith, or that any

other land (whether held with the relevant land or not) is or was injuriously affected, then (subject to the following provisions of this section) for the purpose of determining whether that other land or any part thereof has or had an unexpended balance of established development value at any subsequent time, there shall be deducted from the original unexpended balance of established development value of that other land an amount calculated in accordance with the following provisions of this section, and the original unexpended balance of that land, or of the part thereof in question, as the case may be, shall be treated as having been reduced or extinguished accordingly immediately before that subsequent time.

(2) In the case of an acquisition or sale in pursuance of a notice to treat served, or contract made, on or after the thirtieth day of October, nineteen hundred and fifty-eight, the amount to be deducted, as mentioned in the preceding subsection, shall be the amount (if any) by which the compensation payable, or amount included in the purchase price, as therein mentioned exceeds or exceeded the compensation which would have been so payable, or the amount which would have been so included, if the extent of the damage sustained in respect of the other land in question had fallen to be ascertained on the assumption that planning permission would not be granted for any new development of that land, but would be granted for any development thereof other than new development.

(3) The following provisions of this section shall have effect with respect to any such acquisition or sale as is mentioned in subsection (1) of this section, being an acquisition or sale in pursuance of a notice to treat served, or contract made, before the thirtieth day of October, nineteen hundred and fifty-eight; and any such acquisition or sale is hereinafter referred to as an acquisition or sale to which this subsection applies.

(4) No such deduction as is mentioned in subsection (1) of this section shall be made in the case of an acquisition or sale to which the last preceding subsection applies unless—

- (a) where it was a compulsory acquisition, an amount was paid by way of compensation as mentioned in the said subsection (1);
- (b) the amount which was so paid, or, in the case of a sale by agreement, was included in the purchase price as mentioned in the said subsection (1) (hereafter in this section referred to as “the sum paid for severance or injurious affection”) exceeded the loss of immediate value of the interest affected; and

PART VI

(c) where it was a sale by agreement, the other land in question was held with the relevant land.

(5) Subject to the last preceding subsection, the amount to be deducted as mentioned in subsection (1) of this section, in the case of an acquisition or sale to which subsection (3) of this section applies, shall be the amount by which the sum paid for severance or injurious affection exceeded the loss of immediate value of the interest affected.

(6) The following provisions of this subsection shall have effect, in the case of an acquisition or sale to which subsection (3) of this section applies, where so much (if any) of the sum paid for severance or injurious affection as was attributable to the loss of immediate value of the interest affected was less than the depreciation in restricted value of that interest, that is to say,—

(a) the amount of the difference shall be ascertained, and

(b) for the purpose of determining whether, at any time after the acquisition or sale, the land in which the interest affected subsisted or any part thereof had or has an unexpended balance of established development value (whether or not that land or any part thereof would apart from this subsection have had an original unexpended balance of established development value) a claim holding with an area consisting of that land and a value equal to seven-eighths of the amount of the difference shall be deemed to have subsisted immediately after the time when the adjustment of claim holdings was completed.

(7) In this section—

“the loss of immediate value” means the amount (if any) by which the difference in the value of the interest affected, immediately before and immediately after the acquisition or sale, exceeded the loss of development value;

“the loss of development value” means the amount (if any) by which the value of the interest affected immediately before the acquisition or sale, if calculated on the assumption that, until such time as the land in which that interest subsisted might reasonably be expected to become ripe for new development, no use whatever could be made of that land, would have exceeded the value of that interest immediately after the acquisition or sale if calculated on the like assumption;

“the depreciation in restricted value” means the amount (if any) by which the value of the interest affected,

immediately after the acquisition or sale, would have been less than the value of that interest immediately before the acquisition or sale, if both values were calculated on the assumption that planning permission would not be granted for any new development of that land, but would be granted for any development thereof other than new development ;

“ the relevant land ”, in relation to an acquisition or sale, means the land in which the interest acquired or sold subsisted.

98.—(1) Where, immediately after the time when the adjustment of claim holdings was completed, any land taken as a whole had an original unexpended balance of established development value, and at any time thereafter (whether before or after the commencement of this Act) an act or event occurs or has occurred in relation to part of that land such that, in accordance with any of the preceding provisions of this Part of this Act, an amount is required to be deducted from the original unexpended balance of that part of that land for the purpose of determining whether it has or had an unexpended balance of established development value at any subsequent time, then (without prejudice to the operation of any of the preceding provisions of this Part of this Act with respect to any part of the land taken separately) the land taken as a whole shall be treated as not having (or as not having had) any such balance at that subsequent time.

Supplementary provisions as to deductions from original balance.

(2) Where in accordance with any of the preceding provisions of this Part of this Act an amount is required to be deducted from the original unexpended balance of established development value of any land, there shall be attributed to the various parts of that land so much of that amount as might reasonably be expected to have been attributed thereto if the authority determining the amount had been required to apportion it between those parts in accordance with the same principles as applied to its determination.

(3) Where two or more acts or events occur or have occurred in relation to the same land (whether before or after the commencement of this Act) such that, in accordance with any of the preceding provisions of this Part of this Act, an amount is required to be deducted from the original unexpended balance of established development value of that land or any part thereof, those provisions shall apply cumulatively, and the requisite deduction from the original unexpended balance of established development value of that land shall be made by reference to each of those acts or events.

PART VI
Provision of
information
relating to
unexpended
balance.

99.—(1) Subject to the provisions of this section, the Minister shall, on application being made to him by any person, and may if he thinks fit without any such application, issue a certificate in the prescribed form with respect to any land stating whether any of that land had an original unexpended balance of established development value, and, if so,—

- (a) giving a general statement of what was taken by the Central Land Board, for the purposes of Part VI of the Act of 1947, to be the state of that land on the appointed day, and
- (b) specifying (subject to any outstanding claims under Part I or Part V of the Act of 1954) the amount of that original balance.

(2) Any such certificate issued with respect to any land may, if the Minister thinks fit, contain additional information with respect to acts or events in consequence of which, in accordance with any of the preceding provisions of this Part of this Act, an amount is required to be deducted from the original unexpended balance of established development value of any of that land.

(3) Where, at any time on or after the first day of January, nineteen hundred and fifty-five (whether before or after the commencement of this Act), a notice to treat has been served with a view to the compulsory acquisition of an interest in land by an authority possessing compulsory purchase powers, that authority may apply to the Minister for, and shall be entitled to the issue of, a certificate showing the unexpended balance of established development value (if any) of any of that land immediately before the service of that notice.

(4) Where the issue of a certificate under this section with respect to any land involves a new apportionment, or, in the case of a certificate under the last preceding subsection, involves the calculation of a deduction from the original unexpended balance of established development value by virtue of section ninety-five of this Act, then—

- (a) except in the case of a certificate under the last preceding subsection, or of a certificate which the Minister proposes to issue without any application being made for it, the certificate shall not be issued otherwise than on the application of a person who is for the time being entitled to an interest in that land ;
- (b) before issuing the certificate, the Minister shall give notice in writing to any person entitled to an interest in land appearing to him to be an interest which will be substantially affected by the apportionment or calculation, giving particulars of the proposed apportionment or calculation, and stating that objections or

other representations with respect thereto may be made to the Minister within the period of thirty days from the date of the notice ; and

- (c) the certificate shall not be issued before the end of that period, and if within that period an objection to the proposed apportionment or calculation has been made by any person to whom notice has been given under the last preceding paragraph, or by any other person who establishes that he is entitled to an interest in land which is substantially affected by the apportionment or calculation, and that objection has not been withdrawn, the next following subsection shall have effect.

(5) Where by virtue of paragraph (c) of the last preceding subsection this subsection is to have effect, then—

- (a) if within a further period of thirty days the person by whom any such objection was made requires the dispute to be referred to the Lands Tribunal, the dispute shall be so referred, and the certificate shall not be issued until either the Tribunal has decided the matter or the reference to the Tribunal has been withdrawn ;
- (b) the certificate may be issued before the end of the said further period if every such objection has been withdrawn ;
- (c) the certificate shall be issued at the end of that further period, notwithstanding that every such objection has not been withdrawn, if no requirement has within that period been made under paragraph (a) of this subsection.

(6) Where, on a reference to the Lands Tribunal under this section, it is shown that a new apportionment relates partly to the same matters as a previous apportionment, and is consistent with that previous apportionment in so far as it relates to those matters, the Tribunal shall not vary the new apportionment in such a way as to be inconsistent with the previous apportionment in so far as it relates to those matters.

(7) A certificate under subsection (3) of this section shall be conclusive evidence of the unexpended balance shown therein ; and a certificate under subsection (1) of this section shall be sufficient proof of any facts stated therein unless the contrary is shown.

(8) An application for a certificate under this section shall be made in such form and manner as may be prescribed, and shall be accompanied by sufficient particulars, including a map if necessary, to enable the land to be identified, and, where a new apportionment will be involved, particulars of the nature of the applicant's interest, and such information as to the nature of any

PART VI other interest in the land, and as to the name and address of the person entitled to that other interest, as may be known to the applicant.

(9) On any application under subsection (1) of this section the applicant shall pay in the prescribed manner a fee of five shillings, and, if the application involves a new apportionment, the certificate shall not be issued until the applicant has paid in the prescribed manner a further fee of fifteen shillings.

(10) In this section "new apportionment" means an apportionment which relates wholly or partly to any matter to which no previous apportionment related.

Right to compensation

General provision as to right to compensation.

100. Subject to the provisions of this Part of this Act, a person shall be entitled to compensation under this Part of this Act in respect of a planning decision whereby planning permission for the carrying out of new development of land is refused, or is granted subject to conditions, if—

- (a) at the time of the decision he is entitled to an interest in any land to which the decision relates which has an unexpended balance of established development value, and
- (b) the value of that interest, or, in the case of an interest extending to other land, the value of that interest in so far as it subsists in such land as is referred to in the preceding paragraph, is depreciated by the decision.

Planning decisions not ranking for compensation.

101.—(1) Compensation under this Part of this Act shall not be payable—

- (a) in respect of the refusal of planning permission for any development which consists of or includes the making of any material change in the use of any buildings or other land, or
- (b) in respect of any decision made on an application in pursuance of regulations under section thirty-four of this Act for consent to the display of advertisements.

(2) Compensation under this Part of this Act shall not be payable in respect of the imposition, on the granting of planning permission to develop land, of any condition relating to—

- (a) the number or disposition of buildings on any land ;
- (b) the dimensions, design, structure or external appearance of any building, or the materials to be used in its construction ;

- (c) the manner in which any land is to be laid out for the purposes of the development, including the provision of facilities for the parking, loading, unloading or fuelling of vehicles on the land ;
- (d) the use of any buildings or other land ; or
- (e) the location or design of any means of access to a highway, or the materials to be used in the construction of any such means of access,

or in respect of any condition subject to which permission is granted for the winning and working of minerals.

In this subsection " means of access to a highway " does not include a service road.

(3) Compensation under this Part of this Act shall not be payable in respect of the refusal of permission to develop land, if the reason or one of the reasons stated for the refusal is that development of the kind proposed would be premature by reference to either or both of the following matters, that is to say,—

- (a) the order of priority (if any) indicated in the development plan for the area in which the land is situated for development in that area ;
- (b) any existing deficiency in the provision of water supplies or sewerage services, and the period within which any such deficiency may reasonably be expected to be made good :

Provided that this subsection shall not apply if the planning decision refusing the permission is made on an application made more than seven years after the date of a previous planning decision whereby permission to develop the same land was refused for the same reason, or for reasons which included the same reason.

(4) Compensation under this Part of this Act shall not be payable in respect of the refusal of permission to develop land, if the reason or one of the reasons stated for the refusal is that the land is unsuitable for the proposed development on account of its liability to flooding or to subsidence.

(5) In subsection (3) of this section, the reference to the development plan for the area in which the land is situated is a reference to the development plan for that area as approved by the Minister, or, if the plan so approved has been amended by the Minister, to that plan as so amended.

(6) For the purposes of this section, a planning decision whereby permission to develop land is granted subject to a condition prohibiting development on a specified part of that land shall be treated as a decision refusing the permission with respect to that part of the land.

PART VI
No compensation if certain other development permitted.

102.—(1) Compensation under this Part of this Act shall not be payable in respect of a planning decision whereby permission is refused for the development of land if, notwithstanding that refusal, there is available with respect to that land planning permission for development to which this section applies:

Provided that, where such permission is available with respect to part only of the land, this section shall have effect only in so far as the interest subsists in that part.

(2) Where a claim for compensation under this Part of this Act is made in respect of an interest in any land, planning permission for development to which this section applies shall be taken for the purposes of this section to be available with respect to that land or a part thereof if, immediately before the Minister gives notice of his findings in respect of that claim, there is in force with respect to that land, or that part thereof, a grant of, or an undertaking by the Minister to grant, planning permission for some such development, subject to no conditions other than such as are mentioned in subsection (2) of the last preceding section.

(3) This section applies to any development of a residential, commercial or industrial character, being development which consists wholly or mainly of the construction of houses, flats, shop or office premises, or industrial buildings (including warehouses), or any combination thereof.

Further exclusions from compensation.

103.—(1) Where an interest in any land has (whether before or after the commencement of this Act) been compulsorily acquired by, or sold to, an authority possessing compulsory purchase powers (not being statutory undertakers or the National Coal Board), that authority, and any person deriving title from that authority under a disposition made by that authority on or at any time after the appointed day, shall not be entitled to compensation under this Part of this Act in respect of a planning decision made after the service of the notice to treat, or after the making of the contract of sale, as the case may be, by reason that the value of that interest, or of any interest created (whether immediately or derivatively) out of that interest, is depreciated by the decision.

(2) The preceding subsection shall apply to land which has at any time on or after the appointed day (whether before or after the commencement of this Act) been appropriated by a local authority for a purpose for which the authority could have been authorised to acquire the land compulsorily, as it applies to land in which an interest has been acquired as mentioned in that subsection, with the substitution, for the reference to the service of the notice to treat, of a reference to the appropriation.

(3) Where at the relevant date any land was or is operational land of statutory undertakers, or land of the National Coal Board of a class specified in regulations made under section ninety of the Act of 1947 or under section two hundred and four of this Act, the statutory undertakers or the National Coal Board, as the case may be, and any person deriving title from those undertakers or that Board, shall not be entitled to compensation under this Part of this Act, in respect of a planning decision made after the relevant date, by reason that the value of any interest in that land is depreciated by that decision.

In this subsection "the relevant date", in relation to land which was such operational land or land of the National Coal Board as is mentioned in this subsection on the first day of January, nineteen hundred and fifty-five, means that day, and, in relation to land which (whether before or after the commencement of this Act) became or becomes such operational land or land of the National Coal Board on a date subsequent to the said first day of January, means that subsequent date.

(4) A person shall not be entitled to compensation under this Part of this Act in respect of depreciation of the value of an interest in land by a planning decision if he is entitled to compensation by virtue of section one hundred and nineteen of this Act in respect of depreciation of the value of that interest by that decision.

104.—(1) The provisions of this section shall have effect where—

(a) on an application for planning permission for the carrying out of new development of land, a planning decision is made whereby the permission is granted, whether unconditionally or subject to conditions, and

Grant of planning permission treated as subject to notional condition.

(b) the Minister certifies that he is satisfied that particular buildings or works to which the application related were only included therein because the applicant had reason to believe that permission for the other development to which the application related (in this section referred to as "the principal development") would not have been granted except subject to a condition requiring the erection or construction of those buildings or works.

(2) Where the preceding subsection applies, then for the purposes of this Part of this Act—

(a) the application shall be deemed to have included, in place of those buildings or works, such other development of the land on which the buildings or works were to be erected or constructed as might reasonably have been expected to have been included having regard to the principal development; and

PART VI

- (b) the permission shall be deemed to have been granted for the principal development subject to a condition requiring the erection or construction of those buildings or works.

Notice under s. 40 treated as planning decision.

105. Where a notice under subsection (1) of section forty of this Act is served in respect of the whole or part of any land, the provisions of this Part of this Act shall have effect as if the application, in consequence of which the notice is served, had been an effective application for planning permission, and as if the notice had been a planning decision of the local planning authority refusing that permission in respect of that land or that part thereof, as the case may be.

Measure of compensation

General provisions as to amount of compensation.

106.—(1) Where a person is entitled to compensation under this Part of this Act in respect of depreciation by a planning decision of the value of an interest in land, the amount of the compensation, subject to the following provisions of this section, shall be whichever is the lesser of the following amounts, that is to say,—

- (a) the amount by which the value of that interest (if it is an interest subsisting only in land to which this section applies), or (if it is an interest extending to other land) the amount by which the value of the interest in so far as it subsists in land to which this section applies, is depreciated by the decision ; and
- (b) the amount of the unexpended balance of established development value, immediately before the decision, of so much of the land in which the interest subsists as is land to which this section applies.

(2) Land to which this section applies, in relation to a planning decision, is land which—

- (a) constitutes or forms part of the decision area, and
- (b) at the time of the decision has an unexpended balance of established development value.

(3) If, in the case of any land to which this section applies, compensation is payable under this Part of this Act in respect of two or more interests in that land by reason of the same planning decision, and the aggregate amount of compensation payable apart from this subsection in respect of those interests would exceed the amount mentioned in paragraph (b) of subsection (1) of this section, the amount mentioned in that paragraph shall be allocated between those interests in proportion to the depreciation of the value of each of them respectively, and the amount of the compensation payable in respect of any of those interests shall be the sum so allocated to that interest.

(4) Where the land constituting the decision area, taken as a whole, does not satisfy both of the following conditions, that is to say,—

- (a) that at the time of the decision it has an unexpended balance of established development value, and
- (b) that every interest subsisting therein, the value of which is depreciated by the decision, subsists in the whole of that land,

the provisions of the next following subsection shall have effect for the purpose of assessing the compensation payable under this Part of this Act in respect of any interest subsisting in that land or any part thereof.

(5) Where this subsection applies in relation to an interest in land—

- (a) the depreciation of the value of the interest by the planning decision shall first be ascertained with reference to the whole of the land which constitutes or forms part of the decision area and is land in which that interest subsists ;
- (b) the land referred to in the preceding paragraph shall then be treated as divided into as many parts as may be requisite to ensure that each such part consists of land which either satisfies both of the conditions mentioned in the last preceding subsection or is not land which, at the time of the decision, has an unexpended balance of established development value ; and
- (c) the depreciation of the value of the interest, ascertained in accordance with paragraph (a) of this subsection, shall then be apportioned between those parts, according to the nature of those parts and the effect of the planning decision in relation to each of them,

and the amount of the compensation shall be the aggregate of the amounts which would be payable by virtue of the preceding provisions of this section if the planning decision had been made separately with respect to each of those parts.

(6) In this section “ the decision area ” in relation to a planning decision means the aggregate of the land to which the decision relates.

107.—(1) For the purposes of this Part of this Act, the value of an interest in land, or of an interest in so far as it subsists in particular land, shall be taken to be depreciated by a planning decision (in this section referred to as “ the relevant decision ”) if, and to the extent to which, that value, calculated in accordance with the following provisions of this section, falls short of

Assessment of depreciation.

PART VI what that value, so calculated, would have been if the relevant decision had been a decision to the contrary effect.

(2) Subject to the following provisions of this section, any such value shall for the purposes of this section be calculated—

- (a) as at the time of the relevant decision, but
- (b) as affected by that decision, by any grant of planning permission made after that decision and in force immediately before the Minister gives notice of his findings on the claim for compensation in respect of that decision, and by any undertaking to grant planning permission so in force, and
- (c) on the assumption that, after the relevant decision, and apart from any such permission or undertaking as is mentioned in the last preceding paragraph, planning permission would not be granted for any new development of the land in question, but would be granted for any development thereof other than new development.

(3) If in consequence of another planning decision or of an order, being a decision or order made—

- (a) before the relevant decision, and
- (b) either in respect of the whole or part of the land to which the relevant decision relates, or in respect of land which includes the whole or part of that land,

compensation to which this subsection applies has become or becomes payable in respect of that other planning decision or that order, the calculation to be made under this section shall be made as if that other planning decision had been a decision to the contrary effect, or that order had not been made, as the case may be.

(4) The last preceding subsection applies—

- (a) to any compensation payable under this Part of this Act, or under Part II or Part V of the Act of 1954, and
- (b) to so much of any compensation payable under section one hundred and eighteen of this Act, or under the provisions of that section as applied by section one hundred and nineteen thereof, and so much of any compensation to which Part IV of the Act of 1954 applied, as is or was payable in respect of loss or damage consisting of depreciation of the value of an interest in land.

(5) In this section “ a decision to the contrary effect ”—

- (a) in relation to a decision refusing permission, means a decision granting the permission subject to such conditions (if any) of a description falling within subsection

113.—(1) No person shall carry out any new development to which this section applies, on land in respect of which a notice (hereafter in this Part of this Act referred to as a “compensation notice”) is registered under the last preceding section, until such amount (if any) as is recoverable under this section in respect of the compensation specified in the notice has been paid or secured to the satisfaction of the Minister.

PART VI
Recovery of
compensation
on subsequent
development.

(2) Subject to the following provisions of this section, this section applies to any new development—

- (a) which is development of a residential, commercial or industrial character and consists wholly or mainly of the construction of houses, flats, shop or office premises, or industrial buildings (including warehouses), or any combination thereof, or
- (b) which consists in the winning and working of minerals, or
- (c) to which, having regard to the probable value of the development, it is in the opinion of the Minister reasonable that this section should apply.

(3) This section shall not apply to any development by virtue of paragraph (c) of the last preceding subsection if, on an application made to him for the purpose, the Minister has certified that, having regard to the probable value of the development, it is not in his opinion reasonable that this section should apply thereto.

(4) Where the compensation specified in the compensation notice became payable in respect of the imposition of conditions on the granting of permission to develop land, this section shall not apply to the development for which that permission was granted.

114.—(1) Subject to the following provisions of this section, the amount recoverable under the last preceding section in respect of the compensation specified in a compensation notice—

Amount
recoverable,
and pro-
visions for
payment or
remission
thereof.

- (a) if the land on which the development is to be carried out (in this subsection referred to as “the development area”) is identical with, or includes (with other land) the whole of, the land comprised in the compensation notice, shall be the amount of compensation specified in that notice;
- (b) if the development area forms part of the land comprised in the compensation notice, or includes part of that land together with other land not comprised in that notice, shall be so much of the amount of the compensation specified in that notice as is attributable to land comprised in that notice and falling within the development area.

PART VI

(2) Where, in the case of any land in respect of which a compensation notice has been registered, the Minister is satisfied, having regard to the probable value of any proper development of that land, that no such development is likely to be carried out unless he exercises his powers under this subsection, he may, in the case of any particular development, remit the whole or part of any amount otherwise recoverable under the last preceding section; and where part only of any such amount has been remitted, he shall cause the compensation notice to be amended by substituting therein, for the statement of the amount of the compensation, in so far as it is attributable to that land, a statement of the amount which has been remitted under this subsection.

(3) Where, in connection with the development of any land, an amount becomes recoverable under the last preceding section in respect of the compensation specified in a compensation notice, then, except where, and to the extent that, payment of that amount has been remitted under the last preceding subsection, no amount shall be recoverable under the last preceding section in respect of that compensation, in so far as it is attributable to that land, in connection with any subsequent development thereof.

(4) No amount shall be recoverable under the last preceding section in respect of any compensation by reference to which a sum has become recoverable by the Minister under section one hundred and ninety of this Act.

(5) An amount recoverable under the last preceding section in respect of any compensation shall be payable to the Minister, and—

(a) shall be so payable either as a single capital payment or as a series of instalments of capital and interest combined, or as a series of other annual or periodical payments, of such amounts, and payable at such times, as the Minister may direct, after taking into account any representations made by the person by whom the development is to be carried out; and

(b) except where the amount is payable as a single capital payment, shall be secured by that person in such manner (whether by mortgage, covenant or otherwise) as the Minister may direct.

(6) If any person initiates any new development to which the last preceding section applies in contravention of subsection (1) of that section, the Minister may serve a notice on him specifying the amount appearing to the Minister to be the amount recoverable under that section in respect of the compensation in question, and requiring him to pay that amount to the Minister within such period, not being less than three months after the service of the notice, as may be specified in the notice.

(2) of section one hundred and one of this Act as the authority making the decision might reasonably have been expected to impose if the permission had not been refused ; and

(b) in relation to a decision granting the permission subject to conditions, means a decision granting the permission applied for subject only to such of those conditions (if any) as fell within subsection (2) of that section.

Claims for, and payment of, compensation

108.—(1) Compensation under this Part of this Act shall not be payable unless a claim for it is duly made in accordance with the provisions of this section. General provisions as to claims for compensation.

(2) A claim for compensation under this Part of this Act shall not have effect unless it is made before the end of the period of six months beginning with the date of the planning decision to which it relates:

Provided that the Minister may in any particular case (either before, on or after the date on which the time for claiming would otherwise have expired) allow an extended, or further extended, period for making such a claim.

(3) Regulations made under this section may—

(a) require claims for compensation under this Part of this Act to be made in a form prescribed by the regulations ;

(b) require a claimant to provide such evidence in support of the claim, and such information as to the interest of the claimant in the land to which the claim relates, and as to the interests of other persons therein which are known to the claimant, as may be so prescribed.

(4) Any claim for such compensation in respect of a planning decision shall be sent to the local planning authority ; and it shall be the duty of that authority, as soon as may be after receipt of a claim, to transmit the claim to the Minister, and to furnish the Minister with—

(a) any evidence or other information provided by the claimant in accordance with regulations made under this section, and

(b) such other information (if any) as may be required by or under regulations made under this section, being information appearing to the Minister to be relevant to the exercise of his powers under the provisions of Part III of this Act relating to the review of planning decisions where compensation is claimed.

PART VI

(5) Where a claim is transmitted to the Minister under the last preceding subsection—

- (a) if it appears to the Minister that the development to which the planning decision related was not new development, or that at the time of the planning decision no part of the land to which the claim relates had an unexpended balance of established development value, or that compensation is excluded by section one hundred and one or section one hundred and two of this Act, the Minister shall notify the claimant accordingly, stating on which of those grounds it appears to him that compensation is not payable, and inviting the claimant to withdraw the claim;
- (b) unless the claim is withdrawn, the Minister shall give notice of the claim to every other person (if any) appearing to him to have an interest in the land to which the planning decision related.

Effect on claims of direction under s. 25.

109.—(1) Where, in accordance with subsection (3) of section twenty-six of this Act, the Minister gives notice of a direction under section twenty-five of this Act to a person who has made a claim for compensation in respect of the planning decision to which that direction relates, that person, if he does not withdraw the claim, may, at any time within thirty days after the service on him of the Minister's notice, give notice to the Minister modifying the claim.

(2) Subject to any modification by virtue of a notice given by a claimant under the preceding subsection, where the Minister gives a direction under section twenty-five of this Act in respect of a decision of a local planning authority, any claim made in respect of that decision shall have effect as if it had been made in respect of the decision which, by virtue of the direction, is substituted for the decision of the authority, or, as the case may be, as if it had been made in respect of the decision of the authority as modified by the direction.

Determination of claims.

110.—(1) Provision shall be made by regulations under this section—

- (a) for requiring claims for compensation under this Part of this Act to be determined by the Minister in such manner as may be prescribed by the regulations;
- (b) for regulating the practice and procedure to be followed in connection with the determination of such claims;
- (c) for requiring the Minister, on determining any such claim, to give notice of his findings to the claimant, and to every other person (if any) who has made a claim for compensation under this Part of this Act in respect of the same planning decision, and, if his findings in-

clude an apportionment, to give particulars of the apportionment to any other person entitled to an interest in land appearing to the Minister to be an interest substantially affected by the apportionment.

(2) Subject to the next following subsection, provision shall be made by regulations under this section—

- (a) for enabling the claimant or any other person to whom notice of the Minister's findings has been given in accordance with the preceding subsection, if he wishes to dispute the findings, and any other person to whom particulars of an apportionment included in those findings have been so given, or who establishes that he is entitled to an interest in land which is substantially affected by such an apportionment, if he wishes to dispute the apportionment, to require the findings, or, as the case may be, the apportionment, to be referred to the Lands Tribunal ;
- (b) for enabling the claimant and every other person to whom notice of any findings or apportionment has been given as mentioned in the preceding paragraph to be heard by the Tribunal on any reference under this section of those findings or of that apportionment, as the case may be ; and
- (c) for requiring the Tribunal, on any such reference, either to confirm or to vary the Minister's findings or the apportionment, as the case may be, and to notify the parties of the decision of the Tribunal.

(3) Where on a reference to the Lands Tribunal under this section it is shown that an apportionment relates wholly or partly to the same matters as a previous apportionment, and is consistent with that previous apportionment in so far as it relates to those matters, the Tribunal shall not vary the apportionment in such a way as to be inconsistent with the previous apportionment in so far as it relates to those matters.

111. Where compensation is determined under the last preceding section to be payable, the Minister shall pay the compensation to the person entitled thereto in accordance with the preceding provisions of this Part of this Act.

Subsequent recovery of compensation

112.—(1) Where, on a claim for compensation under this Part of this Act in respect of a planning decision, the Minister determines that compensation is payable and that the amount of the compensation exceeds twenty pounds, the Minister shall (if it appears to him to be practicable to do so) apportion the amount of the compensation between different parts of the land to which

PART VI the claim for compensation relates, and shall include particulars of the apportionment in the notice of his findings under section one hundred and ten of this Act.

(2) In carrying out an apportionment under the preceding subsection the Minister shall divide the land into parts, and shall distribute the compensation between those parts, according to the way in which the different parts of the land appear to him to be differently affected by the planning decision.

(3) On a reference to the Lands Tribunal under section one hundred and ten of this Act, unless the decision of the Tribunal will not affect the amount of the compensation or any apportionment thereof by the Minister, the preceding provisions of this section shall apply with the substitution, for references to the Minister, of references to the Lands Tribunal.

(4) Where, on a claim for compensation under this Part of this Act in respect of a planning decision, compensation has become payable of an amount exceeding twenty pounds, the Minister shall cause notice of that fact, specifying the planning decision and the land to which the claim for compensation relates, and the amount of the compensation and any apportionment thereof under this section, to be deposited with the council of the county borough or county district in which the land is situated, and, if that council is not the local planning authority, with the local planning authority.

(5) Notices deposited under this section shall be registered in the register of local land charges, in such manner as may be prescribed by rules made for the purposes of this section under subsection (6) of section fifteen of the Land Charges Act, 1925, by the proper officer of the council of the county borough or county district.

(6) In relation to compensation specified in a notice registered under this section, references in this Part of this Act to so much of the compensation as is attributable to a part of the land to which the notice relates shall be construed in accordance with the following provisions, that is to say,—

- (a) if the notice does not include an apportionment under the preceding provisions of this section, the amount of the compensation shall be treated as distributed rateably according to area over the land to which the notice relates ;
- (b) if the notice includes such an apportionment, the compensation shall be treated as distributed in accordance with that apportionment as between the different parts of the land by reference to which the apportionment is made ; and so much of the compensation as, in accordance with the apportionment, is attributed to a part of the land shall be treated as distributed rateably according to area over that part of the land.

PART VI

115.—(1) Where an amount has become recoverable under section one hundred and thirteen of this Act in respect of the compensation specified in a compensation notice, the following provisions of this section shall have effect for the purpose of determining any question as to the unexpended balance of established development value of any land at any subsequent time.

Amount recovered not to be deducted from unexpended balance.

(2) Except where, and to the extent that, payment of that amount has been remitted under the last preceding section, so much (if any) of that compensation as is attributable to that land shall, for the purpose mentioned in the preceding subsection, be treated as not having become payable, and accordingly (notwithstanding anything in section ninety-four of this Act) shall not be deducted from that balance.

Supplementary provisions

116.—(1) Regulations made under this section may make provision as to the exercise of the right to claim compensation under this Part of this Act, and as to the person to whom such compensation or any part thereof is to be paid, and as to the application of any such compensation or any part thereof, in cases where, apart from this section, the right to claim the compensation is exercisable by reference to an interest in land which is subject to a mortgage, or to a rentcharge, or to the trusts of a settlement, or which was so subject at a time specified in the regulations.

Mortgages, rentcharges and settlements.

(2) In relation to any case where, by virtue of any such regulations, compensation or a part thereof is to be paid to the owner of a rentcharge, the regulations may apply all or any of the provisions of section twenty-five of the War Damage Act, 1943 (which relates to the rights of owners of rentcharges as to payments for war damage) subject to such adaptations and modifications as may be prescribed by the regulations, and may provide for disputes arising under the regulations, so far as they relate to rentcharges, to be referred to the Lands Tribunal for determination by that tribunal.

117.—(1) In calculating value for any of the purposes of this Part of this Act—

Calculation of value.

- (a) rules (2) to (4) of the rules set out in section five of the Land Compensation Act, 1961, shall apply with the necessary modifications; and
- (b) if the interest to be valued is subject to a mortgage, it shall be treated as if it were not subject to the mortgage:

Provided that rule (3) of those rules shall not apply for the purposes of the Sixth Schedule to this Act.

PART VI

(2) Where, for the purposes of any of the provisions of this Part of this Act, value falls to be calculated by reference to the duration of a tenancy, and, by reason of any option or other contractual right with respect to the determination, renewal or continuance of the tenancy, the date of expiry of the tenancy is not ascertainable with certainty, that date shall be taken to be such as appears reasonable and probable having regard to the interests of the party by whom the option is exercisable, or in whose favour the right operates, and to any other material considerations subsisting at the time when the calculation of value falls to be made.

PART VII

COMPENSATION FOR OTHER PLANNING RESTRICTIONS

Revocation or modification of planning permission

Compensation where planning permission revoked or modified.

118.—(1) Where planning permission is revoked or modified by an order under section twenty-seven of this Act, then if, on a claim made to the local planning authority within the time and in the manner prescribed by regulations under this Act, it is shown that a person interested in the land—

(a) has incurred expenditure in carrying out work which is rendered abortive by the revocation or modification, or

(b) has otherwise sustained loss or damage which is directly attributable to the revocation or modification,

the local planning authority shall pay to that person compensation in respect of that expenditure, loss or damage.

(2) For the purposes of this section, any expenditure incurred in the preparation of plans for the purposes of any work, or upon other similar matters preparatory thereto, shall be taken to be included in the expenditure incurred in carrying out that work.

(3) Subject to the last preceding subsection, no compensation shall be paid under this section in respect of any work carried out before the grant of the permission which is revoked or modified, or in respect of any other loss or damage (not being loss or damage consisting of depreciation of the value of an interest in land) arising out of anything done or omitted to be done before the grant of that permission.

(4) In calculating, for the purposes of this section, the amount of any loss or damage consisting of depreciation of the value of an interest in land, it shall be assumed that planning permission would be granted for development of the land of any class specified in the Third Schedule to this Act.

(5) In this Part of this Act any reference to an order under section twenty-seven of this Act includes a reference to an order under the provisions of that section as applied by subsection (2) of section twenty-eight of this Act.

PART VII

119.—(1) The provisions of this section shall have effect where—

Application ofs. 118 to special cases of refusal or conditional grant of planning permission.

- (a) planning permission for the development of land has been granted by a development order, and
- (b) that permission is withdrawn, whether by the revocation or amendment of the order or by the issue of directions under powers in that behalf conferred by the order, and
- (c) on an application made in that behalf under Part III of this Act, planning permission for that development is refused, or is granted subject to conditions other than those previously imposed by the development order.

(2) In any case falling within the preceding subsection, the provisions of the last preceding section shall apply as if the planning permission granted by the development order—

- (a) had been granted by the local planning authority under Part III of this Act, and
- (b) had been revoked or modified by an order under section twenty-seven of this Act,

and the provisions of section one hundred and twenty (except paragraph (b) of subsection (5) thereof) and of sections one hundred and twenty-one and one hundred and twenty-two of this Act shall apply as if references therein to an order under section twenty-seven of this Act were references to the planning decision whereby the planning permission in question is refused, or is granted subject to conditions other than those previously imposed by the development order.

120.—(1) Where compensation becomes payable under the preceding provisions of this Part of this Act, and includes compensation for depreciation of an amount exceeding twenty pounds, the local planning authority shall (if it appears to them to be practicable to do so) apportion the amount of the compensation for depreciation between different parts of the land to which the claim for that compensation relates, and give particulars of any such apportionment to the claimant and to every other person (if any) entitled to an interest in land which appears to the authority to be substantially affected by the apportionment.

Registration and apportionment of compensation for depreciation.

(2) In carrying out an apportionment under the preceding subsection, the local planning authority shall divide the land into parts, and shall distribute the compensation for depreciation between those parts, according to the way in which different parts of the land appear to the authority to be differently affected by the order in consequence of which the compensation is payable.

(3) Subsection (2) of section one hundred and ten of this Act, and any regulations made by virtue thereof, shall have effect with respect to any such apportionment (subject to any necessary

PART VII modifications) as they have effect with respect to an apportionment under subsection (1) of section one hundred and twelve of this Act.

(4) On a reference to the Lands Tribunal by virtue of the last preceding subsection, subsections (1) and (2) of this section, so far as they relate to the making of an apportionment, shall apply with the substitution, for references to the local planning authority, of references to the Lands Tribunal.

(5) Where compensation becomes payable under the preceding provisions of this Part of this Act, and includes compensation for depreciation exceeding twenty pounds, the local planning authority shall give notice thereof to the Minister, specifying the amount of the compensation for depreciation and any apportionment thereof under this section; and subsections (4) to (6) of section one hundred and twelve of this Act shall have effect with respect thereto as they have effect with respect to compensation under Part VI of this Act, subject, however, to any necessary modifications, and, in particular, with the substitution—

(a) for references to the compensation mentioned in that section, of references to the compensation for depreciation specified in the notice, and

(b) for references to the planning decision, of references to the order under section twenty-seven of this Act in consequence of which the compensation is payable.

(6) In this and the next following section “compensation for depreciation” means so much of any compensation payable under the preceding provisions of this Part of this Act as is payable in respect of loss or damage consisting of depreciation of the value of an interest in land, and “interest” (where the reference is to an interest in land) means the fee simple or a tenancy of the land and does not include any other interest therein.

Exchequer contribution towards compensation in certain cases.

121.—(1) Where a notice under the last preceding section is given to the Minister in consequence of the making of an order under section twenty-seven of this Act, and the circumstances are such that, if the permission revoked or modified by the order had been refused, or, as the case may be, had been granted as so modified, at the time when it was granted, compensation under Part VI of this Act could have been claimed and would have been payable by the Minister, the Minister may, subject to the provisions of this section, pay to the local planning authority a contribution of the amount appearing to him to be the amount of compensation which would have been so payable by him under Part VI of this Act.

(2) The amount of any such contribution shall not exceed—

(a) the amount of the compensation for depreciation paid by the local planning authority, or

- (b) the unexpended balance of established development value, at the date of the making of the order, of the land in respect of which that compensation was paid.
- (3) Regulations made under this section shall make provision, in relation to cases where the Minister proposes to pay a contribution under this section,—
- (a) for requiring the Minister to give notice of his proposal to persons entitled to such interests as may be prescribed in the land to which the proposal relates, and to such other persons (if any) as may be determined in accordance with the regulations to be affected by the proposal ;
- (b) for enabling persons to whom notice of the proposal is given to object to the proposal, on the grounds that compensation would not have been payable as mentioned in subsection (1) of this section, or that the amount of the compensation so payable would have been less than the amount of the proposed contribution ;
- (c) for enabling any person making such an objection to require the matter in dispute to be referred to the Lands Tribunal for determination ; and
- (d) where a contribution under this section is paid, for applying (with any necessary modifications) the provisions of Part VI of this Act as to the reduction or extinguishment of the unexpended balance of established development value of land, as if the contribution had been a payment of compensation under Part VI of this Act.

122.—(1) In relation to notices registered under the provisions of section one hundred and twelve of this Act, as applied by the preceding provisions of this Part of this Act, sections one hundred and thirteen and one hundred and fourteen of this Act shall have effect as they have effect in relation to compensation notices registered as therein mentioned: Recovery, on subsequent development, of compensation under s. 118.

Provided that, in a case where the compensation under section one hundred and eighteen of this Act specified in such a notice became payable in respect of an order modifying planning permission, the said sections shall not apply to development in accordance with that permission as modified by the order.

(2) Subject to the next following subsection, any sum recovered by the Minister under section one hundred and thirteen of this Act, as applied by the preceding subsection, shall be paid to the local planning authority who paid the compensation to which that sum relates.

PART VII

(3) In paying any such sum to the local planning authority, the Minister shall deduct therefrom—

(a) the amount of any contribution paid by him under the last preceding section in respect of the compensation to which the sum relates ;

(b) the amount of any grant paid by him under Part XII of this Act in respect of that compensation :

Provided that, if the sum recovered by the Minister is an instalment of the total sum recoverable, or is recovered by reference to development of part of the land in respect of which the compensation was payable, any deduction to be made under paragraph (a) or paragraph (b) of this subsection shall be a deduction of such amount as the Minister may determine to be the proper proportion of the amount referred to in that paragraph.

Other restrictions

Compensation for planning decisions restricting development other than new development.

123.—(1) The provisions of this section shall have effect where, on an application for planning permission to carry out development of any class specified in Part II of the Third Schedule to this Act, the Minister, either on appeal or on the reference of the application to him for determination, refuses the permission or grants it subject to conditions.

(2) If, on a claim made to the local planning authority within the time and in the manner prescribed by regulations under this Act, it is shown that the value of the interest of any person in the land is less than it would have been if the permission had been granted, or had been granted unconditionally, as the case may be, the local planning authority shall pay to that person compensation of an amount equal to the difference.

(3) In determining, for the purposes of the last preceding subsection, whether or to what extent the value of an interest in land is less than it would have been if the permission had been granted, or had been granted unconditionally,—

(a) it shall be assumed that any subsequent application for the like planning permission would be determined in the same way ; but

(b) if, in the case of a refusal of planning permission, the Minister, on refusing that permission, undertook to grant planning permission for some other development of the land in the event of an application being made in that behalf, regard shall be had to that undertaking.

(4) Where, on such an application as is mentioned in subsection (1) of this section, planning permission is granted by the Minister subject to conditions for regulating the design or

external appearance of buildings, or the size or height of buildings, the Minister, if it appears to him to be reasonable to do so having regard to the local circumstances, may direct that those conditions shall be disregarded, either altogether or to such extent as may be specified in the direction, in assessing the compensation (if any) payable under this section.

(5) Where, in the case of an application for planning permission to carry out any such development as is mentioned in subsection (1) of this section, a notice under subsection (1) of section forty of this Act is served in respect of the whole or part of the land to which the application relates, the preceding provisions of this section shall have effect as if the application had been an effective application for planning permission, and as if that permission had been refused, as mentioned in subsection (1) of this section, in respect of that land or that part thereof, as the case may be.

(6) No compensation shall be payable under this section in respect of an interest in land in respect of which a purchase notice is served.

124.—(1) The provisions of this section shall have effect where an order is made under section twenty-eight of this Act, requiring a use of land to be discontinued, or imposing conditions on the continuance thereof, or requiring any buildings or works on land to be altered or removed. Compensation in respect of orders under s. 28.

(2) If, on a claim made to the local planning authority within the time and in the manner prescribed by regulations under this Act, it is shown that any person has suffered damage in consequence of the order by depreciation of the value of an interest in the land to which he is entitled, or by being disturbed in his enjoyment of the land, that authority shall pay to that person compensation in respect of that damage.

(3) Without prejudice to the last preceding subsection, any person who carries out any works in compliance with the order shall be entitled, on a claim made as mentioned in that subsection, to recover from the local planning authority compensation in respect of any expenses reasonably incurred by him in that behalf.

(4) Any compensation payable to a person under this section by virtue of such an order as is mentioned in subsection (1) of this section shall be reduced by the value to him of any timber, apparatus or other materials removed for the purpose of complying with the order.

PART VII

Compensation in respect of tree and building preservation orders.

125.—(1) The matters for which provision may under section twenty-nine of this Act be made by a tree preservation order, or may under section thirty of this Act be made by a building preservation order, include the payment by the local planning authority, subject to such exceptions and conditions as may be specified in the order, of compensation in respect of damage or expenditure caused or incurred in consequence of the refusal of any consent required under the order, or of the grant of any such consent subject to conditions.

(2) Subsection (4) of section thirty-one of this Act applies for the purposes of this section.

Compensation for restrictions on advertising.

126. Where, for the purpose of complying with any regulations made under section thirty-four of this Act, works are carried out by any person—

- (a) for removing an advertisement which was being displayed on the seventh day of January, nineteen hundred and forty-seven, and was being displayed on the date on which the regulations came into force, or
- (b) for discontinuing the use for the display of advertisements of a site used for that purpose on the last-mentioned date,

that person shall, on a claim made to the local planning authority within the time and in the manner prescribed by regulations under this Act, be entitled to recover from that authority compensation in respect of any expenses reasonably incurred by him in that behalf.

Supplementary provisions

General provisions as to compensation for depreciation under Part VII.

127.—(1) For the purpose of assessing any compensation to which this section applies, the rules set out in section five of the Land Compensation Act, 1961, shall, so far as applicable and subject to any necessary modifications, have effect as they have effect for the purpose of assessing compensation for the compulsory acquisition of an interest in land.

(2) This section applies to any compensation which, under the preceding provisions of this Part of this Act, other than section one hundred and twenty-five thereof, is payable in respect of depreciation of the value of an interest in land.

(3) Where an interest in land is subject to a mortgage—

- (a) any compensation to which this section applies, which is payable in respect of depreciation of the value of that interest, shall be assessed as if the interest were not subject to the mortgage ;
- (b) a claim for any such compensation may be made by any mortgagee of the interest, but without prejudice to

the making of a claim by the person entitled to the interest ;

PART VII

- (c) no compensation to which this section applies shall be payable in respect of the interest of the mortgagee (as distinct from the interest which is subject to the mortgage) ; and
- (d) any compensation to which this section applies which is payable in respect of the interest which is subject to the mortgage shall be paid to the mortgagee, or, if there is more than one mortgagee, to the first mortgagee, and shall in either case be applied by him as if it were proceeds of sale.

128.—(1) Except in so far as may be otherwise provided by any tree preservation order or building preservation order, or by any regulations made under this Act, any question of disputed compensation under this Part of this Act shall be referred to and determined by the Lands Tribunal.

Determination of claims for compensation.

(2) In relation to the determination of any such question, the provisions of sections two and four of the Land Compensation Act, 1961, shall apply, subject to any necessary modifications and to the provisions of any regulations made under this Act.

PART VIII

PROVISIONS ENABLING OWNER TO REQUIRE PURCHASE OF HIS INTEREST

Interests affected by planning decisions or orders

129.—(1) Where, on an application for planning permission to develop any land, permission is refused or is granted subject to conditions, then if any owner of the land claims—

Purchase notice on refusal or conditional grant of planning permission.

- (a) that the land has become incapable of reasonably beneficial use in its existing state, and
- (b) in a case where planning permission was granted subject to conditions, that the land cannot be rendered capable of reasonably beneficial use by the carrying out of the permitted development in accordance with those conditions, and
- (c) in any case, that the land cannot be rendered capable of reasonably beneficial use by the carrying out of any other development for which planning permission has been granted or for which the local planning authority or the Minister has undertaken to grant planning permission,

he may, within the time and in the manner prescribed by regulations under this Act, serve on the council of the county borough

PART VIII or county district in which the land is situated a notice requiring that council to purchase his interest in the land in accordance with the following provisions of this Part of this Act.

(2) Where, for the purpose of determining whether the conditions specified in paragraphs (a) to (c) of the preceding subsection are fulfilled in relation to any land, any question arises as to what is or would in any particular circumstances be a reasonably beneficial use of that land, then, in determining that question for that purpose, no account shall be taken of any prospective use of that land which would involve the carrying out of new development.

(3) A notice under this section, or under any other provision of this Part of this Act to which this subsection is applied, is in this Act referred to as a "purchase notice".

Action by council on whom purchase notice is served.

130.—(1) The council on whom a purchase notice is served under the last preceding section shall, before the end of the period of three months beginning with the date of service of that notice, serve on the owner by whom the purchase notice was served a notice stating either—

- (a) that the council are willing to comply with the purchase notice, or
- (b) that another local authority or statutory undertakers specified in the notice under this subsection have agreed to comply with it in their place, or
- (c) that, for reasons specified in the notice under this subsection, the council are not willing to comply with the purchase notice and have not found any other local authority or statutory undertakers who will agree to comply with it in their place, and that they have transmitted a copy of the purchase notice to the Minister, on a date specified in the notice under this subsection, together with a statement of the reasons so specified.

(2) Where the council on whom a purchase notice is served by an owner have served on him a notice in accordance with paragraph (a) or paragraph (b) of the preceding subsection, the council, or the other local authority or statutory undertakers specified in the notice, as the case may be, shall be deemed to be authorised to acquire the interest of the owner compulsorily in accordance with the provisions of Part V of this Act, and to have served a notice to treat in respect thereof on the date of service of the notice under the preceding subsection.

(3) Where the council on whom a purchase notice is served by an owner propose to serve on him a notice in accordance

with paragraph (c) of subsection (1) of this section, they shall transmit a copy of the purchase notice to the Minister, together with a statement of their reasons. PART VIII

131.—(1) Where a copy of a purchase notice is transmitted to the Minister under subsection (3) of the last preceding section, the Minister shall consider whether to confirm the notice or to take other action under the next following section in respect thereof. Procedure on reference of purchase notice to Minister.

(2) Before confirming a purchase notice or taking any other action under the next following section in respect thereof, the Minister shall give notice of his proposed action—

- (a) to the person by whom the purchase notice was served ;
- (b) to the council on whom the purchase notice was served ;
- (c) to the local planning authority for the area in which the land is situated ; and
- (d) if the Minister proposes to substitute any other local authority or statutory undertakers for the council on whom the purchase notice was served, to that other local authority or those statutory undertakers.

(3) If, within such period as may be specified in a notice under the last preceding subsection, being a period of not less than twenty-eight days from the service of that notice, any of the persons, authorities or statutory undertakers on whom that notice is served so requires, the Minister, before confirming the purchase notice or taking any other action under the next following section in respect thereof, shall afford to those persons, authorities and undertakers an opportunity of appearing before, and being heard by, a person appointed by the Minister for the purpose.

(4) Where the Minister has given notice under subsection (2) of this section of his proposed action, and any of the persons, authorities and statutory undertakers concerned have appeared before and been heard by a person appointed by the Minister for the purpose, and it then appears to the Minister to be expedient to take action under the next following section otherwise than in accordance with the notice given by him, the Minister may take that action accordingly.

132.—(1) Subject to the following provisions of this section, if the Minister is satisfied that the conditions specified in paragraphs (a) to (c) of subsection (1) of section one hundred and twenty-nine of this Act are fulfilled in relation to a purchase notice, he shall confirm the notice. Action by Minister in relation to purchase notice.

(2) If it appears to the Minister to be expedient to do so, he may, in lieu of confirming the purchase notice, grant planning permission for the development in respect of which the application was made, or, where planning permission for that development was granted subject to conditions, revoke or amend those

PART VIII

conditions so far as appears to him to be required in order to enable the land to be rendered capable of reasonably beneficial use by the carrying out of that development.

(3) If it appears to the Minister that the land, or any part of the land, could be rendered capable of reasonably beneficial use within a reasonable time by the carrying out of any other development for which planning permission ought to be granted, he may, in lieu of confirming the purchase notice, or in lieu of confirming it so far as it relates to that part of the land, as the case may be, direct that planning permission for that development shall be granted in the event of an application being made in that behalf.

(4) If it appears to the Minister, having regard to the probable ultimate use of the land, that it is expedient to do so, he may, if he confirms the notice, modify it, either in relation to the whole or in relation to any part of the land to which it relates, by substituting another local authority or statutory undertakers for the council on whom the notice was served.

(5) In the last preceding section, any reference to the taking of action by the Minister under this section is a reference to the taking by him of any such action as is mentioned in subsections (1) to (4) of this section, or to the taking by him of a decision not to confirm the purchase notice on the grounds that any of the conditions referred to in subsection (1) of this section are not fulfilled.

Effect of
Minister's
action in
relation to
purchase
notice.

133.—(1) Where the Minister confirms a purchase notice, the council on whom the purchase notice was served (or, if under subsection (4) of the last preceding section the Minister modified the purchase notice by substituting another local authority or statutory undertakers for that council, that other local authority or those statutory undertakers) shall be deemed to be authorised to acquire the interest of the owner compulsorily in accordance with the provisions of Part V of this Act, and to have served a notice to treat in respect thereof on such date as the Minister may direct.

(2) If, before the end of the relevant period, the Minister has neither confirmed the purchase notice nor taken any such action in respect thereof as is mentioned in subsection (2) or subsection (3) of the last preceding section, and has not notified the owner by whom the notice was served that he does not propose to confirm the notice, the notice shall be deemed to be confirmed at the end of that period, and the council on whom the notice was served shall be deemed to be authorised to acquire the interest of the owner compulsorily in accordance with the provisions of Part V of this Act, and to have served a notice to treat in respect thereof at the end of that period.

(3) For the purposes of the last preceding subsection the relevant period is whichever of the following periods first expires, that is to say,—

- (a) the period of nine months beginning with the date of service of the purchase notice, and
- (b) the period of six months beginning with the date on which a copy of the purchase notice was transmitted to the Minister.

(4) Where the Minister has notified the owner by whom a purchase notice has been served of a decision on his part to confirm, or not to confirm, the notice (including any decision not to confirm the notice in respect of part of the land to which it relates, and including any decision to grant any permission, or give any direction, in lieu of confirming the notice, either wholly or in part) and that decision of the Minister is quashed under the provisions of Part XI of this Act, the purchase notice shall be treated as cancelled, but the owner may serve a further purchase notice in its place.

(5) For the purposes of any regulations made under this Act as to the time within which a purchase notice may be served, the service of a purchase notice under the last preceding subsection shall not be treated as out of time if the notice is served within the period which would be applicable in accordance with those regulations if the planning decision, in consequence of which the notice is served, had been made on the date on which the decision of the Minister was quashed as mentioned in the last preceding subsection.

134.—(1) Where by virtue of section one hundred and eighteen of this Act compensation is payable in respect of expenditure incurred in carrying out any work on land, then, if a purchase notice is served in respect of an interest in that land, any compensation payable in respect of the acquisition of that interest in pursuance of the purchase notice shall be reduced by an amount equal to the value of the works in respect of which compensation is payable by virtue of that section.

Special provisions as to compensation where purchase notice served.

(2) Where a purchase notice served in respect of an interest in land does not take effect, or does not take effect in relation to a part of the land, by reason that the Minister gives a direction under subsection (3) of section one hundred and thirty-two of this Act, then if, on a claim made to the local planning authority within the time and in the manner prescribed by regulations under this Act, it is shown that the permitted development value of that interest (or, as the case may be, of that interest so far as it relates to that part of the land) is less than its existing use value, the local planning authority shall pay to the person entitled to that interest compensation of an amount which (subject to the following provisions of this section) shall be equal to the difference.

PART VIII

(3) If the planning permission which, by the direction referred to in the last preceding subsection, is required to be granted would be granted subject to conditions for regulating the design or external appearance of buildings, or the size or height of buildings, or for regulating the number of buildings to be erected on the land, the Minister, if it appears to him to be reasonable to do so having regard to the local circumstances, may direct that those conditions shall be disregarded, either altogether or to such extent as may be specified in the direction, in assessing any compensation payable under the last preceding subsection.

(4) Sections one hundred and twenty-seven and one hundred and twenty-eight of this Act shall have effect in relation to compensation under subsection (2) of this section as they have effect in relation to compensation to which those sections apply.

(5) In this section "permitted development value", in relation to an interest in land in respect of which a direction is given under subsection (3) of section one hundred and thirty-two of this Act, means the value of that interest calculated with regard to that direction, but on the assumption that no planning permission would be granted otherwise than in accordance with that direction, and "existing use value", in relation to such an interest, means the value of that interest as (for the purpose of ascertaining the compensation payable on an acquisition thereof in pursuance of the purchase notice) that value would have been assessed in accordance with the provisions of the Acquisition of Land (Assessment of Compensation) Act, 1919, as modified by the provisions of sections fifty-one to fifty-four of the Act of 1947, if no enactment repealing, modifying or superseding any of those provisions had been passed after the passing of the Act of 1947.

Purchase notice in respect of order revoking or modifying planning permission.

135.—(1) Where by an order under section twenty-seven of this Act planning permission in respect of any land is revoked, or is modified by the imposition of conditions, then if any owner of the land claims—

- (a) that the land has become incapable of reasonably beneficial use in its existing state, and
- (b) in a case where the planning permission was modified by the imposition of conditions, that the land cannot be rendered capable of reasonably beneficial use by the carrying out of the permitted development in accordance with those conditions, and
- (c) in any case, that the land cannot be rendered capable of reasonably beneficial use by the carrying out of any other development for which planning permission has been granted or for which the local planning authority or the Minister has undertaken to grant planning permission,

he may, within the time and in the manner prescribed by regulations under this Act, serve on the council of the county borough or county district in which the land is situated a notice requiring that council to purchase his interest in the land in accordance with the preceding provisions of this Part of this Act.

(2) Subsection (3) of section one hundred and twenty-nine of this Act shall apply to this section; and, subject to the next following subsection, subsection (2) of that section and sections one hundred and thirty to one hundred and thirty-four of this Act shall apply to a notice served by virtue of subsection (1) of this section as they apply to a notice served by virtue of subsection (1) of section one hundred and twenty-nine of this Act.

(3) In the application of section one hundred and thirty-two of this Act to a purchase notice served by virtue of subsection (1) of this section, that section shall apply as if the following subsection were substituted for subsection (2) thereof:

- (c) in respect of any order under section twenty-seven of this Act, as modified by section one hundred and sixty-one thereof, whereby planning permission, granted on the application of those undertakers for the development of any such land, is revoked or modified.

(2) Where, by virtue of section one hundred and sixty-four of this Act, any right vested in or belonging to statutory undertakers is extinguished, or any requirement is imposed on statutory undertakers, those undertakers shall be entitled to compensation from the acquiring or appropriating authority at whose instance the right was extinguished or the requirement imposed.

(3) Notwithstanding anything in subsection (1) of this section, if the decision or order in question relates to land acquired by the statutory undertakers after the seventh day of January, nineteen hundred and forty-seven, and the Minister and the appropriate Minister are satisfied, having regard to the nature, situation and existing development of the land and of any neighbouring land, and to any other material considerations, that it is unreasonable that compensation should be recovered in respect of that decision or order, they may include therein a direction that subsection (1) of this section shall not apply to that decision or order :

Provided that the power conferred by this subsection shall not be exercisable in relation to a decision falling within paragraph (b) of subsection (1) of this section, if the land in question

was acquired by the statutory undertakers (whether compulsorily or by agreement) for the purposes of the development to which the decision relates, and was so acquired with the consent or authority of a government department.

171.—(1) Where statutory undertakers are entitled to compensation— Measure of compensation to statutory undertakers.

- (a) as mentioned in subsection (1) or subsection (2) of the last preceding section, or
- (b) under the provisions of section one hundred and twenty-four in respect of an order made under section twenty-eight of this Act as modified by section one hundred and sixty-two thereof, or
- (c) in respect of a compulsory acquisition of land which has been acquired by those undertakers for the purposes of their undertaking, where the first-mentioned acquisition is effected under a compulsory purchase order confirmed or made without the appropriate Minister's certificate,

the amount of the compensation shall (subject to the next following section) be an amount calculated in accordance with the following provisions of this section.

(2) The said amount, subject to the next following subsection, shall be the aggregate of the following amounts, that is to say—

- (a) the amount of any expenditure reasonably incurred in acquiring land, providing apparatus, erecting buildings or doing work for the purpose of any adjustment of the carrying on of the undertaking rendered necessary by the proceeding giving rise to compensation ;
- (b) whichever of the following is applicable, namely—
 - (i) where such an adjustment is made, the estimated amount of any decrease in net receipts from the carrying on of the undertaking pending the adjustment, in so far as the decrease is directly attributable to the proceeding giving rise to compensation, together with such amount as appears reasonable compensation for any estimated decrease in net receipts from the carrying on of the undertaking in the period after the adjustment has been completed, in so far as the decrease is directly attributable to the adjustment ;
 - (ii) where no such adjustment is made, such amount as appears reasonable compensation for any estimated decrease in net receipts from the carrying on of the undertaking which is directly attributable to the proceeding giving rise to compensation ;

PART X

(c) where the compensation is under subsection (2) of the last preceding section, and is in respect of the imposition of a requirement to remove apparatus, the amount of any expenditure reasonably incurred by the statutory undertakers in complying with the requirement, reduced by the value after removal of the apparatus removed.

(3) Where any such adjustment as is mentioned in paragraph (a) of the last preceding subsection is made, the aggregate amount mentioned in that subsection shall be reduced by such amount (if any) as appears to the Lands Tribunal to be appropriate to offset—

(a) the estimated value of any property (whether moveable or immoveable) belonging to the statutory undertakers and used for the carrying on of their undertaking which, in consequence of the adjustment, ceases to be so used, in so far as the value of the property has not been taken into account under paragraph (c) of the last preceding subsection, and

(b) the estimated amount of any increase in net receipts from the carrying on of the undertaking in the period after the adjustment has been completed, in so far as that amount has not been taken into account under paragraph (b) of the last preceding subsection and is directly attributable to the adjustment,

and by any further amount which appears to the Lands Tribunal to be appropriate, having regard to any increase in the capital value of immoveable property belonging to the statutory undertakers which is directly attributable to the adjustment, allowance being made for any reduction made under paragraph (b) of this subsection.

(4) References in this section to a decrease in net receipts shall be construed as references to the amount by which a balance of receipts over expenditure is decreased, or a balance of expenditure over receipts is increased, or, where a balance of receipts over expenditure is converted into a balance of expenditure over receipts, as references to the aggregate of the two balances; and references to an increase in net receipts shall be construed accordingly.

(5) In this section “proceeding giving rise to compensation” means the particular action (that is to say, the decision, order, extinguishment of a right, imposition of a requirement, or acquisition) in respect of which compensation falls to be assessed, as distinct from any development or project in connection with which that action may have been taken, and “the appropriate Minister’s certificate” has the same meaning as in section one hundred and sixty-three of this Act.

(2) Subject to the preceding subsection, any regulations made for the purposes of section one hundred and eighty-four of this Act may make provision whereby the payment of grants in pursuance of the regulations is dependent upon the fulfilment of such conditions as may be determined by or in accordance with the regulations, and may also make provision for requiring local authorities to whom grants have been so paid to comply with such requirements as may be so determined.

187. The power of the Public Works Loan Commissioners to make loans under section nine of the Public Works Loans Act, 1875, shall include power to make loans to a local authority for the purpose of the discharge by them of their functions under any of the provisions of this Act specified in paragraph 1 of the Eighth Schedule thereto.

Loans to local authorities.

188. Where compensation is payable by a local authority under this Act in consequence of any decision or order given or made under Part III of this Act, or under the provisions of Part VIII of this Act relating to purchase notices, then if that decision or order was given or made wholly or partly in the interest of a service which is provided by a government department, and the cost of which is defrayed out of moneys provided by Parliament, the Minister responsible for the administration of that service may pay to that authority a contribution of such amount as he may with the consent of the Treasury determine.

Contributions by Ministers towards compensation paid by local authorities.

189.—(1) Without prejudice to the provisions of subsections (1) and (3) of section two hundred and thirty-eight of the Highways Act, 1959 (which relate to contributions by certain local authorities towards expenses incurred in connection with highways), any local authority may contribute towards any expenses incurred by a local highway authority or by the Minister of Transport in the acquisition of land under Part V of this Act, or in the construction or improvement of roads on land so acquired, or in connection with any development required in the interests of the proper planning of the area of the local authority.

Contributions by local authorities and statutory undertakers.

PART XII

(2) Any local authority and any statutory undertakers may contribute towards—

- (a) any expenses incurred by a local planning authority in or in connection with the carrying out of a survey or the preparation of a development plan under Part II of this Act ;
- (b) any expenses incurred by a local planning authority, or by the council of a county district, in or in connection with the performance of any of their functions under Part III, Part IV or Part V of this Act or under the provisions of Part VIII of this Act relating to purchase notices.

(3) Where any expenses are incurred by a local authority in the payment of compensation payable in consequence of anything done under Part III of this Act, or under the provisions of Part VIII of this Act relating to purchase notices, the Minister may, if it appears to him to be expedient to do so, require any other local authority to contribute towards those expenses such sum as appears to him to be reasonable, having regard to any benefit accruing to that authority by reason of the proceeding giving rise to the compensation.

(4) The provisions of the last preceding subsection shall apply in relation to payments made by a local authority to any statutory undertakers in accordance with financial arrangements to which effect is given under paragraph (c) of subsection (5) of section one hundred and sixty-six of this Act, as they apply in relation to compensation payable by such an authority in consequence of anything done under Part III of this Act, and the reference in the last preceding subsection to the proceeding giving rise to the compensation shall be construed accordingly.

(5) For the purposes of this section, contributions made by a local planning authority towards the expenditure of a joint advisory committee shall be deemed to be expenses incurred by that authority for the purposes for which that expenditure is incurred by the committee.

Recovery from
acquiring

by way of
compensation.

190.—(1) Where an interest in land is compulsorily acquired, or is sold to an authority possessing compulsory purchase powers, and any of the land comprised in the acquisition or sale is land in respect of which a notice to which this section applies is registered (whether before or after the completion of the acquisition or sale) in respect of a planning decision or order made before the service of the notice to treat, or the making of the contract, in pursuance of which the acquisition or sale is effected, the Minister shall, subject to the following provisions of this section, be entitled to recover from the acquiring authority a sum equal to so much of the amount of the compensation

specified in the notice as (in accordance with subsection (6) of section one hundred and twelve of this Act) is to be treated as attributable to that land.

(2) This section applies to notices registered under subsection (5) of section one hundred and twelve of this Act and to notices registered under the provisions of that subsection as applied by subsection (5) of section one hundred and twenty of this Act.

(3) If, immediately after the completion of the acquisition or sale, there is outstanding some interest in the land comprised therein to which a person other than the acquiring authority is entitled, the sum referred to in subsection (1) of this section shall not accrue due until that interest either ceases to exist or becomes vested in the acquiring authority.

(4) No sum shall be recoverable under this section in the case of a compulsory acquisition or sale where the Minister is satisfied that the interest in question is being acquired for the purposes of the use of the land as a public open space.

(5) Where by virtue of the preceding provisions of this section the Minister recovers a sum in respect of any land, by reason that it is land in respect of which a notice is registered under the provisions of subsection (5) of section one hundred and twelve of this Act as applied by section one hundred and twenty of this Act, subsections (2) and (3) of section one hundred and twenty-two of this Act shall have effect in relation to that sum as if it were a sum recovered as mentioned in subsection (2) of the last-mentioned section.

(6) In this and the next following section "interest" (where the reference is to an interest in land) means the fee simple or a tenancy of the land, and does not include any other interest therein.

191.—(1) Where an interest in land is compulsorily acquired by, or sold to, an authority possessing compulsory purchase powers, and a payment exceeding twenty pounds has become or becomes payable under section fifty-nine of the Act of 1947 in respect of that interest, the Minister shall, subject to the following provisions of this section, be entitled to recover the amount of the payment from the acquiring authority.

Recovery from

of sums
paid in
respect of
war-damaged
land.

(2) If, before the eighteenth day of November, nineteen hundred and fifty-two, operations were begun in, on, over or under the land, or a use of the land was instituted, being operations or a use—

(a) in respect of which a development charge has at any time been determined to be payable, or it has at any time been determined that no development charge was payable, or

(b) comprised in a scheme of development exempt from development charge,

the preceding subsection shall not apply to so much of any

PART XII payment referred to in that subsection as was attributable to any land in relation to which the determination was made or, as the case may be, which is included in that scheme of development.

(3) No amount shall be recoverable under this section in respect of any land in relation to which an amount has become recoverable by the Minister under the provisions of section one hundred and thirteen of this Act as applied by section two hundred and eight of this Act.

(4) If the acquisition or sale in question does not extend to the whole of the land to which the payment under the said section fifty-nine related, the amount recoverable under this section shall be so much of that payment as, in accordance with the next following subsection, is to be treated as apportioned to the land in which the interest acquired or sold subsists.

(5) For the purposes of this section a payment under section fifty-nine of the Act of 1947 shall be treated as apportioned, as between different parts of the land to which it related, in the way in which it might reasonably be expected to have been so apportioned if, under the scheme made under that section, the authority determining the amount of the payment had been required (in accordance with the same principles as applied to the determination of that amount) to apportion it between different parts of that land.

(6) In this section references to a scheme of development exempt from development charge are references to a scheme of development such that, if the operations and uses of land comprised in the scheme had all been begun or instituted before the eighteenth day of November, nineteen hundred and fifty-two, all those operations and uses would have been exempt from the provisions of Part VII of the Act of 1947 by virtue of regulations made thereunder; and references to the amount of a payment shall be construed as including any interest payable on the principal amount of the payment.

Sums recoverable from acquiring authorities reckonable for purposes of grant.

192. Where a sum is recoverable from an authority under section one hundred and ninety or section one hundred and ninety-one of this Act by reference to an acquisition or purchase of an interest in land, and in respect thereof, or of a subsequent appropriation of the land, a grant became or becomes payable to that or some other authority under an enactment, the power conferred by that enactment to pay the grant shall include, and shall be deemed always to have included, power to pay a grant in respect of that sum as if it had been expenditure incurred by the acquiring authority in connection with the acquisition or purchase.

193.—(1) The following expenses of the Minister shall be paid out of moneys provided by Parliament, that is to say,—

PART XII

(3) The said aggregate shall be repaid by twenty equal annual instalments, of principal and interest combined, falling due on the anniversary of the date determined under the last preceding subsection, the first such instalment falling due in the financial year next following the financial year in which the sums in question were issued.

(5) All sums paid into the Exchequer under the preceding provisions of this section shall be issued out of the Consolidated Fund at such times as the Treasury may direct, and shall be applied by the Treasury as follows:—

(a) so much thereof as represents principal shall be applied in redeeming or paying off debt of such description as the Treasury may think fit;

(b) so much thereof as represents interest shall be applied towards meeting such part of the annual charges for the National Debt as represents interest.

(6) In respect of each financial year the Minister shall prepare, in such form and manner and at such time as the Treasury may direct, an account of any sums received by him as mentioned in subsection (4) of this section.

(7) On or before the thirtieth day of November in each year, the Minister shall transmit to the Comptroller and Auditor General the account prepared by him under the last preceding subsection in respect of the last preceding financial year; and the Comptroller and Auditor General shall examine and certify each such account and lay before each House of Parliament copies thereof, together with his report thereon.

(4) Any reference in this Act to the commencement of this Act is a reference to the coming into operation of so much of this Act as comes into operation on the commencement date, and any reference to the date of the commencement of this Act is a reference to that date; and if any Act passed after the passing of this Act refers to the commencement of this Act, subsections (2) and (3) of this section shall be disregarded for the purpose of construing that reference in accordance with section thirty-six of the Interpretation Act, 1889 (which relates to the meaning of “commencement” with reference to an Act).

(5) The preceding provisions of this section shall have effect without prejudice to the generality of section thirty-seven of the Interpretation Act, 1889 (which relates to the exercise of statutory powers between the passing and the commencement of an Act).

FURTHER PROVISIONS WITH RESPECT TO ORDERS PROVIDING FOR EXPEDITED COMPLETION

Introductory

1.—(1) The provisions of this Schedule shall have effect with respect to any compulsory purchase order which includes a direction, under subsection (1) of section seventy-four of this Act, that the provisions of Part V of this Act relating to expedited completion shall apply to the order so far as it relates to land specified in the direction ; and in this Schedule "the relevant land" means the land so specified.

(2) In this Schedule "the Act of 1845" means the Lands Clauses Consolidation Act, 1845, and "the Act of 1946" means the Acquisition of Land (Authorisation Procedure) Act, 1946.

4. Paragraph 3 of the Second Schedule to the Act of 1946 (which provides for entry on land comprised in a compulsory purchase order before the purchase money has been paid, and without previous consent or compliance with sections eighty-four to ninety of the Act of 1845) shall not have effect in relation to the order.

4TH SCH.

Restriction on withdrawal of constructive notice to treat

5. The power conferred by section thirty-one of the Land Compensation Act, 1961, to withdraw a notice to treat shall, in the case of a notice to treat which is deemed to have been served by virtue of subsection (2) of section seventy-five of this Act, not be exercisable at any time after the interest in respect of which the notice is deemed to have been served has vested in the acquiring authority by virtue of subsection (6) of the said section seventy-five.

Special provisions with respect to parts of buildings, etc.

6.—(1) Where a part only of a house, building or manufactory, or of a park or garden belonging to a house, is comprised in the relevant land, then, if notice in that behalf is given to the acquiring authority in accordance with the provisions of the next following sub-paragraph, no notice to treat shall be deemed by virtue of subsection (2) of section seventy-five of this Act to have been served in respect of any interest in the said part; and, as from the giving of the first-mentioned notice, the order shall have effect in relation to that part as if it had not been comprised in the relevant land.

(2) A notice under the preceding sub-paragraph in respect of any premises consisting of part of a house, building, manufactory, park or garden may be given to the acquiring authority by any person having in those premises an interest in respect of which, but for that sub-paragraph, a notice to treat would be deemed to have been served, but shall not have effect if given before the order has come into operation or after the acquiring authority have executed in respect of those premises a declaration under subsection (3) of the said section seventy-five.

(3) Where by virtue of subsection (2) of the said section seventy-five a notice to treat is deemed to have been served in respect of any interest, section ninety-two of the Act of 1845 (which provides that a person shall not be compelled to sell part only of a building if he is prepared to sell the whole) shall, in relation to the acquisition of that interest under the order, be excepted from the incorporation (by virtue of paragraph 1 of the Second Schedule to the Act of 1946) of the Act of 1845 with section sixty-eight of this Act.

7. Paragraph 4 of the Second Schedule to the Act of 1946 (which makes special provision, in substitution for section ninety-two of the Act of 1845, with respect to the compulsory acquisition of parts of buildings) shall not have effect in relation to the order.

Compensation not to be affected by provision for expedited completion

8. Where any of the relevant land has become vested in the acquiring authority by virtue of subsection (6) of section seventy-five of this Act, the authority shall be liable to pay the like compensation for the land, and the like interest on the compensation agreed or awarded, as they would have been required to pay if the provisions of the Act of 1845 specified in the said subsection (6), and the provisions of that Act compliance with which would have been requisite in order to render exercisable by them the powers referred to in that subsection, had been complied with.

Exclusion of provisions of Act of 1845 relating to absent parties and interests omitted to be purchased

4TH SCH.

9.—(1) Where a notice to treat is deemed by virtue of subsection (2) of section seventy-five of this Act to have been served in respect of any interest, the provisions of the Act of 1845 specified in the following sub-paragraph shall, in relation to the purchase of that interest under the order, be excepted from the incorporation (by virtue of paragraph 1 of the Second Schedule to the Act of 1946) of the Act of 1845 with section sixty-eight of this Act.

(2) The said provisions are sections fifty-eight to sixty-two and sixty-four to sixty-seven (which relate to the mode of ascertaining compensation to absent parties) and sections one hundred and twenty-four to one hundred and twenty-six (which relate to interests which have by mistake been omitted to be purchased).

Rentcharges and leases affecting relevant land and other land

10.—(1) Where land consisting or forming part of the relevant land is, together with other land not comprised in the relevant land, charged with a rentcharge, such portion of the rentcharge as may be apportioned under section one hundred and sixteen of the Act of 1845 to the first-mentioned land shall, subject to sub-paragraph (3) of this paragraph, be treated as having been extinguished by virtue of subsection (6) of section seventy-five of this Act on the vesting of that land in the acquiring authority under that subsection.

(2) Where by virtue of the preceding sub-paragraph a portion of a rentcharge is treated as having been extinguished, sections one hundred and fifteen to one hundred and eighteen of the Act of 1845 shall have effect as if the extinguishment had taken place under section one hundred and seventeen of that Act.

(3) If, in the circumstances described in sub-paragraph (1) of this paragraph, the person entitled to the rentcharge and the owner of the land subject thereto enter into an agreement to that effect, the said sections one hundred and fifteen to one hundred and eighteen shall have effect as if, at the time of the vesting of the relevant land in the acquiring authority under subsection (6) of section seventy-five of this Act, the person entitled to the rentcharge had released that land from the rentcharge on the condition mentioned in section one hundred and sixteen of the Act of 1845; and, in that case, no part of the rentcharge shall be treated as having been extinguished by virtue of the said subsection (6) so far as regards the remaining part of the land charged therewith.

(4) In this paragraph references to a rentcharge include references to any such rent service, chief or other rent, or other payment or incumbrance, as is mentioned in the words introductory to the said sections one hundred and fifteen to one hundred and eighteen.

11. Where land consisting or forming part of the relevant land is, together with other land not comprised in the relevant land, comprised in a lease for a term of years unexpired, section one hundred and nineteen of the Act of 1845 shall have effect in relation thereto

4TH SCH. with the substitution, for references therein to the time of the apportionment of rent therein mentioned, of references to the time of the vesting in the acquiring authority of the leasehold interest in the first-mentioned land under subsection (6) of section seventy-five of this Act.

Miscellaneous

12. Where any of the relevant land has become vested in the acquiring authority under subsection (6) of section seventy-five of this Act, any person who, in consequence thereof, is relieved from any liability (whether in respect of a rentcharge, rent under a lease, mortgage interest or any other matter) and makes any payment as in satisfaction or part satisfaction of that liability shall, if he shows that when he made the payment he did not know of the facts which constitute the cause of his being so relieved, or of some one or more of those facts, be entitled to recover the sum paid as money had and received to his use by the person to whom it was paid.

13. Where, at the time of the vesting of an interest in the acquiring authority by virtue of subsection (6) of section seventy-five of this Act, the compensation payable in respect thereof is not finally ascertained, section twelve of the Finance Act, 1895 (which provides for the collection of stamp duty, where property is vested by way of sale by virtue of an Act, within three months from the date of vesting) shall have effect, with respect to the vesting of that interest, with the substitution, for the reference therein to the date of vesting, of a reference to the date on which the compensation has become finally ascertained.

14. Where, after land has become vested in the acquiring authority under subsection (6) of section seventy-five of this Act, a person retains possession of any document relating to the title to the land, he shall be deemed to have given to the acquiring authority an acknowledgment in writing of the right of the authority to production of that document and to delivery of copies thereof and (except where he retains possession of the document as mortgagee or as trustee or otherwise in a fiduciary capacity) an undertaking for safe custody thereof, and section sixty-four of the Law of Property Act, 1925, shall have effect accordingly, and on the basis that the acknowledgment and undertaking did not contain any such expression of contrary intention as is mentioned in that section.

15.—(1) The time within which a question of disputed compensation, arising out of an acquisition of an interest in land in respect of which a notice to treat is deemed to have been served by virtue of subsection (2) of section seventy-five of this Act, may be referred to the Lands Tribunal shall be six years from the date at which the person claiming compensation, or a person under whom he derives title, first knew, or could reasonably be expected to have known, of the vesting of the interest by virtue of subsection (6) of the said section seventy-five.

(2) This paragraph shall be construed as one with Part I of the Limitation Act, 1939.

FIFTH SCHEDULE

Section 92.

ADJUSTMENT OF CLAIM HOLDINGS

PART I

Adjustment of claim holdings pledged to Central Land Board as security for development charges

1.—(1) In this Part of this Schedule references to the pledging of a claim holding to the Central Land Board are references to any transaction whereby—

- (a) the holder of the claim holding mortgaged it to the Central Land Board as security, or part of the security, for one or more development charges determined, or thereafter to be determined, by the Board, or
- (b) the holder and the Central Land Board agreed that a development charge determined by the Board should be set off against any payment which might thereafter become payable to the holder by reference to that holding, or
- (c) the Central Land Board refrained from determining a development charge, which would otherwise have fallen to be determined by them, in consideration of a mortgage of the holding, with or without other claim holdings.

(2) All pledges of claim holdings to the Central Land Board made by the same person, whether or not made at the same time, other than any pledge to which sub-paragraph (1) of paragraph 2 of this Schedule applies, shall for the purposes of this Part of this Schedule be treated collectively as a single pledge made at the time when the last of those pledges was made.

(3) Where a development charge covered by a pledge to the Central Land Board was determined in respect of land consisting of, or forming part of, the area of a claim holding—

- (a) which was not comprised in the pledge, but
- (b) whose holder immediately before the time of completion was the person who would, apart from the pledge, have been liable to pay the unpaid balance of the development charge,

then, for the purposes of this Part of this Schedule, that claim holding shall be deemed to have been comprised in the pledge.

(4) In this Part of this Schedule (but without prejudice to the operation of paragraph 10 of the Tenth Schedule to this Act) references to the determination of a development charge in respect of any land are references to a determination of the Central Land Board that the charge was payable in respect of the carrying out of operations in, on, over or under that land, or in respect of the use of that land.

(5) For the purposes of this Part of this Schedule (but without prejudice to the operation of paragraph 10 of the Tenth Schedule to this Act) the amount of a development charge—

- (a) in a case where the Central Land Board determined that amount as a single capital payment, shall be taken to have been the amount of that payment, and

5TH SCH.

(b) in a case where the Board determined that amount otherwise than as a single capital payment, shall be taken to have been the amount of the single capital payment which would have been payable if the Board had determined the amount as such a payment;

and references in this Part of this Schedule to the unpaid balance of a development charge are references to the amount of the charge, if no sum was actually paid to the Board on account of the charge, or if any sum was so paid, are references to the amount of the charge reduced by the amount or aggregate amount of the sum or sums so paid, other than any sum paid by way of interest.

(6) In relation to the pledging of a claim holding to the Central Land Board, references in this Part of this Schedule to a development charge covered by the pledge are references to a development charge the payment of which was secured, or partly secured, by the pledge, or, as the case may be, which was agreed to be set off against any payment which might become payable by reference to that claim holding.

(7) References in this Part of this Schedule to a mortgage of a claim holding do not include a mortgage which was subsequently discharged.

2.—(1) Where a claim holding was pledged to the Central Land Board in accordance with the special arrangements relating to owners of single house plots, that claim holding shall, subject to the next following sub-paragraph, be deemed to have been extinguished as from the time when it was pledged to the Board.

(2) Where a claim holding (in this sub-paragraph referred to as "the original holding") was pledged as mentioned in the preceding sub-paragraph, but was so pledged by reference to a plot of land which did not extend to the whole of the area of the original holding, the preceding sub-paragraph shall not apply, but there shall be deemed to have been substituted for the original holding, as from the time of the pledge, a claim holding with an area consisting of so much of the area of the original holding as was not comprised in that plot of land, and with a value equal to that fraction of the value of the original holding which then attached to so much of the area of the original holding as was not comprised in that plot.

3. Without prejudice to the last preceding paragraph, where a pledge to the Central Land Board comprised one or more claim holdings, and the unpaid balance of the development charge covered by the pledge, or (if more than one) the aggregate of the unpaid balances of the development charges so covered, was equal to or greater than the value of the claim holding, or the aggregate value of the claim holdings, as the case may be, the holding or holdings shall be deemed to have been extinguished as from the time of the pledge.

4. Where a pledge to the Central Land Board comprised only a single claim holding with an area of which every part either consisted of, or formed part of, the land in respect of which some development charge covered by the pledge was determined, and the last preceding paragraph does not apply, the value of that claim

holding shall be deemed to have been reduced, as from the time of the pledge, by the unpaid balance of the development charge covered by the pledge, or (if more than one) by the aggregate of the unpaid balances of all the development charges covered by the pledge.

5.—(1) The provisions of this paragraph shall have effect in the case of a pledge of one or more claim holdings to the Central Land Board to which neither paragraph 3 nor paragraph 4 of this Schedule applies.

(2) Any claim holding comprised in the pledge with an area of which every part either consisted of, or formed part of, the land in respect of which some development charge covered by the pledge was determined shall be allocated to the development charge in question, or (if more than one) to those development charges collectively.

(3) Any claim holding comprised in the pledge with an area part of which did, and part of which did not, consist of, or form part of, such land as is mentioned in the last preceding sub-paragraph shall be treated as if, at the time of the pledge, the claim holding (in this sub-paragraph referred to as "the parent holding") had been divided into two separate claim holdings, that is to say—

- (a) a claim holding with an area consisting of so much of the area of the parent holding as consisted of, or formed part of, such land as is mentioned in the last preceding sub-paragraph, and with a value equal to that fraction of the value of the parent holding which then attached to that part of the area of the parent holding, and
- (b) a claim holding with an area consisting of the residue of the area of the parent holding, and with a value equal to that fraction of the value of the parent holding which then attached to the residue of the area of the parent holding,

and the claim holding referred to in head (a) of this sub-paragraph shall be allocated to the development charge in question, or (if more than one) to those development charges collectively.

(4) Paragraph 3 or paragraph 4 of this Schedule shall then apply in relation to each claim holding (if any) allocated in accordance with sub-paragraph (2) or sub-paragraph (3) of this paragraph to any development charge, or to any development charges collectively, as if the pledge had comprised only that claim holding and had covered only that development charge or those development charges.

(5) If, after the application of the preceding provisions of this paragraph, there remains outstanding any claim holding not allocated in accordance with those provisions, or any claim holding which (having been so allocated) is deemed to have been reduced in value but not extinguished, an amount equal to the aggregate of—

- (a) the unpaid balance of any development charge covered by the pledge to which no claim holding was so allocated, and
- (b) the amount (if any) by which the value of any claim holding so allocated which is deemed to have been extinguished

5TH SCH.

falls short of the unpaid balance of the development charge, or the aggregate of the unpaid balances of the development charges, to which it was so allocated, shall be treated as having been deducted from the value of the claim holding so remaining outstanding, or (if more than one) as having been deducted rateably from the respective values of those claim holdings, and the value of any such holding shall be deemed to have been reduced accordingly as from the time of the pledge.

PART II

Adjustment by reference to payments in respect of war-damaged land

6.—(1) The provisions of this Part of this Schedule shall have effect where a payment under the scheme has become, or becomes, payable in respect of an interest in land, and a claim holding related (or would, apart from this Part of this Schedule, have related) to the like interest in the whole or part of that land, with or without any other land.

(2) In this Part of this Schedule “the scheme” means the scheme made under section fifty-nine of the Act of 1947, “the date of the scheme” means the twelfth day of December, nineteen hundred and forty-nine, and “payment under the scheme” means a payment which has become, or becomes, payable by virtue of the scheme.

(3) In relation to any payment under the scheme “the payment area”, in this Part of this Schedule, means the land in respect of which the payment became or becomes payable, and references to the amount of the payment shall be construed as references to the principal amount thereof, excluding any interest payable thereon in accordance with subsection (3) of section sixty-five of the Act of 1947.

7. If the payment area is identical with the area of the claim holding, then—

- (a) in the case of a payment of an amount equal to the value of the claim holding, the claim holding shall be deemed to have been extinguished as from the date of the scheme ;
- (b) in the case of a payment of an amount less than the value of the claim holding, the value of the claim holding shall be deemed to have been reduced, as from the date of the scheme, by the amount of the payment.

8.—(1) If the payment area forms part of the area of the claim holding, the holding (in this paragraph referred to as “the parent holding”) shall be treated, as from the date of the scheme, as having been divided into two claim holdings, that is to say—

- (a) a claim holding with an area consisting of that part of the area of the parent holding which constituted the payment area, and with a value equal to that fraction of the value of the parent holding which attached to that part of the area of the parent holding, and

- (b) a claim holding with an area consisting of the residue of the area of the parent holding, and with a value equal to that fraction of the value of the parent holding which attached to the residue of the area of the parent holding.
- (2) Where the preceding sub-paragraph applies, the last preceding paragraph shall have effect in relation to the claim holding referred to in head (a) of the preceding sub-paragraph as if it were the parent holding.
9. If the payment area includes the area of the claim holding together with other land, paragraph 7 of this Schedule shall apply as if—
- (a) the payment area had been identical with the area of the claim holding, but
- (b) the amount of the payment had been so much of the actual amount thereof as might reasonably be expected to have been attributed to the area of the claim holding if, under the scheme, the authority determining the amount of the payment had been required (in accordance with the same principles as applied to the determination of that amount) to apportion it between the area of the claim holding and the rest of the payment area.
10. If the payment area includes part of the area of the claim holding together with other land not comprised in the area of the claim holding—
- (a) paragraph 8 of this Schedule shall apply as if the part of the payment area comprised in the area of the claim holding had been the whole of the payment area, and
- (b) the last preceding paragraph shall apply as if the part of the area of the claim holding comprised in the payment area had been the whole of the area of the claim holding.

PART III

Adjustment in cases of partial disposition of claim holdings

11. The provisions of this Part of this Schedule shall have effect where, by virtue of a disposition of part of the benefit of an established claim, not being a mortgage made otherwise than by way of assignment (in this Part of this Schedule referred to as "the relevant disposition"), different persons became entitled to different parts of the benefit of that established claim.

12. As from the date of the relevant disposition, each of those different parts shall be treated as having constituted a separate claim holding.

13. The area and value of any such separate claim holding at any time after the relevant disposition shall be taken to have been such as may, in the requisite manner, be or have been determined to be just and appropriate in all the circumstances.

14. In the last preceding paragraph the reference to determination in the requisite manner of the area and value of a claim holding is a reference to the determination thereof on the occasion of an

5TH SCH. apportionment affecting that holding which fell or falls to be made for any of the purposes of the Act of 1954, of Part VI of this Act or of this Schedule, being a determination made—

- (a) by the authority making that apportionment, or
- (b) where, under the Act of 1954 or Part VI of this Act, that authority's findings were or are referred to the Lands Tribunal, by that Tribunal,

having regard in particular to the principles mentioned in the next following paragraph.

15.—(1) The said principles are those set out in the following provisions of this paragraph.

(2) The aggregate of the values of all claim holdings representing parts of the benefit of the same established claim must not exceed the amount of the established claim.

(3) Subject to the last preceding sub-paragraph, where a claim holding representing part only of the benefit of an established claim was pledged to the Central Land Board, otherwise than as mentioned in paragraph 2 of this Schedule, and by virtue of Part I of this Schedule the value of that claim holding is deemed to have been reduced by reference to an amount due by way of development charge, the value of that holding at the time of the pledge is not to be taken to have been less than the amount credited for the purposes of the pledge by reference to the holding.

(4) In the case of the claim holding representing the part of the benefit of an established claim which was the subject of the relevant disposition, if it was not a claim holding to which sub-paragraph (5) of this paragraph applies,—

- (a) the area of that claim holding is to be taken to be the claim area of that established claim, less the area of any claim holding to which the said sub-paragraph (5) applies which represents part of the benefit of the same established claim, and
- (b) the value of the claim holding immediately after the relevant disposition is, subject to sub-paragraphs (2) and (3) of this paragraph, to be taken to have been that part of the amount of the established claim to which the holder purported to become entitled under the terms of the relevant disposition.

(5) Where any person who was entitled to a claim holding representing part only of the benefit of an established claim—

- (a) at any time while so entitled was also entitled to the interest in land to which the established claim related in so far as that interest subsisted in part only of the claim area, and
- (b) became entitled to both that holding and that interest in such circumstances that the authority making the apportionment in question or the Lands Tribunal, as the case may be, were or are satisfied that the holding and the interest were intended to relate to one another,

the area of that claim holding is to be taken to be that part of the claim area, and the value of the holding immediately after the

relevant disposition (however that or any other disposition affecting the holding was expressed, but subject to sub-paragraphs (2) to (4) of this paragraph) is to be taken to have been an amount equal to so much of the amount of the established claim as might reasonably be expected to have been attributed to that part of the claim area if the authority determining the amount of that established claim had been required to apportion it, in accordance with the same principles as applied to its determination, between that part and the residue of the claim area.

16. Paragraph 1 of this Schedule shall apply for the purposes of this Part of this Schedule as it applies for the purposes of Part I thereof.

PART IV

Adjustment in respect of payments under Part I of Act of 1954

17. The provisions of this Part of this Schedule shall have effect where, by virtue of Part I of the Act of 1954, a payment became or becomes payable in respect of a claim holding.

18. Subject to the following provisions of this Part of this Schedule, if either—

- (a) the principal amount of the payment was or is not less than the value of the claim holding, or
- (b) the payment (whatever its amount) became or becomes payable under Case D (that is to say, by virtue of section eight of the Act of 1954, which related to cases where a claim holding had been disposed of for valuable consideration),

the claim holding shall be deemed to have been extinguished; and if the principal amount of the payment (not being a payment under Case D) was or is less than the value of the claim holding, the value of that holding shall be deemed to have been reduced by the principal amount of the payment.

19. The last preceding paragraph shall apply where two or more payments under Part I of the Act of 1954 were or are payable in respect of the same claim holding, with the substitution, for references to the principal amount of the payment, of references to the aggregate of the principal amounts of the payments.

20.—(1) Where one or more relevant acts or events have occurred in relation to a claim holding (in this paragraph referred to as “the parent holding”) and any such act or event did not extend to the whole of the area of the parent holding, then, for the purposes of the preceding provisions of this Part of this Schedule, and for the purposes of Part V of this Schedule and of Part VI of this Act,—

- (a) the parent holding shall be treated as having been divided, immediately before the time of completion, into as many separate claim holdings, with such areas, as may be necessary to ensure that, in the case of each holding, either any relevant act or event extending to the area of that holding extended to the whole thereof or no relevant act or event extended to the area of that holding;

5TH SCH.

- (b) the value of each of the separate holdings respectively shall be taken to have been that fraction of the value of the parent holding which then attached to the part of the area of the parent holding constituting the area of the separate holding ; and
- (c) the portion of the amount of any payment under Part I of the Act of 1954 which, by the authority determining that amount, was or is apportioned to the area of any of the separate claim holdings shall be taken to have been a payment payable under the said Part I in respect of that claim holding.

(2) In this paragraph "relevant act or event", in relation to a claim holding, means an act or event whereby, in accordance with the provisions of Part I of the Act of 1954, one or more payments became or become payable in respect of that claim holding.

21. For the purposes of this Part of this Schedule—

- (a) a payment shall be treated as having become payable notwithstanding that the right to receive the payment was extinguished by subsection (2) of section fourteen of the Act of 1954 (which enabled the Central Land Board to set off payments against liabilities in respect of development charges) ;
- (b) any reduction of the principal amount of a payment by virtue of that subsection shall be disregarded ; and
- (c) where in accordance with subsection (3) of section fourteen or subsection (6) of section fifty-eight of the Act of 1954 (which provided for cases of failure to apply for a payment within the appropriate period) an amount was determined as being the principal amount of a payment to which a person would have been entitled as mentioned in those subsections respectively, that payment shall be treated as if it had become due and as if the principal amount thereof had been the amount so determined.

22.—(1) Where in accordance with the preceding provisions of this Part of this Schedule a claim holding is deemed to have been extinguished or the value of a claim holding is deemed to have been reduced, the extinguishment or reduction, as the case may be, shall be deemed to have had effect immediately before the time of completion.

(2) References in this Part of this Schedule to the value of a claim holding are references to the value thereof immediately before the time of completion.

PART V

Adjustment in respect of compensation under Part V of Act of 1954

23. Where compensation under Part V of the Act of 1954 became or becomes payable by reference to a claim holding, then (subject to the following provisions of this Part of this Schedule) for the purposes of Part VI of this Act—

- (a) if the principal amount of the compensation was or is equal to the value of the claim holding at the time of completion (ascertained apart from this Part of this Schedule) the claim holding shall be deemed to have been extinguished immediately before that time ;
- (b) if the principal amount of the compensation was or is less than the value of the claim holding at that time (ascertained apart from this Part of this Schedule) the value of the claim holding shall be deemed to have been reduced immediately before that time by the principal amount of the compensation.

24. Where compensation became or becomes payable as mentioned in the last preceding paragraph, and at any time an amount became or becomes recoverable in respect thereof under section twenty-nine of the Act of 1954, as applied by section forty-six of that Act, or under section one hundred and thirteen of this Act as applied by paragraph 27 of the Fourteenth Schedule thereto to compensation under Part V of the Act of 1954, then, for the purposes of Part VI of this Act, the last preceding paragraph shall have effect as from that time as if the principal amount of that compensation had been reduced by a sum equal to seven-eighths of the amount which so became or becomes recoverable.

25. Where, in the case of a claim holding (in this paragraph referred to as "the parent holding"), compensation under Part V of the Act of 1954 became or becomes payable in respect of depreciation of the value of an interest in land by one or more planning decisions or orders, and any such decision or order did not extend to the whole of the area of the parent holding, then, both for the purposes of the preceding provisions of this Part of this Schedule and for the purposes of Part VI of this Act,—

- (a) the parent holding shall be treated as having been divided immediately before the time of completion into as many separate claim holdings, with such areas, as may be necessary to ensure that, in the case of each holding, either any such decision or order extending to the area of that holding extended to the whole thereof or no such decision or order extended to the area of that holding ;
- (b) the value of each of the separate holdings respectively shall be taken to have been that fraction of the value of the parent holding which then attached to the part of the area of the parent holding constituting the area of the separate holding ; and
- (c) the portion of the amount of any such compensation which, by the authority determining that amount, was or is apportioned to the area of any of the separate claim holdings shall be taken to have been compensation payable under Part V of the Act of 1954 in respect of that claim holding.

PART VI

Supplementary provisions

26. Where in accordance with any of the provisions of this Schedule a part of the benefit of an established claim constituted

5TH SCH. a separate claim holding, the interest in land to which that claim holding related—

(a) if the established claim related to the fee simple of the claim area, shall be taken to have been the fee simple of the area of the claim holding ;

(b) if the established claim related to a leasehold interest, shall be taken to have been that leasehold interest in so far as it subsisted in the area of the claim holding.

27. Where in accordance with any of the provisions of this Schedule a claim holding (in this paragraph referred to as "the parent holding") is to be treated as divided into two or more claim holdings, a person who was the holder of one of those holdings shall be treated as having been the holder thereof at any time when he was the holder of the parent holding.

28. Expressions used in this Schedule and in Part VI of this Act have the same meanings in this Schedule as in that Part of this Act.

29. In this Schedule "the holder", in relation to a claim holding, means the person for the time being entitled to the holding, or, in the case of a holding subject to a mortgage made otherwise than by way of assignment, means the person who would for the time being have been entitled to the holding if it had not been mortgaged, and "the time of completion" means the time when, in accordance with section ninety-two of this Act, the adjustment of claim holdings is deemed to have been completed.

Section 95.

SIXTH SCHEDULE

CALCULATION OF VALUE OF PREVIOUS DEVELOPMENT OF LAND

1. Where for the purposes of section ninety-five of this Act the value of any development initiated before a time referred to in that section has to be ascertained with reference to that time, the value of the development shall be calculated in accordance with the provisions of this Schedule.

2. Subject to the following provisions of this Schedule, the value shall be calculated by reference to prices current at the time in question—

(a) as if the development had not been initiated, but the land had remained in the state in which it was immediately before the development was initiated, and

(b) on the assumption that (apart from the provisions of Part III of this Act or the provisions of the Act of 1947, as the case may be) the development could at that time lawfully be carried out,

and shall be taken to be the difference between the value which in those circumstances the land would have had at that time if planning permission for that development had been granted unconditionally immediately before that time and the value which in those circumstances the land would have had at that time if planning permission for that development had been applied for and refused immediately before that time, and it could be assumed

that planning permission for that development, and any other new development of that land, would be refused on any subsequent application.

3. If the development involved the clearing of any land, the reference in sub-paragraph (a) of the last preceding paragraph to the state of the land immediately before the development shall be construed as a reference to the state of the land immediately after the clearing thereof but before the carrying out of any other operations.

4.—(1) If the development was initiated in pursuance of planning permission granted subject to conditions, paragraph 2 of this Schedule shall apply as if the reference to the granting of permission unconditionally were a reference to the granting of permission subject to the like conditions.

(2) If the permission referred to in the preceding sub-paragraph was granted subject to conditions which consisted of, or included, a requirement expressed by reference to a specified period, the reference in that sub-paragraph to the like conditions shall be construed, in relation to the condition imposing that requirement, as a reference to a condition imposing the like requirement in respect of a period of like duration beginning at the time in question.

5. In the application of the preceding provisions of this Schedule to development initiated, but not completed, before the time in question, references to permission for that development shall be construed as references to permission for so much of that development as had been carried out before that time.

SEVENTH SCHEDULE

Section 96.

APPORTIONMENT OF UNEXPENDED BALANCE OF ESTABLISHED DEVELOPMENT VALUE

Determination of relevant area

1.—(1) Where, in the case of a compulsory acquisition to which section ninety-six of this Act applies, any area of the relevant land which, immediately before the relevant date, has an unexpended balance of established development value does not satisfy the conditions set out in the next following sub-paragraph, that area shall be treated as divided into as many separate areas as may be requisite to ensure that each of those separate areas satisfies those conditions.

(2) The conditions referred to in the preceding sub-paragraph are—

(a) that all the interests (other than excepted interests) subsisting in the area in question subsist in the whole of that area, and

(b) that any rentcharge charged on that area is charged on the whole of it.

(3) Any area of the relevant land which has an unexpended balance of established development value and which complies with the conditions set out in the last preceding sub-paragraph is in this Schedule referred to, in relation to the interests subsisting therein, as “the relevant area”, and the subsequent provisions of this

7TH SCH. Schedule shall have effect separately in relation to each relevant area.

Preliminary calculations

2. There shall be calculated the amount referable to the relevant area of the rent which might reasonably be expected to be reserved if the relevant land were to be let on terms prohibiting the carrying out of any new development but permitting the carrying out of any other development; and the amount so calculated is in this Schedule referred to as "the existing use rent".

3.—(1) If, in the case of an interest in fee simple which is subject to a rentcharge, or in the case of a tenancy, so much of the rent reserved under the rentcharge or tenancy as is referable to the relevant area exceeds the existing use rent, there shall be calculated the capital value of the right to receive, for the period of the remainder of the term of the rentcharge or tenancy, an annual payment equal to the excess; and any amount so calculated in the case of any interest is in this Schedule referred to as "the rental liability" of that interest.

(2) Where the interest in fee simple is subject to more than one rentcharge, then, for the purposes of the preceding sub-paragraph, in relation to any period included in the term of two or more of those rentcharges, those two or more rentcharges shall be treated as a single rentcharge charged on the relevant area for the duration of that period, with a rent reserved thereunder of an amount equal to the aggregate of so much of their respective rents as is referable to the relevant area.

4. In the case of any interest in reversion—

(a) there shall be calculated the capital value, as at the time immediately before the relevant date, of the right to receive a sum equal to the unexpended balance of established development value of the relevant area at that time, but payable at the end of the tenancy upon the termination of which the interest in question is immediately expectant; and the amount so calculated in the case of any interest is in this Schedule referred to as "the reversionary development value" of that interest;

(b) if so much of the rent reserved under the said tenancy as is referable to the relevant area exceeds the existing use rent, there shall also be calculated the capital value as at the said time of the right to receive, for the period of the remainder of the term of that tenancy, an annual payment equal to the excess; and any amount so determined in the case of any interest is in this Schedule referred to as "the rental increment" of that interest.

Apportionment of unexpended balance between interests

5. Where two or more interests (other than excepted interests) subsist in the relevant area, the portion of the unexpended balance of established development value of the relevant area attributable

to each of those interests respectively shall be taken to be the following, that is to say—

7TH SCH.

- (a) in the case of the interest in fee simple, an amount equal to the reversionary development value of that interest, less the amount (if any) by which any rental liability of that interest exceeds any rental increment thereof;
- (b) in the case of a tenancy in reversion, an amount equal to the reversionary development value of that tenancy, less the aggregate of—
 - (i) the reversionary development value of the interest in reversion immediately expectant upon the termination of that tenancy, and
 - (ii) the amount (if any) by which any rental liability of that tenancy exceeds any rental increment thereof;
- (c) in the case of a tenancy other than a tenancy in reversion, the remainder (if any) of the said balance after the deduction of the aggregate of—
 - (i) the reversionary development value of the interest in reversion immediately expectant upon the termination of that tenancy, and
 - (ii) any rental liability of that tenancy.

Application of Schedule to past acquisitions

6. In relation to any compulsory acquisition to which section ninety-six of this Act applies, where the relevant date was a date before the commencement of this Act, the preceding provisions of this Schedule shall have effect with the necessary modifications.

Interpretation

7. In this Schedule—
- (a) “the relevant land”, in relation to a compulsory acquisition to which section ninety-six of this Act applies, means the land in which the interest acquired subsisted or subsists;
 - (b) “tenancy” does not include an excepted interest;
 - (c) any reference to an interest or tenancy in reversion does not include an interest or tenancy in reversion immediately expectant upon the termination of an excepted interest;
 - (d) “the relevant date” and “excepted interest” have the same meanings as in section ninety-six of this Act; and
 - (e) other expressions have the same meanings as in Part VI of this Act.

2. The following provisions of this Act, that is to say, sections sixty-eight, seventy-four, the provisions of Part VIII relating to

3. The following provisions of this Act, that is to say, sections thirty-one to thirty-three, sixty-nine, seventy-one, one hundred and fifty-four and one hundred and eighty-nine, shall have effect in relation to land in London as if any reference therein to the council of a county borough or county district included a reference to the Common Council and to the council of any metropolitan borough.

4. The power of a local planning authority to make agreements under section thirty-seven of this Act may be exercised also—

- (a) in relation to land in the City, by the Common Council, and

6.—(1) Without prejudice to the powers conferred by section sixty-seven of this Act, or by section sixty-eight thereof as modified by the last preceding paragraph, if the Minister is satisfied that it is expedient in the public interest that any land within a metropolitan borough (whether designated by a development plan as subject to compulsory acquisition or not) should be acquired by the council of that borough for the purpose of providing a public open space, he may authorise that council to acquire that land compulsorily.

(2) The Acquisition of Land (Authorisation Procedure) Act, 1946, shall apply to the compulsory acquisition of land under the preceding sub-paragraph, and accordingly shall have effect as if that sub-paragraph had been in force immediately before the commencement of that Act.

(3) Before submitting to the Minister a compulsory purchase order under this paragraph, the council of a metropolitan borough shall consult with the London County Council.

8.—(1) In relation to land in the City, the London County Council may delegate to the Common Council any of their functions under regulations made by virtue of section thirty-four of this Act with respect to the control of advertisements.

(2) The preceding sub-paragraph shall have effect without prejudice to the provisions of section twelve of the City of London (Various Powers) Act, 1958 (which relates to the delegation of planning powers to the Common Council) or of any scheme made thereunder, whether made before or after the commencement of this Act.

9. Without prejudice to the last preceding paragraph or to any such provisions as are mentioned in sub-paragraph (2) thereof, the London County Council shall consult with the Common Council—

- (a) before submitting to the Minister any proposals for altering or adding to the development plan relating to land in the City ;

- (c) before making a tree preservation order or building preservation order affecting any such land.

10. In relation to land in any metropolitan borough, the London County Council may delegate to the council of that borough any of their functions under regulations made under section thirty-four of this Act with respect to the control of advertisements.

11. The London County Council shall consult with the council of a metropolitan borough—

- (a) before submitting to the Minister proposals for altering or adding to the development plan relating to any land in that borough ;
- (b) before determining any application for planning permission for the development of any such land, being an application of any such class as may be prescribed by the development order ;
- (c) before making a tree preservation order or a building preservation order affecting any such land.

12.—(1) The class of applications for planning permission prescribed by a development order for the purposes of sub-paragraph (b) of the last preceding paragraph shall be such class as appears to the Minister to involve matters of principle.

(2) Where an application of any class so prescribed is referred to the Minister for determination in pursuance of directions given by him under section twenty-two of this Act, the London County Council shall give notice to that effect to the council of the metropolitan borough in which the land to which the application relates is situated ; and the Minister shall, in dealing with the application, take into account any representations made to the London County Council by the council of that borough.

13.—(1) In relation to land in the City, the provisions of this Act specified in paragraph 2 of the Eighth Schedule thereto shall have effect as if references to a county borough or county district were references to the City and references to the council of a county borough or county district were references to the Common Council.

(2) In relation to land elsewhere in London, those provisions shall have effect as if references to a county borough or county district were references to London and references to the council of a county borough or county district were references to the London County Council.

14.—(1) In the application to London of sections one hundred and thirty-eight to one hundred and fifty-one of this Act—

- (a) any reference to a highway authority or a local highway authority shall be construed as including a reference to the London County Council ; and
- (b) in paragraph (e) of subsection (1) of section one hundred and thirty-eight of this Act, the reference to the provisions of Part X of the Highways Act, 1959, shall be construed as a reference to those provisions as modified by the Twentieth Schedule to that Act.

15.—(1) The provisions of this paragraph shall have effect in relation to any land in London which is defined by a development plan—

- (a) as the site of a proposed road, or
- (b) as land required for the widening of an existing road which is of less than byelaw width,

and is designated by the plan as land to which this paragraph applies.

(2) The appropriate council may at any time by order declare the land (together with any land forming part of any such existing road as is mentioned in the preceding sub-paragraph) to be a private street, and thereupon the land shall be deemed to have been dedicated to the public and to be a private street:

Provided that, except with the consent of all persons interested in the land, no such order shall be made by the appropriate council in relation to land which has not been acquired by them at the date of the order, other than land forming part of any such existing road.

(3) In relation to land which is deemed to be a private street by virtue of a declaration under the last preceding sub-paragraph,—

- (a) if it is land in the City, the provisions of sections one hundred and twenty-six to one hundred and twenty-eight of the City of London Sewers Act, 1848, and any provisions of the City of London Sewers Acts, 1848 to 1897, which relate to those sections, or
- (b) if it is land elsewhere in London, the provisions of section one hundred and five of the Metropolis Management Act, 1855, section seventy-seven of the Metropolis Management Amendment Act, 1862, and the Metropolis Management Act, 1862, Amendment Act, 1890, and any provisions of

9TH SCH.

the Metropolis Management Acts, 1855 to 1893, which relate to those provisions,

shall apply, subject to such exceptions, adaptations and modifications as may be prescribed by regulations made under this Act, as if the land were a street to which those provisions respectively apply.

(4) Regulations made for the purposes of the last preceding sub-paragraph shall make provision for securing—

- (a) that the amount of the expenses incurred in the execution of street works charged under the provisions referred to in that sub-paragraph on the owners of adjoining land shall not exceed the amount which would, at the date of the commencement of the works, have been the cost of the execution of street works in the course of the construction, widening or improvement, if it had been carried out so as to comply with the provisions of any byelaws, regulations or other enactments in force in the district, and, with respect to matters for which no such provision is made, so as to comply with such requirements as would, at the date of the commencement of the works, have been imposed by the highway authority as a condition of declaring the street to be a highway repairable by the inhabitants at large ;
- (b) that, as soon as the street has been made up or widened by or to the satisfaction of the appropriate council, it shall become a highway repairable by the inhabitants at large ;
- (c) that no expenses incurred in the execution of any street works shall be recoverable against agricultural land or buildings until the land or buildings cease to be agricultural land or buildings ;
- (d) that no expenses incurred in the execution of street works for the purpose of making a new street shall be recoverable in respect of any land (whether the site of a building or not) unless and until access is provided for, and used by, persons or vehicles from that land to the new street.

(5) Regulations made for the purposes of sub-paragraph (3) of this paragraph—

- (a) may make provision whereby, in respect of street works carried out by the appropriate council, expenses incurred by a local authority in the construction of sewers in or under the land (being expenses incurred after the date on which the land is defined and designated as mentioned in sub-paragraph (1) of this paragraph, but before it is declared to be a private street under sub-paragraph (2) thereof) may be included in the expenses recoverable as mentioned in the last preceding sub-paragraph ; and

DEVELOPMENT CHARGES

1. This Schedule applies to any determination under Part VII of the Act of 1947 that a development charge was payable in respect of the carrying out of operations in, on, over or under land, or in respect of the use of land, where the development charge in question or part thereof for the time being remains undischarged and a person is or may become liable in respect thereof.

10TH SCH.

2.—(1) The Minister may at any time, on application made to him in that behalf in accordance with regulations under this Act by the person entitled to an interest in land to which such a determination relates, vary the determination in such manner as appears to him to be appropriate having regard to any change of circumstances since the determination was made, including the development, after the determination, of adjacent land in accordance with planning permission granted otherwise than in accordance with the provisions of the development plan:

Provided that the Minister shall not vary any such determination so as to increase the amount of the development charge payable thereunder.

(2) Where the Minister varies a determination under the preceding sub-paragraph, he may amend, discharge or release any covenants or charges made or given in respect of the determination, or repay any sums previously paid thereunder, so far as may be required in order to give effect to the variation.

3. Where, in the case of a determination to which this Schedule applies,—

- (a) planning permission for the carrying out of operations, or the institution or continuance of a use, to which the determination relates is revoked by an order made under section twenty-seven of this Act, or
- (b) an order is made under section twenty-eight of this Act requiring the removal of any buildings or works erected or constructed in carrying out those operations, or requiring the discontinuance of that use, as the case may be, or
- (c) the whole of the land to which the determination relates is compulsorily acquired under this or any other Act,

the determination, and any covenants or charges made or given in respect thereof, shall thereupon cease to have effect, but without prejudice to the validity of anything previously done thereunder.

4. Where, in the case of a determination to which this Schedule applies,—

- (a) planning permission for the carrying out of the operations, or for the institution or continuance of the use, to which the determination relates is modified by an order made under section twenty-seven of this Act, or
- (b) an order is made under section twenty-eight of this Act requiring the alteration of any buildings or works erected or constructed in the carrying out of those operations, or imposing conditions on the continuance of that use, as the case may be, or
- (c) part (but not the whole) of the land to which the determination relates is compulsorily acquired under this or any other Act,

the Minister shall, on application made to him in accordance with regulations under this Act, vary the determination, and amend, discharge or release any covenants or charges made or given in respect thereof, so far as may be just in consequence of the order or acquisition, as the case may be.

5. Where compensation is payable under Part VII of this Act in consequence of any such order as is mentioned in sub-paragraph (a) or sub-paragraph (b) of paragraph 3 or paragraph 4 of this Schedule, then in calculating for the purposes of the compensation any depreciation of the value of an interest in the land to which the order relates, or any other loss or damage sustained by a person interested in that land, regard shall be had to the preceding provisions of this Schedule and to anything done by the Minister thereunder, or done by the Minister or the Central Land Board under section seventy-three of the Act of 1947.

6. Where, in the case of a determination to which this Schedule applies, compensation is payable under Part VII of this Act in consequence of any such order as is mentioned in the last preceding paragraph, or where the whole or part of the land to which the determination relates is compulsorily acquired under this or any other Act, then if any sums have been paid by way of development charge in accordance with that determination, the Minister shall pay to the authority or person by whom compensation is payable in consequence of the order, or in respect of the compulsory acquisition, as the case may be, a contribution towards that compensation, representing such proportion of the sums so paid by way of development charge as may be agreed between the Minister and that authority or person, or, failing agreement, as may be determined by the Minister, to be appropriate in all the circumstances of the case.

7. Section one hundred and nineteen of this Act shall apply for the purposes of the preceding provisions of this Schedule and shall accordingly have effect as if those provisions were included among the provisions of sections one hundred and twenty to one hundred and twenty-two applied (with modifications) by subsection (2) of section one hundred and nineteen.

8. Where a determination to which this Schedule applies was made by an order under section seventy-four of the Act of 1947 (which related to development carried out in contravention of Part VII of that Act) and, by virtue of subsection (2) of that section, an interest in land was charged with the payment of any sums, that charge shall be deemed to be a land charge of Class A within the meaning of the Land Charges Act, 1925; and the Minister shall, for the purposes of enforcing it, have the same powers and remedies under the Law of Property Act, 1925, and otherwise as he would have had if he were a mortgagee by deed having powers of sale and lease and of appointing a receiver.

9. Where a determination to which this Schedule applies was in respect of the winning and working of minerals over a period ending on or after the first day of January, nineteen hundred and fifty-five, the Minister shall, on application made to him in that behalf in accordance with regulations under this Act, vary the determination, and amend, discharge or release any covenants or charges made or given in respect thereof, in such manner as appears to him appropriate for limiting the development charge to the winning and working of the minerals within so much of that period as preceded that day, and shall repay any sums paid thereunder so far as may be requisite for giving effect to the variation.

10TH SCH. 10.—(1) For the purposes of the provisions of Part VI of this Act, and of the Fifth Schedule thereto, and of the last preceding paragraph, a development charge shall be deemed not to have been determined if—

- (a) the determination thereof ceased to have effect by virtue of subsection (2) of section seventy-three of the Act of 1947 or ceases to have effect by virtue of paragraph 3 of this Schedule, or
- (b) by virtue of subsection (1) of section one of the Town and Country Planning Act, 1953, the charge was not payable, or
- (c) under subsection (5) of the said section one, any sum paid in respect of the charge became repayable.

(2) For the purposes mentioned in the preceding sub-paragraph a development charge shall be deemed to have become payable notwithstanding any agreement of the Central Land Board or of the Minister to a postponement of the payment of the charge, if the whole or part of the charge would have been payable but for that agreement.

(3) In the provisions of this Act mentioned in sub-paragraph (1) of this paragraph references to a determination that a development charge was payable, or as to the amount of a development charge, shall, in a case where the determination was subsequently varied, be construed as references to the determination as so varied.

11.—(1) References in this Schedule to the carrying out of operations include references to the retention on land of buildings or works which have been erected or carried out in accordance with planning permission granted for a limited period.

(2) Any reference in this Schedule to the compulsory acquisition of land includes a reference to the acquisition of land by agreement by an authority or person who has power or can be authorised to acquire it compulsorily.

PREVIOUSLY REPEALED

Schemes and agreements

1.—(1) The repeal shall not affect the operation of—

(a) any such scheme as was mentioned in paragraph 7 of the Tenth Schedule to the Act of 1947 (which related to certain schemes made under the Town and Country Planning Act, 1932, and the Town Planning Act, 1925) in so far as, by virtue of that paragraph, the scheme continued to have effect immediately before the commencement of this Act, or

(2) Any power to make orders under paragraph 7 of that Schedule shall continue to be exercisable notwithstanding the repeal.

2.—(1) The repeal shall not affect the operation of any such agreement as was mentioned in paragraph 10 of the Tenth Schedule to the Act of 1947 (which related to certain agreements made before the appointed day for restricting the planning, development or use of land), or of any order discharging or modifying a restriction imposed by such an agreement, in so far as any such agreement or order was in force immediately before the commencement of this Act; and any such agreement may be enforced as if this Act had not been passed.

13TH SCH.

(2) Nothing in any such agreement shall be construed as restricting the exercise, in relation to land to which the agreement applies, of any powers exercisable by any Minister or authority under this Act, so long as those powers are exercised in accordance with the provisions of the development plan, or in accordance with any directions which may have been given by the Minister as mentioned in section two hundred and ten, or as requiring the exercise of any such powers otherwise than in accordance with such provisions or directions.

(3) If the Minister is satisfied, on application made to him by any person being a party to any such agreement, or a person entitled to land affected thereby, or by the local planning authority, that any restriction on the development or use of the land imposed by the agreement is inconsistent with the proper planning or development of the area comprising the land, he may by order discharge or modify that restriction so far as appears to him to be expedient.

(4) Without prejudice to the last preceding sub-paragraph, if any person being a party to any such agreement (whether as originally made or as modified under the last preceding sub-paragraph), or a person entitled to land affected thereby, claims that the agreement ought to be modified or rescinded, having regard to the provisions of this Act or to anything done under this Act or under the Act of 1947, he may refer to arbitration the question whether the agreement should be so modified or rescinded, and the arbitrator may make such award as appears to him to be just having regard to all the circumstances.

(4) Where at any time before the appointed day it was determined under the Building Restrictions (War-Time Contraventions) Act, 1946, that any works on land or any use of land should be deemed to comply with planning control (within the meaning of that Act) subject to any conditions specified in the determination, the provisions of this paragraph shall apply in relation to those works or that use as if those conditions had been imposed on the grant of permission under a planning scheme or an interim development order.

(5) Provision may be made by regulations under this Act for applying the preceding provisions of this paragraph, subject to such adaptations and modifications as may be specified in the regulations, to works on land carried out, or uses of land begun, at any time before the appointed day, in accordance with permission granted subject to conditions under any enactment repealed by the Act of 1947, other than the enactments relating to town and country planning; and for the purposes of this provision any works or use in respect of which a notice was served under subsection (1) of section one of the Restriction of Ribbon Development (Temporary Development) Act, 1943, or was deemed by virtue of subsection (4) of that section to have been so served, shall be treated as carried out or begun in accordance with permission granted subject to a condition restricting the period for which the works or use might be continued on the land.

7.—(1) Where permission for any development of land was granted at any time after the twenty-first day of July, nineteen hundred and forty-three and before the appointed day, on an application in that behalf made under an interim development order, then, if and so far as that development was not carried out before the appointed day and the permission was in force immediately before that day, planning

permission shall be deemed to have been granted in respect thereof subject to the like conditions (if any) as were imposed by the permission under the interim development order as it had effect immediately before the appointed day:

Provided that this sub-paragraph shall not apply in relation to any development for which permission was required before the appointed day under the Restriction of Ribbon Development Act, 1935, unless that permission was also granted.

(2) The provisions of section twenty-seven shall apply in relation to planning permission which is deemed to have been granted by virtue of this paragraph as if it had been granted on an application under Part III of this Act; and, in relation to any order made under that section for the revocation or modification of any such permission, any reference in subsection (3) of section one hundred and eighteen to the grant of permission shall be construed as a reference to the grant of the permission under the interim development order.

(3) Where permission for any development of land was granted as mentioned in sub-paragraph (1) of this paragraph, and permission for that development was also granted under the Restriction of Ribbon Development Act, 1935, then, if the permission so granted under the said Act of 1935 was granted subject to conditions, those conditions shall be treated for the purposes of this paragraph as conditions imposed by the permission granted under the interim development order.

8.—(1) Where any works for the erection or alteration of a building had been begun but not completed before the appointed day, then if—

- (a) immediately before that day those works could have been completed in conformity with the provisions of a planning scheme or of permission granted thereunder, or in accordance with permission granted by or under an interim development order, and
- (b) where any permission was required under the Restriction of Ribbon Development Act, 1935, for the carrying out of those works, that permission was granted,

planning permission shall be deemed to have been granted in respect of the completion of those works.

(2) The planning permission deemed to have been granted by virtue of this paragraph shall be deemed to have been so granted subject to any conditions applicable thereto under the scheme or the permission granted by or under the interim development order, as the case may be, and to any conditions imposed by the permission (if any) granted under the Restriction of Ribbon Development Act, 1935, and shall include permission to use the building, when erected or altered,—

- (a) where the purpose for which it could be so used was prescribed by or under the planning scheme, or by the permission granted by or under the interim development order, as the case may be, for that purpose;

13TH SCH.

(3) In relation to any such works as are mentioned in sub-paragraph (1) of this paragraph, being works in respect of which permission was granted after the twenty-first day of July, nineteen hundred and forty-three, on an application in that behalf made under an interim development order, the provisions of this paragraph shall have effect in substitution for the provisions of the last preceding paragraph.

9. Where in pursuance of sub-paragraph (3) of paragraph 6 of this Schedule permission is granted for the retention on land of works authorised as mentioned in that sub-paragraph, sub-paragraph (1) of paragraph 11 of the Tenth Schedule to this Act shall apply in relation to the retention of those works as if they had been erected or carried out in accordance with planning permission granted for a limited period.

11.—(1) This paragraph applies to any enforcement notice served before the commencement of this Act by virtue of section seventy-five of the Act of 1947 (which related to development contravening planning control under the enactments repealed by that Act), being a notice which had not ceased for all purposes to have effect before the commencement of this Act.

(2) The repeal shall not invalidate any enforcement notice to which this paragraph applies.

(3) In relation to any such notice which was served before the twenty-ninth day of August, nineteen hundred and sixty, on the owner and occupier of the land to which it related—

(a) sections forty-five to forty-nine shall not apply;

(b) section fifty shall not apply if the planning permission in question was granted before the said twenty-ninth day of August; and

(c) sections twenty-three and twenty-four of the Act of 1947, as applied by section seventy-five of that Act, shall have effect as they would have had effect in relation to the notice if this Act had not been passed.

(4) In relation to any enforcement notice to which this paragraph applies, not being a notice falling within the last preceding sub-paragraph, subsections (3) and (5) of section forty-five and (subject to paragraphs 13 to 16 of this Schedule) sections forty-six to fifty-one shall have effect as they have effect in relation to an enforcement notice served under section forty-five.

12.—(1) In so far as an enforcement notice could, if this Act had not been passed, have been served by virtue of section seventy-five of the Act of 1947, at a time on or after the date of the commencement of this Act, in respect of any works or use of land of a description to which that section applied, there shall subsist by virtue of this paragraph a corresponding power in the like circumstances to serve an enforcement notice (to the like effect as that which could have been so served) in respect of those works or that use of land.

(2) Subsections (3) and (5) of section forty-five and (subject to paragraphs 13 to 16 of this Schedule) sections forty-six to fifty-one shall have effect in relation to an enforcement notice served by virtue of this paragraph as they have effect in relation to an enforcement notice served under section forty-five.
