Citation, commencement and interpretation

1.—(1) These Regulations may be cited as the Social Security (Coronavirus) (Further Measures) Regulations 2020 and come into force on 30th March 2020.

(2) In these Regulations—

“coronavirus” means severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2);

“coronavirus disease” means COVID-19 (the official designation of the disease which can be caused by coronavirus);

“isolation” in relation to a person, means the separation of that person from any other person in such a manner as to prevent infection or contamination with coronavirus disease;

“universal credit” means universal credit under Part 1 of the Welfare Reform Act 2012;

“Universal Credit Regulations” means the Universal Credit Regulations 2013⁽⁶⁾.

Universal credit – minimum income floor

2.—(1) The Secretary of State may, where it appears expedient as a consequence of the outbreak of coronavirus disease, and in such cases or class of case, or for such period, as the Secretary of State determines—

(a) treat the amount of the individual threshold or the couple threshold in regulation 62 (minimum income floor) of the Universal Credit Regulations⁽⁷⁾ as if it were a lesser amount (including zero);

(b) where it falls to be determined whether a claimant is in gainful self-employment, delay that determination;

(c) where it has been determined that a claimant is in gainful self-employment, treat that claimant as not being in gainful self-employment;

(d) where a claimant is in a start-up period, extend that period for as long as the Secretary of State considers appropriate; or

(e) in relation to any claimant who would otherwise fall within section 22 of the Welfare Reform Act 2012 (all work-related requirements) as a result of this regulation, except that claimant from a work search requirement or a work availability requirement.

(2) In this regulation “start-up period” and “gainful self-employment” have the meanings given in regulations 63 and 64 respectively of the Universal Credit Regulations.

Universal credit – standard allowance modification

3.—(1) Regulation 36 (table showing amounts of elements) of the Universal Credit Regulations, as amended by article 33 of, and Schedule 13 to, the Social Security Benefits Up-rating Order 2020⁽⁸⁾ (“the 2020 up-rating order”) is to be read as if the following amounts were substituted for the amounts of the standard allowance—

(a) £342.72 for a single claimant aged under 25;

(b) £409.89 for a single claimant aged 25 or over;

(c) £488.59 for joint claimants both aged under 25;

(d) £594.04 for joint claimants where either is aged 25 or over.

⁽⁶⁾ [S.I. 2013/376](#).

⁽⁷⁾ Regulation 62 was substituted by [S.I. 2014/2888](#) and amended by [S.I. 2015/345](#) and 1754 and [2019/1249](#).

(3) For the purposes of any calculation under regulation 54 (transitional element - indicative UC amount) and 55 (transitional element – initial amount and adjustment where other elements increase) of the Universal Credit (Transitional Provisions) Regulations 2014⁽⁹⁾ the amount of the standard allowance is to be the amount specified in regulation 36 of the Universal Credit Regulations, as amended by the 2020 up-rating order, and paragraph (1) is to be disregarded.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide further measures in response to the present outbreak of coronavirus disease in Great Britain. They are in addition to those in the Employment and Support Allowance and Universal Credit (Coronavirus Disease) Regulations 2020 ([S.I. 2020/289](#)).

Under regulation 2 the Secretary of State has the discretion to apply a number of measures in relation to the minimum income floor (MIF), which applies to self-employed claimants in universal credit. The Secretary of State may reduce the MIF to a lesser amount (including zero), delay making a determination that a person is in gainful self-employment, treat a person as not being in gainful self-employment, extend a start-up period or exempt a self-employed claimant from a requirement to seek work or be available for work.

Regulation 3 makes modifications to the amount of the standard allowance in universal credit in relation to the 2020-21 tax year. The temporary amounts will not apply for the purposes of calculating transitional protection in relation to a claimant who is moved to universal credit under Part 4 (managed migration) of the Universal Credit (Transitional Provisions) Regulations 2014 ([S.I. 2014/1230](#)).

Regulation 4 amends the Rent Officers (Housing Benefit Functions) Order 1997 ([S.I. 1997/1984](#)), the Rent Officers (Housing Benefit Functions) (Scotland) Order 1997 ([S.I. 1997/1995](#)) and the Rent Officers (Universal Credit Functions) Order 2013 ([S.I. 2013/382](#)) to provide that the rent officers must determine a local housing allowance (private rented sector) for each relevant category of accommodation, in each broad rental market area, on 31st March 2020, so that the allowance is set at the lower of rent at the 30th percentile of local rents and revised national caps. The determinations are to replace the determinations made on 31st January 2020 and are to take effect on 1st April 2020.

Regulation 5 makes modifications in relation to the tax year 2020-21 to Schedules 4 and 5 of the Housing Benefit Regulations 2006 ([S.I. 2006/213](#)) and the Housing Benefit (Persons who have attained the qualifying age for state pension credit) Regulations 2006 ([S.I. 2006/214](#)) so as to provide that the disregard from income that applies to the calculation of housing benefit where a person is entitled to working tax credit, or works for a specified minimum number of hours per week, is increased from £17.10 to £37.10. The increase takes into account the temporary increase in the basic element of working tax credit made by section 77 of the Coronavirus Act 2020 ([c. 7](#)). The regulation takes effect on 6th April 2020 and ceases to have effect at the end of 4th April 2021.

Regulation 6 applies to a claimant who has an award of universal credit or new style JSA and makes provision so that work search requirements are not imposed for a period of 3 months from the date these Regulations come into force as a consequence of the outbreak of coronavirus disease. Provision is also made so that any existing work search requirement no longer applies and so that the requirement to be “able and willing immediately to take up paid work” under a work availability requirement applies only once the regulation ceases to apply. There is power for the Secretary of State to extend the 3-month period in consequence of the continuation of the outbreak of coronavirus disease.

Regulation 7 makes provision for claimants who have an award of old style JSA. Such claimants will be treated as available for work and actively seeking employment for the purposes of the Jobseekers Act 1995 ([c. 18](#)). This regulation applies for a period of 3 months, beginning with the date that the Regulations come into force, and there is power for the Secretary of State to extend the 3-month period in consequence of the continuation of the outbreak of coronavirus disease.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Regulation 8 applies to a person who is infected or contaminated with coronavirus disease, in isolation or caring for a child or qualifying young person in their household who is so infected or contaminated or is in isolation. Where such a person satisfies the requirements for entitlement to a jobseeker's allowance, other than the requirement in section 1(2)(f) of the Jobseekers Act 1995 that the person does not have limited capability for work, the person is to be treated as capable of work or as not having limited capability for work. Any period during which the regulation applies to the person is to be disregarded for the purposes of calculating the number of occasions that regulation 55 or 55ZA of the Jobseeker's Allowance Regulations 1996 (S.I. 1996/207) or regulation 46 or 46A of the Jobseeker's Allowance Regulations 2013 (S.I. 2013/378) apply to that person. Those regulations enable a person with an award of jobseeker's allowance to have certain periods of sickness without losing entitlement to jobseeker's allowance. By not counting any period during which a person is infected or contaminated with coronavirus disease, in isolation or caring for a child or qualifying young person in their household who is so infected or contaminated or is in isolation, any such period will not count towards a period of sickness and so a person will not lose entitlement to jobseeker's allowance because of coronavirus disease.

The effect of Regulation 9 is to allow carers to retain their entitlement to carer's allowance if they have a temporary break in caring as a result of isolation due to, or infection or contamination with, coronavirus disease of either the carer or the person cared for. This regulation extends to England and Wales only.

Under regulation 10 the Secretary of State must keep the operation of the Regulations under review. Regulations 2, 6, 7, 8 and 9 expire on the same day as the Employment and Support Allowance and Universal Credit (Coronavirus Disease) Regulations 2020. Provision is also made so that regulations 3 and 4 of the Employment and Support Allowance and Universal Credit (Coronavirus Disease) Regulations 2020 no longer have effect so far as they apply to universal credit. Regulation 3 of those Regulations treats a person as having limited capability for work in certain circumstances and regulation 4 enables the minimum income floor to be suspended once a person is no longer treated as having limited capability for work. Those provisions are no longer necessary due to the provisions made in these Regulations.

A full impact assessment has not been produced for this instrument as no, or no significant, impact on the private, public or voluntary sectors is foreseen.
