# INTERNATIONAL CONVENTION FOR THE CONSERVATION OF ATLANTIC TUNAS

## Preamble

The Governments whose duly authorized representatives have subscribed hereto, considering their mutual interest in the populations of tuna and tuna-like fishes found in the Atlantic Ocean, and desiring to co-operate in maintaining the populations of these fishes at levels which will permit the maximum sustainable catch for food and other purposes, resolve to conclude a Convention for the conservation of the resources of tuna and tuna-like fishes of the Atlantic Ocean, and to that end agree as follows:

## ARTICLE I

The area to which this Convention shall apply, hereinafter referred to as the "Convention area", shall be all waters of the Atlantic Ocean, including the adjacent Seas.

## ARTICLE II

Nothing in this Convention shall be considered as affecting the rights, claims or views of any Contracting Party in regard to the limits of territorial waters or the extent of jurisdiction over fisheries under international law.

## ARTICLE III

1. The Contracting Parties hereby agree to establish and maintain a Commission to be known as the International Commission for the Conservation of Atlantic Tunas, hereinafter referred to as "the Commission", which shall carry out the objectives set forth in this Convention.
2. Each of the Contracting Parties shall be represented on the Commission by not more than three Delegates. Such Delegates may be assisted by experts and advisors.
3. Except as may otherwise be provided in this Convention, decisions of the Commission shall be taken by a majority of the Contracting Parties, each Contracting Party having one vote. Two-thirds of the Contracting Parties shall constitute a quorum.
4. The Commission shall hold a regular meeting once every two years. A special meeting may be called at any time at the request of a majority of the Contracting Parties or by decision of the Council as constituted in Article V.
5. At its first meeting, and thereafter at each regular meeting, the Commission shall elect from among its Members a Chairman, a first Vice-Chairman and a second Vice-Chairman who shall not be re-elected for more than one term.
6. The meetings of the Commission and its subsidiary bodies shall be public unless the Commission otherwise decides.

7. The official languages of the Commission shall be English, French and Spanish.
8. The Commission shall have authority to adopt such rules of procedure and financial regulations as are necessary to carry out its functions.
9. The Commission shall submit a report to the Contracting Parties every two years on its work and findings and shall also inform any Contracting Party, whenever requested, on any matter relating to the objectives of the Convention.

#### ARTICLE IV

1. In order to carry out the objectives of this Convention the Commission shall be responsible for the study of the populations of tuna and tuna-like fishes (the Scombriformes with the exception of the families Trichiuridae and Gempylidae and the genus *Scomber*) and such other species of fishes exploited in tuna fishing in the Convention area as are not under investigation by another international fishery organization. Such study shall include research on the abundance, biometry and ecology of the fishes; the oceanography of their environment; and the effects of natural and human factors upon their abundance. The Commission, in carrying out these responsibilities shall, insofar as feasible, utilise the technical and scientific services of, and information from, official agencies of the Contracting Parties and their political subdivisions and may, when desirable, utilise the available services and information of any public or private institution, organization or individual, and may undertake within the limits of its budget independent research to supplement the research work being done by governments, national institutions or other international organizations.
2. The carrying out of the provisions in paragraph 1 of this Article shall include:
  - (a) collecting and analysing statistical information relating to the current conditions and trends of the tuna fishery resources of the Convention area;
  - (b) studying and appraising information concerning measures and methods to ensure maintenance of the populations of tuna and tuna-like fishes in the Convention area at levels which will permit the maximum sustainable catch and which will ensure the effective exploitation of these fishes in a manner consistent with this catch;
  - (c) recommending studies and investigations to the Contracting Parties;
  - (d) publishing and otherwise disseminating reports of its findings and statistical, biological and other scientific information relative to the tuna fisheries of the Convention area.

#### ARTICLE V

1. There is established within the Commission a Council which shall consist of the Chairman and the Vice-Chairmen of the Commission together with the representatives of not less than four and not more than eight Contracting Parties. The Contracting Parties represented on the Council shall be elected at each regular meeting of the Commission. However, if at any time the number of the Contracting Parties exceeds forty, the Commission may elect an additional two Contracting Parties to be represented on the Council. The Contracting Parties of which the Chairman and Vice-Chairmen are nationals shall not be elected to the Council. In elections to the Council the Commission shall give due consideration to the geographic, tuna fishing and tuna processing interests of the Contracting Parties, as well as to the equal right of the Contracting Parties to be represented on the Council.
2. The Council shall perform such functions as are assigned to it by this Convention or are designated by the Commission, and shall meet at least once in the interim between regular meetings of the Commission. Between meetings of the Commission the Council shall make necessary decisions on the duties to be carried out by the staff and shall issue necessary instructions to the Executive Secretary. Decisions of the Council shall be made in accordance with rules to be established by the Commission.

## ARTICLE VI

To carry out the objectives of this Convention the Commission may establish Panels on the basis of species, group of species, or of geographic areas. Each Panel in such case:

- (a) shall be responsible for keeping under review the species, group of species, or geographic area under its purview, and for collecting scientific and other information relating thereto;
- (b) may propose to the Commission, upon the basis of scientific investigations, recommendations for joint action by the Contracting Parties;
- (c) may recommend to the Commission studies and investigations necessary for obtaining information relating to its species, group of species, or geographic area, as well as the co-ordination of programmes of investigation by the Contracting Parties.

## ARTICLE VII

The Commission shall appoint an Executive Secretary who shall serve at the pleasure of the Commission. The Executive Secretary, subject to such rules and procedures as may be determined by the Commission, shall have authority with respect to the selection and administration of the staff of the Commission. He shall also perform, *inter alia*, the following functions as the Commission may prescribe:

- (a) co-ordinating the programmes of investigation by the Contracting Parties;
- (b) preparing budget estimates for review by the Commission;
- (c) authorising the disbursement of funds in accordance with the Commission's budget;
- (d) accounting for the funds of the Commission;
- (e) arranging for co-operation with the organisations referred to in Article XI of this Convention;
- (f) preparing the collection and analysis of data necessary to accomplish the purposes of the Convention particularly those data relating to the current and maximum sustainable catch of tuna stocks;
- (g) preparing for approval by the Commission scientific, administrative and other reports of the Commission and its subsidiary bodies.

## ARTICLE VIII

1. (a) The Commission may, on the basis of scientific evidence, make recommendations designed to maintain the populations of tuna and tuna-like fishes that may be taken in the Convention area at levels which will permit the maximum sustainable catch. These recommendations shall be applicable to the Contracting Parties under the conditions laid down in paragraphs 2 and 3 of this Article.

- (b) The recommendations referred to above shall be made:
  - (i) at the initiative of the Commission if an appropriate Panel has not been established or with the approval of at least two-thirds of all the Contracting Parties if an appropriate Panel has been established;
  - (ii) on the proposal of an appropriate Panel if such a Panel has been established;
  - (iii) on the proposal of the appropriate Panels if the recommendation in question relates to more than one geographic area, species or group of species.

2. Each recommendation made under paragraph 1 of this Article shall become effective for all Contracting Parties six months after the date of the notification from the Commission transmitting the recommendation to the Contracting Parties, except as provided in paragraph 3 of this Article.

3. (a) If any Contracting Party in the case of a recommendation made under paragraph 1 (b) (i) above, or any Contracting Party member of a Panel concerned in the case of a recommendation made under paragraph 1 (b) (ii) or (iii) above, presents to the Commission an objection to such recommendation within the six months period provided for in paragraph 2 above, the recommendation shall not become effective for an additional sixty days.
  - (b) Thereupon any other Contracting Party may present an objection prior to the expiration of the additional sixty days period, or within forty-five days of the date of the notification of an objection made by another Contracting Party within such additional sixty days, whichever date shall be the later.
  - (c) The recommendation shall become effective at the end of the extended period or periods for objection, except for those Contracting Parties that have presented an objection.
  - (d) However, if a recommendation has met with an objection presented by only one or less than one-fourth of the Contracting Parties, in accordance with subparagraphs (a) and (b) above, the Commission shall immediately notify the Contracting Party or Parties having presented such objection that it is to be considered as having no effect.
  - (e) In the case referred to in subparagraph (d) above the Contracting Party or Parties concerned shall have an additional period of sixty days from the date of said notification in which to reaffirm their objection. On the expiry of this period the recommendation shall become effective, except with respect to any Contracting Party having presented an objection and reaffirmed it within the delay provided for.
  - (f) If a recommendation has met with objection from more than one-fourth but less than the majority of the Contracting Parties, in accordance with subparagraphs (a) and (b) above, the recommendation shall become effective for the Contracting Parties that have not presented an objection thereto.
  - (g) If objections have been presented by a majority of the Contracting Parties the recommendation shall not become effective.
4. Any Contracting Party objecting to a recommendation may at any time withdraw that objection, and the recommendation shall become effective with respect to such Contracting Party immediately if the recommendation is already in effect, or at such time as it may become effective under the terms of this Article.
  5. The Commission shall notify each Contracting Party immediately upon receipt of each objection and of each withdrawal of an objection, and of the entry into force of any recommendation.

#### ARTICLE IX

1. The Contracting Parties agree to take all action necessary to ensure the enforcement of this Convention. Each Contracting Party shall transmit to the Commission, biennially or at such other times as may be required by the Commission, a statement of the action taken by it for these purposes.
2. The Contracting Parties agree:
  - (a) to furnish, on the request of the Commission, any available statistical, biological and other scientific information the Commission may need for the purposes of this Convention;
  - (b) when their official agencies are unable to obtain and furnish the said information, to allow the Commission, through the Contracting Parties, to obtain it on a voluntary basis direct from companies and individual fishermen.
3. The Contracting Parties undertake to collaborate with each other with a view to the adoption of suitable effective measures to ensure the application of the provisions of this Convention and in particular to set up a system of international enforcement to be applied to the Convention area except the territorial sea and other waters, if any, in which a State is entitled under international law to exercise jurisdiction over fisheries.

## ARTICLE X

1. The Commission shall adopt a budget for the joint expenses of the Commission for the biennium following each regular meeting.
  2. Each Contracting Party shall contribute annually to the budget of the Commission an amount equal to:
    - (a) U.S. \$1,000 (one thousand United States dollars) for Commission membership.
    - (b) U.S. \$1,000 (one thousand United States dollars) for each Panel membership.
    - (c) If the proposed budget for joint expenses for any biennium should exceed the whole amount of contributions to be made by the Contracting Parties under (a) and (b) of this paragraph, one-third of the amount of such excess shall be contributed by the Contracting Parties in proportion to their contributions made under (a) and (b) of this paragraph. For the remaining two-thirds the Commission shall determine on the basis of the latest available information:
      - (i) the total of the round weight of catch of Atlantic tuna and tuna-like fishes and the net weight of canned products of such fishes for each Contracting Party;
      - (ii) the total of (i) for all Contracting Parties.
- Each Contracting Party shall contribute its share of the remaining two-thirds in the same ratio that its total in (i) bears to the total in (ii). That part of the budget referred to in this subparagraph shall be set by agreement of all the Contracting Parties present and voting.
3. The Council shall review the second half of the biennial budget at its regular meeting between Commission meetings and, on the basis of current and anticipated developments, may authorise reapportionment of amounts in the Commission budget for the second year within the total budget approved by the Commission.
  4. The Executive Secretary of the Commission shall notify each Contracting Party of its yearly assessment. The contributions shall be payable on January first of the year for which the assessment was levied. Contributions not received before January first of the succeeding year shall be considered as in arrears.
  5. Contributions to the biennial budget shall be payable in such currencies as the Commission may decide.
  6. At its first meeting the Commission shall approve a budget for the balance of the first year the Commission functions and for the following biennium. It shall immediately transmit to the Contracting Parties copies of these budgets together with notices of the respective assessments for the first annual contribution.
  7. Thereafter, within a period not less than sixty days before the regular meeting of the Commission which precedes the biennium, the Executive Secretary shall submit to each Contracting Party a draft biennial budget together with a schedule of proposed assessments.
  8. The Commission may suspend the voting rights of any Contracting Party when its arrears of contributions equal or exceed the amount due from it for two preceding years.
  9. The Commission shall establish a Working Capital Fund to finance operations of the Commission prior to receiving annual contributions, and for such other purposes as the Commission may determine. The Commission shall determine the level of the Fund, assess advances necessary for its establishment, and adopt regulations governing the use of the Fund.

10. The Commission shall arrange an annual independent audit of the Commission's accounts. The reports of such audits shall be reviewed and approved by the Commission, or by the Council in years when there is no regular Commission meeting.

11. The Commission may accept contributions, other than provided for in paragraph 2 of this Article, for the prosecution of its work.

#### ARTICLE XI

1. The Contracting Parties agree that there should be a working relationship between the Commission and the Food and Agriculture Organization of the United Nations. To this end the Commission shall enter into negotiations with the Food and Agriculture Organization of the United Nations with a view to concluding an agreement pursuant to Article XIII of the Organization's Constitution. Such agreement should provide, *inter alia*, for the Director-General of the Food and Agriculture Organization of the United Nations to appoint a Representative who would participate in all meetings of the Commission and its subsidiary bodies, but without the right to vote.

2. The Contracting Parties agree that there should be co-operation between the Commission and other international fisheries commissions and scientific organizations which might contribute to the work of the Commission. The Commission may enter into agreements with such commissions and organizations.

3. The Commission may invite any appropriate international organization and any Government which is a Member of the United Nations or of any Specialized Agency of the United Nations and which is not a member of the Commission, to send observers to meetings of the Commission and its subsidiary bodies.

#### ARTICLE XII

1. This Convention shall remain in force for ten years and thereafter until a majority of Contracting Parties agree to terminate it.

2. At any time after ten years from the date of entry into force of this Convention, any Contracting Party may withdraw from the Convention on December thirty-first of any year including the tenth year by written notification of withdrawal given on or before December thirty-first of the preceding year to the Director-General of the Food and Agriculture Organization of the United Nations.

3. Any other Contracting Party may thereupon withdraw from this Convention with effect from the same December thirty-first by giving written notification of withdrawal to the Director-General of the Food and Agriculture Organization of the United Nations not later than one month from the date of receipt of information from the Director-General of the Food and Agriculture Organization of the United Nations concerning any withdrawal, but not later than April first of that year.

#### ARTICLE XIII

1. Any Contracting Party or the Commission may propose amendments to this Convention. The Director-General of the Food and Agriculture Organization of the United Nations shall transmit a certified copy of the text of any proposed amendment to all the Contracting Parties. Any amendment not involving new obligations shall take effect for all Contracting Parties on the thirtieth day after its acceptance by three-fourths of the Contracting Parties. Any amendment involving new obligations shall take effect for each Contracting Party accepting the amendment on the ninetieth day after its acceptance by three-fourths of the Contracting Parties and thereafter for each remaining Contracting Party upon acceptance by it. Any amendment considered by one or more Contracting Parties to involve new obligations shall be deemed to involve new obligations and shall take effect accordingly. A government which becomes a Contracting Party after an amendment

to this Convention has been opened for acceptance pursuant to the provisions of this Article shall be bound by the Convention as amended when the said amendment comes into force.

2. Proposed amendments shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations. Notifications of acceptance of amendments shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations.

#### ARTICLE XIV

1. This Convention shall be open for signature by any Government which is a Member of the United Nations or of any Specialized Agency of the United Nations. Any such Government which does not sign this Convention may adhere to it at any time.

2. This Convention shall be subject to ratification or approval by signatory countries in accordance with their constitutions. Instruments of ratification, approval, or adherence shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations.

3. This Convention shall enter into force upon the deposit of instruments of ratification, approval, or adherence by seven Governments and shall enter into force with respect to each Government which subsequently deposits an instrument of ratification, approval or adherence on the date of such deposit.

#### ARTICLE XV

The Director-General of the Food and Agriculture Organization of the United Nations shall inform all Governments referred to in paragraph 1 of Article XIV of deposits of instruments of ratification, approval or adherence, the entry into force of this Convention, proposals for amendments, notifications of acceptance of amendments, entry into force of amendments, and notifications of withdrawal.

#### ARTICLE XVI

The original of this Convention shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations who shall send certified copies to the Governments referred to in paragraph 1 of Article XIV.

IN WITNESS WHEREOF the representatives duly authorized by their respective Governments have signed the present Convention. Done at Rio de Janeiro this fourteenth day of May 1966 in a single copy in English, French and Spanish languages, each version being equally authoritative.

### NOTES:

<sup>1</sup>The United Kingdom's Adherence include the following UK Overseas Territories: Anguilla, Bermuda, Turks and Caicos Islands.

<sup>2</sup>In a Notification dated 19th January 1998, the UK stated it would cease to be a Party to the ICCAT for all territories of the UK for which the European Community has competence for fisheries conservation . . . and intends to retain its membership in respect of Overseas Territories for which the European Community does not have competence for fisheries conservation.

## Protocol

1. Articles XIV, XV and XVI of the International Convention for the Conservation of Atlantic Tunas are modified as follows:

### ARTICLE XIV

1. This Convention shall be open for signature by the Government of any State which is a member of the United Nations or of any Specialized Agency of the United Nations. Any such Government which does not sign this Convention may adhere to it at any time.
2. This Convention shall be subject to ratification or approval by signatory countries in accordance with their constitutions. Instruments of ratification, approval, or adherence shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations.
3. This Convention shall enter into force upon the deposit of instruments of ratification, approval, or adherence by seven Governments and shall enter into force with respect to each Government which subsequently deposits an instrument of ratification, approval, or adherence on the date of such deposit.
4. This Convention shall be open for signature or adherence by any inter-governmental economic integration organization constituted by States that have transferred to it competence over the matters governed by this Convention, including the competence to enter into treaties in respect of those matters.
5. Upon the deposit of its instrument of formal confirmation or adherence, any organization referred to in paragraph 4 shall be a Contracting Party having the same rights and obligations in respect of the provisions of the Convention as the other Contracting Parties. Reference in the text of the Convention to the term "State" in Article IX, paragraph 3, and to the term "government" in the Preamble and in Article XIII, paragraph 1, shall be interpreted in this manner.
6. When an organization referred to in paragraph 4 becomes a Contracting Party to this Convention, the member states of that organization and those that adhere to it in the future shall cease to be parties to the Convention; they shall transmit a written notification to this effect to the Director-General of the Food and Agriculture Organization of the United Nations.

### ARTICLE XV

The Director-General of the Food and Agriculture Organization of the United Nations shall inform all Governments referred to in paragraph 1 of Article XIV and all organizations referred to in paragraph 4 of the same Article of deposits of instruments of ratification, approval, formal confirmation or adherence, the entry into force of this Convention, proposals for amendments, entry into force of amendments, and notification of withdrawal.

### ARTICLE XVI

The original of this Convention shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations who shall send certified copies of it to the Governments referred to in paragraph 1 of Article XIV and to the organizations referred to in paragraph 4 of the same Article.

II. The original of this Protocol, the English, French and Spanish texts of which are equally authentic, shall be deposited with the Director-General of the Food and Agriculture Organization of the United Nations. It shall be open for signature in Rome until September 10, 1984. The Contracting Parties to the International Convention for the

Conservation of Atlantic Tunas that have not signed the Protocol by that date may nevertheless deposit their instruments of acceptance at any time. The Director-General of the Food and Agriculture Organization of the United Nations shall send a certified copy of this Protocol to each of the Contracting Parties to the International Convention for the Conservation of Atlantic Tunas.

III. This Protocol shall enter into force upon deposit with the Director-General of the Food and Agriculture Organization of the United Nations of instruments of approval, ratification or acceptance of all Contracting Parties. In this regard, the provisions set out in the last sentence of paragraph 1 of Article XIII of the International Convention for the Conservation of Atlantic Tunas shall apply *mutatis mutandis*. The date of entry into force shall be the thirtieth day following the deposit of the last instrument.

Done at Paris, July 10, 1984.

**Remarks**

This Protocol enters into effect, according to the terms of Article III above, “upon deposit with the Director-General of the Food and Agriculture Organization of the United Nations of instruments of approval, ratification or acceptance of all Contracting Parties”.

## Ratifications, Accessions, Effective Dates and Declarations

| <i>State</i>                    | <i>Action</i> | <i>Date</i> | <i>Effective Date</i> |

| Uruguay                         | Approval      | 10 May 1985 | 14 Dec 1997           |
| Venezuela                       | Acceptance    | 07 Mar 1989 | 14 Dec 1997           |

### NOTES:

<sup>1</sup> On the Acceptance of the European Community, EC Member States (Spain, France, Italy, Portugal and the United Kingdom) withdrew from the Commission. However, France and the United Kingdom retained their membership (on 24 Dec 1997 and 19 Jan 1998 respectively) on behalf of their Overseas Territories (for which the EC does not have competence in fisheries conservation).

<sup>2</sup> The United Kingdom's Acceptance included the following UK Overseas Territories: Bermuda, Anguilla, Turks & Caicos Islands.
