Applicability of the Chicago Convention

The provisions of this Agreement shall be subject to the provisions of the Chicago Convention insofar as those provisions are applicable to international air services.

ARTICLE 3

Grant of Rights

- (1) Each Contracting Party grants to the other Contracting Party the following rights in respect of its international air services:
 - (a) the right to fly across its territory without landing;
 - (b) the right to make stops in its territory for non-traffic purposes.
- (2) Each Contracting Party grants to the other Contracting Party the rights hereinafter specified in this Agreement for the purpose of operating international air services on the routes specified in the appropriate Section of the Schedule annexed to this Agreement. Such services and routes are hereinafter called "the agreed services" and "the specified routes" respectively. While operating an agreed service on a specified route the airline or airlines designated by each Contracting Party shall enjoy in addition to the rights specified in paragraph (1) of this Article the right to make stops in the territory of the other Contracting Party at the points

specified for that route in the Schedule to this Agreement for the purpose of taking on board and discharging passengers and cargo, including mail.

(3) Nothing in paragraph (2) of this Article shall be deemed to confer on the designated airline or airlines of one Contracting Party the right to take on board, in the territory of the other Contracting Party, passengers and cargo, including mail, carried for hire or reward and destined for another point in the territory of the other Contracting Party.

(4) If because of armed conflict, political disturbances or developments, or special and unusual circumstances, a designated airline of one Contracting Party is unable to operate a service on its normal routeing, the other Contracting Party shall use its best efforts to facilitate the continued operation of such service through appropriate temporary rearrangements of routes.

ARTICLE 4

Designation and Authorisation

(1) Each Party shall have the right to designate an airline or airlines for the purpose of operating the agreed services on each of the routes specified in the Annex and to withdraw or alter such designations. Such designations shall be made in writing and shall be transmitted to the other Party through diplomatic channels.

(2) On receipt of such a designation, and of applications from the designated airline, in the form and manner prescribed for operating authorisations and technical permissions, the other Party shall grant the appropriate authorisations and permissions with minimum procedural delay, provided:

- (a) in the case of an airline designated by the United Kingdom:
 - (i) it is established in the territory of the United Kingdom under the Treaty establishing the European Community and has received an Operating Licence in accordance with European Community law; and
 - (ii) effective regulatory control of the airline is exercised and maintained by the European Community Member State responsible for issuing its Air Operators Certificate and the relevant aeronautical authority is clearly identified in the designation;
- (b) in the case of an airline designated by the United Republic of Tanzania:
 - (i) it is incorporated and has its principle place of business in the United Republic of Tanzania and is licensed in accordance with the applicable law of the United Republic of Tanzania; and

- (ii) the United Republic of Tanzania has and maintains effective regulatory control of the airline; and
- (c) the designated airline is qualified to meet the conditions prescribed under the laws and regulations normally applied to the operation of international air services by the Party considering the application or applications.

ARTICLE 5

Revocation or Suspension of Authorisation

Either party may revoke, suspend or limit the operating authorisation or technical permissions of an airline designated by the other Party where:

- (a) in the case of an airline designated by the United Kingdom:
 - (i) it is not established in the territory of the United Kingdom under the Treaty establishing the European Community or has not received an Operating Licence in accordance with European Community law; or
 - (ii) effective regulatory control of the airline is not exercised or not maintained by the European Community Member State responsible for issuing its Air Operators Certificate, or the relevant aeronautical authority is not clearly identified in the designation;
- (b) in the case of an airline designated by the United Republic of Tanzania:
 - (i) it is not incorporated or does not have its principle place of business in the United Republic of Tanzania or is not licensed in accordance with the applicable law of the United Republic of Tanzania; or
 - (ii) the United Republic of Tanzania is not maintaining effective regulatory control of the airline; or
- (c) that airline has failed to comply with the laws and regulations referred to in this Agreement.

ARTICLE 6

Fair Competition

- (1) There shall be fair and equal opportunity for the designated airlines of both Contracting Parties to compete in operating the agreed services on the specified routes.
- (2) Each Contracting Party shall allow each designated airline to determine the

frequency and capacity of the international air transport it offers, according to commercial and market-based considerations. Neither Contracting Party shall unilaterally restrict the operations of the designated airlines of the other, except according to the terms of this Agreement or by such uniform conditions as may be contemplated by the Convention.

(3) Neither Contracting Party shall allow its designated airline or airlines, either in conjunction with any other airline or airlines or separately, to abuse market power in a way which has or is likely or intended to have the effect of severely weakening a competitor or excluding a competitor from a route.

ARTICLE 7

Tariffs

(1) For the purposes of these arrangements the term tariff means the prices to be paid for the carriage of passengers, baggage and freight and the conditions under which those prices apply, including prices and conditions for agency and other auxiliary services, but excluding remuneration or conditions for the carriage of mail.

(2) Each Contracting Party shall allow tariffs for air services to be established by each designated airline based upon commercial considerations in the market place. Neither Contracting Party shall require their airlines to consult other airlines about the tariffs they charge or propose to charge for services covered by these arrangements.

(3) Each Contracting Party may require notification or filing of any tariff to be charged by its own designated airline or airlines. Neither Contracting Party shall require notification or filing of any tariffs to be charged by the designated airline or airlines of the other Contracting Party.

Tariffs may remain in effect unless subsequently disapproved under paragraphs 5 or 6 below.

(4) Intervention by the Contracting Parties shall be limited to:

- (a) the protection of consumers from tariffs that are excessive due to the abuse of market power;
- (b) the prevention of tariffs whose application constitutes anti-competitive behaviour which has or is likely to have or is explicitly intended to have the effect of preventing, restricting or distorting competition or excluding a competitor from the route.

(5) Each Contracting Party may unilaterally disallow any tariff filed or charged by one of its own designated airlines. However, such intervention shall be made only if it appears to the aeronautical authority of that Contracting Party that a tariff charged or proposed to be charged meets either of the criteria set out in paragraph 4 above.

(6) Neither Contracting Party shall take unilateral action to prevent the coming into effect or continuation of a tariff charged or proposed to be charged by an airline of the other Contracting Party. If one Contracting Party believes that any such tariff is inconsistent with the considerations set out in paragraph 4 above, it may request consultations and notify the other Contracting Party of the reasons for its dissatisfaction. These consultations shall be held not later than 14 days after receipt of the request. Without a mutual agreement the tariff shall take effect or continue in effect.

ARTICLE 8

Customs Duties

(1) Aircraft operated in international air services by the designated airline or airlines of either Contracting Party shall be relieved from all customs duties, national excise taxes and similar national fees, as shall:

(a) the following items introduced by a designated airline of one Contracting Party into the territory of the other Contracting Party:

- (i) repair, maintenance and servicing equipment and component parts;
- (ii) passenger handling equipment and component parts;
- (iii) cargo-loading equipment and component parts;
- (iv) security equipment including component parts for incorporation into security equipment;
- (v) instructional material and training aids;
- (vi) airline and operators' documents; and

(b) the following items introduced by a designated airline of one Contracting Party into the territory of the other Contracting Party or supplied to a designated airline of one Contracting Party in the territory of the other Contracting Party:

- (i) aircraft stores (including but not limited to such items as food, beverages and tobacco) whether introduced into or taken on board in

- the territory of the other Contracting Party;
- (ii) fuel, lubricants and consumable technical supplies;
 - (iii) spare parts including engines; and
- (c) computer equipment and component parts introduced by a designated airline of one Contracting Party into the territory of the other Contracting Party to assist in one or more of the following matters:
- (i) the repair, maintenance or servicing of aircraft;
 - (ii) the handling of passengers at the airport or on board aircraft;
 - (iii) the loading of cargo onto or the unloading of cargo from aircraft;
 - (iv) the carrying out of security checks on passengers or cargo;

provided in each case that they are for use on board an aircraft or within the limits of an international airport in connection with the establishment or maintenance of an international air service by the designated airline concerned.

(2) The relief from customs duties, national excise taxes and similar national fees shall not extend to charges based on the cost of services provided to the designated airline or airlines of a Contracting Party in the territory of the other Contracting Party.

(3) Equipment and supplies referred to in paragraph (1) of this Article may be required to be kept under the supervision or control of the appropriate authorities.

(4) The reliefs provided for by this Article shall also be available in situations where the designated airline or airlines of one Contracting Party have entered into arrangements with another airline or airlines for the loan or transfer in the territory of the other Contracting Party of the items specified in paragraph (1) of this Article, provided such other airline or airlines similarly enjoy such reliefs from such other Contracting Party.

ARTICLE 9

Aviation Security

(1) The assurance of safety for civil aircraft, their passengers and crew being a fundamental pre-condition for the operation of international air services, the Contracting Parties reaffirm that their obligations to each other to provide for the security of civil aviation against acts of unlawful interference (and in particular their obligations under the Chicago Convention, the Convention on Offences and

Certain Other Acts Committed on Board Aircraft, signed at Tokyo on 14 September 1963¹, the Convention for the Suppression of Unlawful Seizure of Aircraft, signed at The Hague on 16 December 1970², the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, signed at Montreal on 23 September 1971³ [and the Protocol for the Suppression of Unlawful Acts of Violence at Airports Serving International Civil Aviation, signed at Montreal on 24 February 1988⁴] form an integral part of this Agreement.

(2) The Contracting Parties shall provide upon request all necessary assistance to each other to prevent acts of unlawful seizure of civil aircraft and other unlawful acts against the safety of such aircraft, their passengers and crew, airports and air navigation facilities, and any other threat to the security of civil aviation.

(3) The Contracting Parties shall, in their mutual relations, act in conformity with the aviation security Standards and, so far as they are applied by them, the Recommended Practices established by the International Civil Aviation Organisation and designated as Annexes to the Chicago Convention, and shall require that operators of aircraft of their registry, operators who have their principal place of business or permanent residence in their territory, and the operators of airports in their territory, act in conformity with such aviation security provisions. In this paragraph the reference to aviation security Standards includes any difference notified by the Contracting Party concerned. Each Contracting Party shall give advance information to the other of its intention to notify any difference.

(4) Each Contracting Party shall ensure that effective measures are taken within its territory to protect aircraft, to screen passengers and their carry-on items, and to carry out appropriate checks on crew, cargo (including hold baggage) and aircraft stores prior to and during boarding or loading and that those measures are adjusted to meet increases in the threat. Each Contracting Party agrees that their airlines may be required to observe the aviation security provisions referred to in paragraph (3) required by the other Contracting Party, for entrance into, departure from or while within, the territory of that other Contracting Party. Each Contracting Party shall also act favourably upon any request from the other Contracting Party, for reasonable special security measures to meet a particular threat.

(5) When an incident or threat of an incident of unlawful seizure of civil aircraft or other unlawful acts against the safety of such aircraft, their passengers and crew, airports or air navigation facilities occurs, the Contracting Parties shall assist each other by facilitating communications and other appropriate measures intended to terminate as rapidly as possible commensurate with minimum risk to life such incident or threat.

ARTICLE 10

Provision of Statistics

The aeronautical authority of a Contracting Party shall supply to the aeronautical authority of the other Contracting Party at its request such periodic or other statements of statistics as may be reasonably required to determine the amount of traffic carried on the agreed services by the designated airline or airlines of the Contracting Party referred to first in this Article.

ARTICLE 11

Transfer of Earnings

Each designated airline may on demand convert and remit local revenues in excess of sums locally disbursed to the country of its choice. Prompt conversion and remittance shall be permitted without restrictions at the rate of exchange applicable to current transactions which is in effect at the time such revenues are presented for conversion and remittance, and shall not be subject to any charges except those normally made by banks for carrying out such conversion and remittance.

ARTICLE 12

An airline which is:

- (a) in the case of an airline designated by the United Kingdom:
 - (i) it is established in the territory of the United Kingdom under the Treaty establishing the European Community¹ and has received an Operating Licence in accordance with European Community law; and

- b) in the case of an airline designated by the United Republic of Tanzania:

¹ Consolidated versions in Treaty Series No. 52 (1999) Cm 4434 and Treaty Series No. 47 (1988) Cm 455

- (i) it is incorporated in and has its principle place of business in the United Republic of Tanzania and is licensed in accordance with the applicable law of the United Republic of Tanzania; and
- (ii) the United Republic of Tanzania has and maintains effective regulatory control of the airline; and

may:

- (i) in accordance with the laws and regulations relating to entry, residence and employment of the other Contracting Party bring in and maintain in the territory of the other Contracting Party those of their own managerial, technical, operational and other specialist staff which the airline reasonably considers necessary for the provision of air services;
- (ii) use the services and personnel of any other organisation, company or airline operating in the territory of the other Contracting Party;
- (iii) establish offices in the territory of the other Contracting Party;
- (iv) engage in the sale and marketing of air transportation in the territory of the other Contracting Party, either directly or through agents or other intermediaries appointed by the airline. The airline may sell, and any person shall be free to purchase, such transportation in local currency or in any freely convertible other currency.

ARTICLE 13

User Charges

(1) Neither Contracting Party shall impose or permit to be imposed on the designated airline or airlines of the other Contracting Party user charges higher than those imposed on its own airlines operating similar international air services.

(2) Each Contracting Party shall encourage consultation on user charges between their competent charging authorities and airlines using the services, and facilities provided by those charging authorities, where practicable through those airlines' representative organisations. Reasonable notice of any proposals for changes in user charges should be given to such users to enable them to express their views before changes are made. Each Contracting Party shall further encourage its competent charging authorities and such users to exchange appropriate information concerning user charges.

ARTICLE 14

Safety

(1) Each Contracting Party may request consultations at any time concerning safety standards in any area relating to aircrews, aircraft or their operation adopted by the other Contracting Party. Such consultations shall take place within 30 days of that request.

(2) If, following such consultations, one Contracting Party finds that the other Contracting Party does not effectively maintain and administer safety standards in any such area that are at least equal to the minimum standards established at that time pursuant to the Chicago Convention, the first Contracting Party shall notify the other Contracting Party of those findings and the steps considered necessary to conform with those minimum standards, and the other Contracting Party shall take appropriate corrective action. Failure by the other Contracting Party to take appropriate action within 15 days or such longer period as may be agreed, shall be grounds for the application of Article 5(1) of this Agreement (revocation or suspension of operating authorisation).

(3) Notwithstanding the obligations mentioned in Article 33 of the Chicago Convention it is agreed that any aircraft operated by or, under a lease arrangement on behalf of the airline or airlines of one Contracting Party on services to or from the territory of the other Contracting Party may, while within the territory of the other Contracting Party, be made the subject of an examination by the authorised representatives of the other Contracting Party, on board and around the aircraft to check both the validity of the aircraft documents and those of its crew and the apparent condition of the aircraft and its equipment (in this Article called "ramp inspection"), provided this does not lead to unreasonable delay.

(4) If any such ramp inspection or series of ramp inspections gives rise to:

- (a) serious concerns that an aircraft or the operation of an aircraft does not comply with the minimum standards established at that time pursuant to the Chicago Convention; or
- (b) serious concerns that there is a lack of effective maintenance and administration of safety standards established at that time pursuant to the Chicago Convention;

the Contracting Party carrying out the inspection shall, for the purposes of Article 33 of the Chicago Convention, be free to conclude that the requirements under which the certificate or licences in respect of that aircraft or in respect of the crew of that aircraft had been issued or rendered valid or that the requirements under which that aircraft is operated are not equal to or above the minimum standards established pursuant to the Chicago Convention.

(5) In the event that access for the purpose of undertaking a ramp inspection of an aircraft operated by the airline or airlines of one Contracting Party in accordance with paragraph (3) of this Article is denied by a representative of that airline or airlines, the other Contracting Party shall be free to infer that serious concerns of the type referred to in paragraph (4) of this Article arise and draw the conclusions referred in that paragraph.

(6) Each Contracting Party reserves the right to suspend or vary the operating authorisation of an airline or airlines of the other Contracting Party immediately in the event the first Contracting Party concludes, whether as a result of a ramp inspection, a series of ramp inspections, a denial of access for ramp inspection, consultation or otherwise, that immediate action is essential to the safety of an airline operation.

(7) Any action by one Contracting Party in accordance with paragraphs (2) or (6) of this Article shall be discontinued once the basis for the taking of that action ceases to exist.

ARTICLE 15

Consultation

Either Contracting Party may at any time request consultations on the implementation, interpretation, application or amendment of this Agreement or compliance with this Agreement. Such consultations, which may be between aeronautical authorities, shall begin within a period of 60 days from the date the other Contracting Party receives a written request, unless otherwise agreed by the Contracting Parties.

ARTICLE 16

Settlement of Disputes

(1) If any dispute arises between the Contracting Parties relating to the interpretation or application of this Agreement, the Contracting Parties shall in the first place try to settle it by negotiation.

(2) If the Contracting Parties fail to reach a settlement of the dispute by negotiation, it may be referred by them to such person or body as they may agree on or, at the request of either Contracting Party, shall be submitted for decision to a tribunal of three arbitrators which shall be constituted in the following manner:

(a) within 30 days after receipt of a request for arbitration, each Contracting Party shall appoint one arbitrator. A national of a third State, who shall act as President of the tribunal, shall be appointed as the third arbitrator by

agreement between the two arbitrators, within 60 days of the appointment of the second;

- (b) if within the time limits specified above any appointment has not been made, either Contracting Party may request the President of the International Court of Justice to make the necessary appointment within 30 days. If the President has the nationality of one of the Contracting Parties, the Vice-President shall be requested to make the appointment. If the Vice-President has the nationality of one of the Contracting Parties, the Member of the International Court of Justice next in seniority who does not have the nationality of one of the Contracting Parties shall be requested to make the appointment.
- (3) Except as hereinafter provided in this Article or as otherwise agreed by the Contracting Parties, the tribunal shall determine the limits of its jurisdiction and establish its own procedure. At the direction of the tribunal, or at the request of either of the Contracting Parties, a conference to determine the precise issues to be arbitrated and the specific procedures to be followed shall be held not later than 30 days after the tribunal is fully constituted.
- (4) Except as otherwise agreed by the Contracting Parties or prescribed by the tribunal, each Contracting Party shall submit a memorandum within 45 days after the tribunal is fully constituted. Each Contracting Party may submit a reply within 60 days of submission of the other Contracting Party's memorandum. The tribunal shall hold a hearing at the request of either Contracting Party, or at its discretion, within 30 days after replies are due.
- (5) The tribunal shall attempt to give a written decision within 30 days after completion of the hearing or, if no hearing is held, 30 days after the date both replies are submitted. The decision shall be taken by a majority vote.
- (6) The Contracting Parties may submit requests for clarification of the decision within 15 days after it is received and such clarification shall be issued within 15 days of such request.
- (7) The decision of the tribunal shall be binding on the Contracting Parties.
- (8) Each Contracting Party shall bear the costs, of the arbitrator appointed by it. The other costs of the tribunal shall be shared equally by the Contracting Parties including any expenses incurred by the President, Vice-President or Member of the International Court of Justice in implementing the procedures in paragraph (2)(b) of this Article.

ARTICLE 17

Amendment

The Contracting Parties shall agree to any amendments to this Agreement by an Exchange of Notes.

ARTICLE 18

Termination

Either Contracting Party may at any time give notice in writing to the other Contracting Party of its decision to terminate this Agreement. Such notice shall be simultaneously communicated to the International Civil Aviation Organisation. This Agreement shall terminate at midnight (at the place of receipt of the notice) immediately before the first anniversary of the date of receipt of the notice by the other Contracting Party, unless the notice is withdrawn by agreement before the end of this period. In the absence of acknowledgement of receipt by the other Contracting Party, the notice shall be deemed to have been received 14 days after receipt of the notice by the International Civil Aviation Organisation.

ARTICLE 19

Entry into Force

- (1) This Agreement shall enter into force on the date of signature.
- (2) The Agreement between the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of the United Republic of Tanzania for Air Services between and beyond their respective Territories signed in Dar es Salaam on 1 July 1980¹ shall terminate from the date of entry into force of this Agreement
