EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (General Dental Services Contracts) (Wales) Regulations 2006 (“the GDS Contracts Regulations”) and the National Health Service (Personal Dental Services Agreements) (Wales) Regulations 2006 (“the PDS Agreements Regulations”).

Regulations 2 and 3 amend Schedule 2 to the GDS Contracts Regulations and Schedule 2 to the PDS Agreements Regulations, in relation to the allocation of units of dental activity between contractors where a patient is referred for advanced mandatory treatment. The effect is to ensure that the calculation of the units of dental activity that each contractor undertakes, and so for which they are paid, only relates to the dental activity that they actually undertake.

The Welsh Ministers’ Code of Practice on the carrying out of Regulatory Impact Assessments was considered in relation to these Regulations. As a result, it was not considered necessary to carry out a regulatory impact assessment as to the likely costs and benefits of complying with these Regulations.
